

## CONTINUE PREPARATION FOR SUNDAY SCHOOL WORK UNDER HONLINE

Persons who have signed enrollment cards for the Dr. M. A. Honline series of meetings to be held at the First English Lutheran church, April 17, 18, 19 and 20, will be presented with identification cards, reserving seat space, Sunday. The group of Sunday school workers, representing the City Sunday School association, who spoke in local churches last Sunday, will appear in other churches tomorrow.

For each enrollment card signed, an identification card will be left in its place. The purpose of the cards to be given Sunday is to guarantee seat space for local Sunday school members who wish to be present at the religious educational lectures to be given. Enrollment cards to be collected Sunday will give the Sunday school association an idea of the number of people planning to attend the meetings.

Window cards will be left with Sunday schools visited Sunday announcing the coming lectures. They will be placed on church bulletin boards and other available conspicuous places.

Dr. Honline is to give his first lecture on religious education, Sunday afternoon, April 17, at 3:45 o'clock. He will appear each afternoon on the three succeeding days at the same hour and each night at 7:45 o'clock. Besides these regular mass meetings at the First English Lutheran church, he will address other bodies during the week. Speakers and the churches in which they will appear Sunday, urging the large attendance of members and leaving identification cards, follow:

Ed Hasemeier, First Baptist; J. W. Ferguson, Reid Memorial; Clarence Kramer, First Presbyterian; Robert Weichman, First Christian; John H. Johnson, First English Lutheran; Julian L. Smith, First Methodist; Arthur L. Smith, Whitewater Friends and North Fourteenth Street Mission; Everett Knollenberg, St. Paul's Lutheran; Bradford Harrison, South English Street Friends; Oliver Neubaum, Grace M. E.; M. W. Rowe, Third M. E.; Elmer Towle, Second Presbyterian; Marvin H. Pickett, Second English Lutheran; A. C. Gandy, St. Paul's Episcopal; Filmore Riggs, West Richmond Friends; and Harrison Scott, United Brethren.

## Police Undo Tangle Over Wizard's Rabbits

Prest-O! The rabbits appear! Prest-A! The rabbits disappear! The "Prest-O" was brought on by a monetary inducement by Richards the Wizard, who is showing at a local theater, performing slight-of-hand tricks and mind reading, for rabbits to be brought to him at the theater to be used in his tricks.

Prest-A came as a result of police activity when they arrested two youngsters who had stolen nine rabbits and turned them over to the wizard to be used in his trick.

The boys have promised to return the rabbits to the owner, and the money to the wizard.

## REVIEW OF PICTURES PAINTED BY WIGGINS SHOWS FINE TRAITS

Accorded the place of most distinguished exhibit of the season by those who have seen it, the one-man exhibit of 17 paintings by Guy Wiggins, of New York City, which opens in the Public Art gallery Sunday afternoon at 2 o'clock bids fair to be one of the most popular showings of the season because of the type of picture shown by the artist, which differs much from the other collections which have been up this year.

A reserve that by its suggestion stimulates the imagination seems to be characteristic of his work. Though he employs high notes of color and effects, remarkable gradations of light and shade in a range that is never deep or very high there is no drabness or monotony in his paintings. They show considerable contrast to many of the pictures which have been seen in the gallery this season in that they are very soft and delicate in treatment.

"Hills in March" is one of the most representative and most beautiful pictures in the collection, showing through a pattern of branches two plains beyond some rocks in the foreground which strike the deepest note in the picture. Similar to this picture in color is "Wildwood Springtime." It has a suggestion of the overgrowing haze of the delicate pink which appears in early spring, just before buds burst into bloom.

"Broadway" is typical. A snow scene on "Broadway" typifies the early methods and paintings which first brought Mr. Wiggins to the front as a painter. The treatment is very unusual in the painting of this scene and in this, as in others, he has used a dry mixture, almost chalky in appearance. None of the pictures has been varnished, which gives them an extraordinary softness.

In the "Silver Trail," another snow scene, the absence of shadows are especially noticeable. Most of the pictures are done in subdued lights and contain little if any shadow.

The trend of his work has taken recently is exhibited by the picture, "Little Village," a study of sunlight and shadow about a small village stretch along a long road against the base of a mountain. This picture is a study of things the artist has been doing in spring and summer pictures lately. Heretofore he has painted snow and winter scenes almost exclusively.

New England Atmosphere.

New England atmosphere is brought out in a subtle way in the large canvas, "Fullness of Summer," which is probably painted near his home in the artists' colony at Lyme, Conn.

"Springtime," by Carleton Wiggins, father of Guy Wiggins, and his first teacher as well, has been loaned by Warner school for the exhibition. A summer scene with a group of sheep in the foreground are depicted in this canvas by an artist noted as a painter of animals. This is the picture which was presented to the school by Daniel G. Reid in memory of his boy who was attending Warner school when he died.

The west gallery has been hung with a large exhibit of some of the most famous cartoons in color by Lois Raemaekers. A collection of these copies are owned by the gallery but have been seen by few persons.

The gallery will be open Sunday afternoon from 2 until 6 o'clock, and every evening from 7:30 until 10 o'clock. At 3 o'clock there will be a directors' meeting. Directors and members of the Art association are asked to attend.

## CATHOLIC NUNS MAY TEACH IN INDIANA

(By Associated Press)

INDIANAPOLIS, April 9.—No legal reasons exist to prevent Catholic nuns from teaching in public schools, Attorney-General Lesh decided today in an opinion which reversed the ruling two years ago by Ele Stansbury, then attorney-general. The ruling, it was understood, will affect several communities in Indiana.

In his opinion which was given to the state board of accounts the attorney-general declared that "in the absence of any rule or regulation prescribed by statute or by some appropriate school officer then authorized by the statute," he did not believe the state could recover money paid by school officials for nuns acting as public school teachers.

## Bible Story in Pictures at Grace Church, Sunday

A Bible story in pictures will be presented at Grace M. E. church at the Sunday school hour Sunday morning. Special music by Mrs. Leland Fishback will follow.

Interesting reports are to be made concerning the church, and despite the absence of the pastor, the Rev. A. H. Backus, and several members of the congregation who are attending the Methodist conference in Elwood, a large school is expected.

The average Sunday school attendance for March was 540. Efforts are being made to raise this average for April.

## SALEM PHYSICIAN HEADS THIRD DISTRICT MEDICOS

NEW ALBANY, Ind., April 9.—Dr. J. L. Mitchell of Salem was elected president of the Third District Medical Society at a district meeting held here, Sunday, April 4.

Dr. Claude Paynter of Salem, secretary, and Dr. W. J. Leach of this city, councilor. The next meeting will be held at Salem in October.

## ABANDONS RIVER TRIP. CINCINNATI, O., April 9.—An announcement was made today that the steamer Queen City, which returned from her second round trip to New Orleans last night, would be withdrawn from that service until there was sufficient business in sight. The steamer will make tri-weekly trips to Louisville.

## MANY NOVEL FEATURES ARE PLANNED FOR BOYS' DEPARTMENT OF LOCAL Y. M. C. A.

Work in the boy's department of the Y. M. C. A. is rapidly being completed and the department will open next week according to an announcement made by Boy's Work Secretary Perry Wilson. The boys' department has been closed for a period of time because the local Y was without the services of a boy's secretary.

The boy's department will be opened every night next week after school until six o'clock, when the department is to be closed. On Saturdays the department will open at eight o'clock and will be closed at ten o'clock. Boys of the Y are to have a good time according to the plans Mr. Wilson has for them.

Mr. Wilson took up his new duties here April 1 and has outlined many things for the boys of the Y and the city for the coming summer months. One of the big features Mr. Wilson plans that has never been worked before is the organizing of a boys' garden club.

This club is for members of the Y only, and the boys must range from the ages of 12 to 15 years. It is possible that boys who are members of the Y can become members of this club and by applying to Mr. Wilson can learn how this can be done.

Ground Already Prepared.

The boys will not have to get the ground ready for the planting as this will be done by experienced men. After the ground has been put in shape the boys will do the planting and raising. They will not be allowed to grow anything they wish but will be told what to grow. The boys will be under an able supervisor, as Mr. Wilson is a graduate of a market garden school.

Each boy will be given a plot of ground 20 by 30 feet and it is planned to have 50 boys in the club unless there is a larger demand for membership. The boys will be divided into groups of 25. The lots will be located east and west of the city and if more than 50 boys apply to membership a third garden will be made in Fairview. This plan in other cities has proven very profitable as it keeps the boys busy during the summer months and if the boy possesses exceptional ability he can make quite a little sum of money on his garden. It depends largely upon the ability of the boy just how much he will be able to make.

Boys Are Interested.

Much interest in this movement is being shown by the boys as nine boys have signed up to take a garden and very little has been said to the boys about this movement. If the boys wish to get into this club it is advised that they apply early as it is expected to fill up its quota in a short time.

Prizes will be awarded to the boys growing the best vegetables and having the best garden. The prizes will probably be awarded in gold such as first prize a \$10 gold piece and so on down to the last prize a gold watch. Different business men in the city. At the close of the gardening season a trip will be taken to a place where gardening in this manner is carried on on a larger scale, such as the National Cash Register company of Dayton.

A bicycle club has been formed and seven boys have signed up for the club. The club will take a trip once every week and about once a month races will be held. Prizes will be given to all members who at the end of the season have an average of 75 per cent in attendance for the weekly trips.

Lawn Mowing Next.

A club which will be beneficial both to the boys and the citizens of the city is rapidly getting under way and will be known as the Lawn Mowing club. Citizens who want their lawns mowed can apply to Mr. Wilson and he will supply them with a boy to cut their lawn. To assure the lawn has been mowed right, the lawn will be inspected before the boy is permitted to leave the job.

Boys who desire to hike will have the privilege of joining a hike club. These clubs will be divided into groups of 12 boys and will be divided into four groups according to ages. Hikes will be held every week and the boys, on returning from the hikes, will write out a description of the country they traveled over. The boys giving the best descriptions will be awarded prizes.

Organizations Later.

Most of the above clubs will be for the Junior boys and organizations for the older boys will be organized later. Their principal clubs will be tennis and baseball clubs. Tennis tournaments will be held every so often, and it is planned to organize a baseball league.

Mr. Wilson announces that next month a Junior track meet for the Sunday schools of the city will be held. Mr. Wilson is making plans for the meet at present, and it should turn out to be a success.

A committee of judges will be announced later, stated Mr. Wilson, and be picked from citizens of the city.

Mr. Wilson stated that his work here is not going to be strictly for boys of the Y, but that he will stage events for all the boys of the city.

## BIRDS RETURN AFTER MIGRATION, PROVEN

(By Associated Press)

URBANA, Ill., April 9.—Though many birds from this section migrate as far south as Central and South America, it has been found by actual test that many of them return to the same localities and sometimes even to the same nest.

Results of inquiry in the Middle West and South covering a number of years are reported by Frank Smith, professor of zoology at the University of Illinois, in the annual Illinois Arbor Day and Bird Book.

Facts were obtained by trapping birds, placing small leg bands on them, and letting them go. Here are some of the things Professor Smith recorded:

A catbird banded near Cleveland, O., in 1914 was retaken in the same locality the following year. The catbirds banded in 1916 were retaken in 1917, and one of them was again taken in 1919. Catbirds winter as far south as Panama.

A chimney swift banded in 1916 was retaken in the same chimney the following year. Chimney swifts winter wholly south of the United States.

A tiny house wren banded in 1915 was retaken in 1916 and found to be using the same nest box that it had occupied the preceding year, in rearing its second brood of that summer. House wrens winter in the south Atlantic and Gulf states.

Tests at Thomasville, Ga., with birds banded as "winter residents" because they fly into the northern states and into Canada during the summer months showed these results:

Eight chipping sparrows banded in 1916 were all retaken in 1917. Three chipping sparrows were retaken in 1917 that had been banded in 1915. Several myrtle warblers and white-throated sparrows banded in 1916 were retaken the following year.

## DEPENDENT KANSAS MOTHERS PENSIONED

(By Associated Press)

TOPEKA, Kan., April 9.—The mothers' pension law is now operative in every county in the state of Kansas, as a result of the action of the 1921 legislature in making its adoption compulsory by the various boards of county commissioners, instead of optional. The legislature also increased the maximum monthly payment to mothers with children, from \$25 to \$50, and this sum may be increased by the board "in case of sickness or unusual conditions."

"The old law failed to accomplish its purpose because of the failure of county boards to enforce it," says a report of the child hygiene bureau of the state health department, which sponsored the changes in the law. "In a unit of eighteen counties in which a survey was conducted, a total of but forty-nine mothers received mothers' pensions during the survey year, while upwards of a thousand were known to have been left with dependent children and without adequate income."

## RICHMOND BUILDING ACTIVITIES INCREASE CITY REPORTS SHOW

Building activities in Richmond showed a gain of 180 per cent in March 1921 over the same month in 1920, according to statistics just given out for the past month. Records show that this city ranked among the four highest in the state.

During the past month 47 permits were issued, the estimated cost of work being \$56,790. In 1920 only 15 permits were issued, at an estimated cost of \$20,466. This shows a gain of 180 per cent for the month over last year.

March building statistics over the country show a material gain over February and attest that the spurt in activities during the second month of this year was not abortive, local building people state. Underlying conditions such as material prices and labor conditions, seem to be righting themselves to a firmness sufficient to support further increase in activities during the succeeding months, it is pointed out.

Increase is Shown.

Records compiled by contractors from activities in 156 cities for February and March show March increase in 130 of these cities. This is a much better percentage of increase than is shown by comparing only the larger cities, and indicates that the present start toward what may eventually become a building boom has its firm foundation in the smaller municipalities. Twenty-three cities go over the million dollar mark in valuation of permits as against sixteen in February and twelve in January.

Richmond was topped by Hammond which had a percentage increase of 419 per cent, and Terre Haute, which showed 254 per cent. Indianapolis was lower than Richmond with 177 per cent.

## LEGION WOULD HAVE FOCH VISIT AMERICA

Members of the local Harry Ray post of the American Legion are interested in the efforts of the national executive committee of that organization to bring Marshal Foch to this United States during the coming summer on a steamer to be furnished by this country.

The distinguished guest would be brought here, according to the plans, as a mark of appreciation by the legions of this country, of his services and beneficent personality.

Great pressure has been brought to bear to affect his trip here. Members of the local post could not tell Saturday what action would be taken here in joining with the national organization in an effort to complete arrangements. It was stated Friday that Marshal Foch had not been advised of the legion's invitation. He had intended to visit America soon, but his plans were arranged by attendance at the allied supreme council. During other attempts to take a holiday the famous general has been recalled to Paris many times by matters of state.

## "The Old Swimm' Hole" to be Shown in Pictures

James Whitcomb Riley's well-known poem, "The Old Swimm' Hole," has been filmed and will be shown at the Murrette theater the first four days of the week of April 24.

One of Richmond's civic organizations probably will undertake the work of popularizing the film in this city. Charles Ray, well known for his particular ability in portraying country roles is the star of the picture.

A private showing of the film was given at the Murrette theater Saturday morning. Dr. D. M. Edwards of Earlham college, Ed N. Wilson, representing the Rotary club, and many other prominent local men and women witnessed the presentation.

One feature of the film is that it is the first picture ever photographed and exhibited without subtitles.

## BUILDERS TO URGE MORE CONSTRUCTION

Master builders of the city will meet in the Chamber Council rooms in the city building Wednesday night, April 13. All labor organizations involved in the contracting business are invited to attend this meeting. Plans for building during the coming season will be discussed and an effort will be made to have more building done.

Wilfred Jessup will be the principal speaker. He has been chosen for this occasion because of his experience in solution of like problems while associated with the Industrial Relations Group of United States Shipping Board Emergency Fleet corporations.

## COUNTY CHURCH MEN MEET HERE APRIL 24

April 24 has been set aside as rally day for the home department of the city Bible schools when representatives from all over Wayne county will meet at the First Presbyterian church. Speakers from the county and city will appear on the program. Mrs. H. S. James and E. Harrison Scott have been announced as the speakers representing the city on the program. County speakers will be announced later. In addition a musical program will be given. The rally is to be informal and it is expected that short names will not appear on the program. The rally opens at 2:15 o'clock promptly.

## Police Find Drug Cache Containing Smuggled Stuff

(By Associated Press)

NEW YORK, April 9.—Drugs valued at more than \$100,000, in half pound packages, said to be from Germany, markings, were seized early today in a Mott street apartment. David Botti, importer and occupant of the apartment was arrested. Police said the drug cache evidently was part of a \$50,000 shipment which had been smuggled into the country. In a Brooklyn raid several weeks ago drugs bearing similar marks were taken.

## GONZALEZ ADMITS HE KNOWS PLANS OF MEXICAN OVERTHROW

(By Associated Press)

LAREDO, Texas, April 9.—General Pablo Gonzalez told the Associated Press today what he knows of the plan "de re-construction Nacional in Mexico" which formed the basis for a movement to overthrow the present government.

"I received a copy of the plan recently from 'somewhere in Mexico,'" General Gonzalez said, "but I had nothing to do, directly or indirectly with its composition. I understood from the plan that a delegation of three men would approach me, offering me the leadership of the reconstruction movement and asking my acceptance and oath but so far the committee has not made its appearance and my decision regarding the matter is not ripe for announcement."

Landa Purpose.

"I consider as very laudable the purpose of those Mexicans who seek at their highest aim the salvation of their country, menaced as it is by the bad management and inconceivable turbulence of those men who have seized the reins of the administration and I do not find unfortunately, that there is any exaggeration in their concepts but that they are hardly reflexes of the reality."
