

GREENVILLE HOSPITAL CONSTRUCTION STARTS; PLANS ARE APPROVED

GREENVILLE, April 29. — After numerous delays, extending over several months, the plans for the local hospital have been approved by the state commission, and it is said that work will be commenced at once upon the remodeling of the old Martz home on Switzer street. The delay has been very disappointing to the hospital committee, but the state commission is very strict about such matters, and it was necessary to submit the plans a number of times before approval was given, and state requirements complied with. In view of the fact that the building will cost more than was at first estimated, those pledging sums will have to meet their obligations promptly as they fall due, and several districts which were not canvassed in the campaign for funds, will be visited by committees, according to announcement made yesterday.

Want Wayne Memorial.
Patriotic organizations in this section are almost unanimous in their pledge to help Greenville get a suitable memorial for General Mad Anthony Wayne, and his soldiers. A federal appropriation will be asked for in this connection, and it is thought that it will be granted. One of the latest organizations to enlist in the effort to secure a suitable memorial to be located on the site of what was once Fort Greenville is the Ohio Sons of the American Revolution.

To Try Minister Again.
After deliberating from Wednesday noon till Thursday noon, the jury which heard the case of the State of Ohio ex rel Mary Sellers vs. Rev. John Wade, announced that they were unable to agree upon a verdict and were dismissed by Judge Teegarden. Rev. Wade, the defendant, was held on a preliminary charge filed by Mary Sellers, and it is said that attorneys for the plaintiff will have the case tried again at the May term of court.

May Get German Gun.
Word has been received by Mayor John Wright from Congressman Cable of this district, that he has introduced a bill in the house of representatives at Washington that Greenville be provided with a German cannon or field piece, captured by the American Expeditionary forces in France. According to the bill, a copy of which was included in Congressman Cable's message, the German gun is to be used for ornamental purposes, and the congressman states that he is musing the matter to the best of his ability.

Adultery Charge Filed.
Hal Floyd and Ruth Fischer, who were arrested and fined \$25 each recently on a charge of adultery, were late Wednesday night arrested and confined to the city jail, charged with the same offense. The pair was arrested at a place known as "Last Chance" on East Main street, which the woman claimed as her residence, the man being a boarder. At a hearing before Mayor Wright yesterday afternoon Floyd and the Fischer woman were bound over to await the action of the coming grand jury in the sum of \$300 each, and being unable to furnish bond, were confined to the county jail.

Mark Parking Limit.
On accordance with an ordinance recently passed by the city council,

Near East Relief and China Famine Fund

To save the remnant of the Armenian race, especially the orphans, and to help the starving millions of China, I agree to give each month for a year, the amount indicated by my check mark (X) below.

My contribution to be applied as follows:

.....\$15 per Month	Near East Relief
.....10 per Month	China Famine Fund
.....5 per Month	Name
.....3 per Month	Address
.....2 per Month	Date
.....per Month	

Make checks payable to Charles Jordan, Local Treasurer.

Note—On account of the present emergency, it is requested that as large a part of the subscription as possible be paid in cash and that payments on subscriptions to the China Famine Fund be completed before July 1.

and which is now a law, local officials yesterday marked off zones on principal streets where parking of vehicles is prohibited. The ordinance provides that parking shall be prohibited on the south side of East and West Third street, East and West Fourth street, and East and West Fifth street, within thirty feet of their intersection with Broadway. Parking near fire hydrants is also prohibited by the ordinance, which will be rigidly enforced by Greenville police.

County Churches

Thirty counties of Missouri have women at the head of their public school system.

JAP PAPER FAVORS DISARMAMENT IDEA ADVANCED BY HARDING

(By Associated Press)

TOKIO, March 29.—President Harding's idea of approximate disarmament is "quite within the realm of possibility," said the Jiji Shimpo, a leading conservative newspaper, in a new editorial discussion of the president's inaugural.

The newspaper continued: "There is something in the inauguration address that makes us reasonably expect the call of an international convention by the new Washington administration with a view to promoting the cause of armament restriction."

"The growing popularity marking the proposed Triple Agreement on armament limitation in America tends sincerely and enthusiastically to the above proposal by the American authorities, and this, coupled with the universal sympathy with which the proposition in question is received, places the proposed scheme quite within the realm of possibility."

Must Restrict Armament.
"Japan, which has hitherto made so much of her defense scheme, must now be prepared for the execution of a most rigorous armament restriction, which is no longer an empty theory of idealists but has already assumed practical significance and importance." The Jiji goes on to express regret that so much indifference towards the project has been shown by the Japanese association of the league of nations which was recently organized in this country. It remarks: "Notwithstanding the necessity and importance of the proposed cause, the association has hitherto done practically nothing to aid it."

Suburban

JACKSONBURG, Ind.—Lloyd Hayward, who spent a few days here with friends, has returned to his home at Logansport. Preaching services Sunday afternoon, May 1. Harrison Township commencement will be held Saturday evening, May 7. The graduates are: Wayne Brooks, Russell Sechrist, Robert Endeley, Esther Whitley, and Virginia Gilmore. WHY THEY PARTED

"I was down with pain in my right side which at times almost crazed me. Most all of the doctors said operation. But what I want to tell you is the pain disappeared with the first dose of your medicine and I never see any since. May's Wonderful Remedy has the right name—gas, sour stomach and dyspepsia have left, too." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. This is the only 7 Drug Stores, A. G. Luken and Co. and druggists everywhere. —Advertisement.
