

MERCHANTS, BANKERS MAY INSTALL BURGLAR ALARM SYSTEM HERE

Bankers and prominent business men are seeking burglar alarm protection for their establishments. This fact was learned Thursday when William M. Bailey, general manager of the Home Telephone company, told the board of works of appeals made to his company by local concerns asking that the alarm system be installed by the telephone company.

Mr. Bailey explained that the alarm system, should it be installed, would provide both daylight and night protection. A dial placed at police headquarters would indicate the exact time and place from which the signal originated. The opening of a window, or any tampering with the charged wires of the system would send in an alarm immediately, he said. It would be impossible to cut or disconnect wires without sending in a call.

The board approved of the installing of such an arrangement. It will be necessary, however, for the matter to be presented to the police commissioners. Providing the police agree to the service, and the telephone company enters into an agreement with a sufficient number of local firms, the system will be realized. Business houses benefited by the system would pay for the protection.

To Suspend Traffic
Suspension of traffic on North A street between Sixth and Eleventh streets, between the hours of eight and nine o'clock on the morning of Wednesday, June 15, was approved by the board as a service to the all school day parade program. It is on North A street between the two named streets that the school children will form in parade. They will march to Tenth street about 8:30 o'clock, and from that point go south to Main street and then east to Glen Miller park. Superintendent J. H. Bentley, of the Richmond public schools, made the request of the board.

One bid for an automobile chassis for the city engineer's department was received from the local Ford agency. Their bid of \$521.16 was taken under advisement.

Improving of the alley first south of the National road, and between South West Second and South West Third streets, was confirmed when it was learned that three resident property owners favored the resolution and three remonstrated. It was the board's opinion that such improvements should not be postponed.

A bid of \$130 for the painting and varnishing portions of the post house, made by Charles Bell, was accepted.

Complaint was made about the condition of South West A street caused by the heavy truck traffic on the street. An effort is to be made to stop the continuous wear by ordering a different route for the trucks.

CECIL BURKETT HOLDS TO FIRST TESTIMONY

(By Associated Press)

KNOX, Ind., June 2.—Alfred Burkett, 9 years old, was admitted to the witness stand at today's session of the Stark county circuit court to testify in the defense of his brother, Cecil, aged 11, on trial for the murder of a 7 year old playmate, Bennie Slavin, at Ora, Ind., Thanksgiving day.

Judge W. C. Pentacost, in permitting Alfred to tell his story, overruled the state's protest that Alfred is in the same grade at school as Elsie Slavin, Bennie's six year old sister, whom the judge excluded from the stand yesterday because of her youth.

Alfred testified that he was digging a morning glory bed while Cecil was carrying hay and straw from the martin house in the Burkett back yard in Ora. He said that Freddie Sherman, who testified yesterday was throwing the litter out of the martin house, near which the little rifle, which killed Bennie, had been propped against a pole.

Alfred confirmed Cecil's story told on the stand yesterday. Cecil, during an hour of questioning, refused to change his assertion that the shooting must have been accidental as he did not pull the trigger and was not near enough to the gun to cause it to explode. The case probably will go to the jury this afternoon.

For the purpose of making tests the bureau of standards has several weights of 10,000 pounds each.

STATE LABOR HEADS ADDRESS UNION MEN IN LOCAL MEETING

Practically every union man in the city was represented in the meeting of the Central Labor council Wednesday night in the rooms of the I. O. O. F. Hall. The council, for one minute, stood with bowed heads out of respect for R. J. Wismore, former secretary of the council, who recently died. A committee was formed by Cornell Hewson as chairman, Clarence Pickett and Lucius Harrison, to draw up a resolution to be placed on the minutes.

A letter was read from Herbert Hoover concerning the invitation sent him from the local council to speak here on August 15. It stated that he could not accept the invitation as he felt that his new duties needed him very badly and he did not think he could get them in shape to be present. If things straighten out by that time he said he would be glad to accept.

Urges Continued Unity.
Adolph Fritz, secretary of the Indiana State Federation of Labor and W. F. Wilson, president of the Indiana State Council of Carpenters, were present at the meeting and were called upon to talk. Mr. Fritz cited many instances where the employer was trying to break up unions and urged that every union get together and stick together to preserve the unions. Mr. Wilson talked along the line of what the unions can do if they remain united.

Nominations for the officers for the coming year were received. They will be decided by the Labor Art gallery, the next meeting. A Labor Bulletin will be published after every meeting to be distributed to the various unions so as to keep them in touch on what is going on at the meeting.

OCTAGONAL BUILDING URGED FOR PAVILION HOUSING STOCK SHOW

Plans for a stock show and sales pavilion for Wayne county were discussed Thursday afternoon at a conference between representatives of the Chamber of Commerce and the building committee of the Wayne county breeders' association. The conference was held in the Chamber of Commerce rooms, and was to be followed by an automobile tour of the available sites, which are located between Richmond and Centerville.

The plans of the pavilion which are favored by the committee and probably will be recommended, call for an octagonal building, at least 100 feet in diameter, with a ring of about 40 feet in diameter. Additions in the form of wings will be built to provide for the stock, a separate wing each for the horses, hogs, cattle and sheep. Accommodations are planned for 75 to 100 horses, 100 cattle, 100 hogs, and 50 sheep. The plans are elastic, and will permit of further additions in case they are found inadequate.

May Use Tents.
No more than stock accommodations are planned for erection this year, and in case machinery and automobile exhibits are shown in connection with the stock show this year, they will have to be shown under canvas. Later it is hoped to erect other buildings.

The Wayne county breeders' association incorporated for \$25,000 at the last meeting for the purpose of erecting this pavilion and promoting an annual Wayne county stock show, and options have been taken on several sites.

School Master's Club Plans Picnic Thursday Evening

Probably 30 members of the School Masters club were to leave the city in automobiles for a picnic and stag party to be enjoyed several miles from Centerville Thursday evening.

Detailed plans of the evening's entertainment were closely guarded. Only the fact that a pie eating contest and vocal numbers by those not accustomed to singing in public, were to be among the program's star numbers, leaked out.
