

EATON PHONE USERS ALLEGED OVERCHARGE ON INSTALLATIONS

EATON, O., June 4.—Refund of alleged over-charges made by the Eaton Telephone company for installation of telephones, after October 1, 1919, will be sought by members of an organization of former patrons of the company, according to a statement made in a meeting of the organization Thursday night.

President Jesse Sherer of the organization, in addressing the meeting, stated that the matter had been taken up with Mr. Eskew, new manager of the telephone company, and he had asked for presentation of receipts where over-charges were claimed. Manager Eskew promised to take action in the matter, according to Mr. Sherer.

Consider Other Matters.
In addition to the telephone situation, other matters affecting the farmers were discussed, among them establishment of a farmer-owned creamery, grocery or general store.

Speakers in the meeting charged that Eaton residents, with some exceptions, were in sympathy with the telephone company and that certain merchants who had taken out their telephones were being practically boycotted.

President Sherer requested that those holding receipts for alleged over-charges made by the telephone company bring them in to the next meeting, which, he said, would be held at an early date. He stated he had one such receipt himself.

Cokefair is Optimistic.
President C. B. Cokefair of the telephone company, stated Friday that the company was overhauling and repairing its rural lines, even those on which no service was being furnished. He had no comment to make upon the situation, other than to say that he had grounds for belief that many would take back their telephones if they were not controlled by the organization of former patrons. He added that the company would proceed with line and other repairs and continue operations regardless of activities of the organization.

Ulrich Wins Suit.
Verdict for \$600 was awarded George Ulrich against Charles Emrick by a common pleas court jury, the case, an appealed one, having been pending three years. A jury in a magistrate's court awarded Ulrich a verdict for \$600 and Emrick took appeal. Ulrich alleged a corn shredder he owned was burned and destroyed by Emrick and he brought suit for damages.

Brumbaugh Heads Alumni.
V. V. Brumbaugh was elected president of the Alumni association of the Eaton high school at the association's annual reunion and banquet Thursday night. Miss Mary Tingle was elected vice president; Miss Claudine Lock, secretary, and Nelson Overholser, treasurer.

Ten Licenses Issued.
Ten marriage licenses were issued in the month of May in the office of Probate Judge Byron Landis, as compared with four licenses during the corresponding month last year. Thus far in June two licenses have been issued.

Miss Mary Madeline Bohn, 19, of Lewisburg, daughter of Samuel Bohn, and A. L. Shellenbarger, 21, farmer, Wabash, Ind., procured a marriage license here. It was expected the Rev. G. T. Dittmar, of Lewisburg, would perform the marriage ceremony.

S. G. Develiss, 21, farmer, Arcanum, O., and Miss Eva Marie Penny, 17, West Manchester, daughter of Charles Penny, also procured a marriage license here. It was expected the Rev. Albert Glessner, of Greenville, would perform the marriage ceremony.

ACCUSED OF KIDNAPPING.
NEW YORK, June 4.—Five men were arrested Friday in connection with the kidnapping last week, of Giuseppe Verotta, five-year-old son of Salvatore Verotta. Police say that they had obtained confessions that the prisoners had sought to collect ransom money from the father, but the boy had not been found. The five men were held in \$25,000 bail each for examination June 6.

The Studebaker Corporation of America

Eight months ago, when the costs of material and labor appeared to have reached their peak, we made substantial reductions in the prices of Studebaker cars. These reductions were in anticipation of our ability, after the turn of the year, to purchase materials and to fabricate them at lower costs.

The expected savings have been realized. With them, other savings have been made, as a result of the greatly increased volume which Studebaker has this year enjoyed. During the first five months of 1921 our volume of business has exceeded that of any other automobile manufacturer except Ford.

The Studebaker plants are running at capacity with unfilled orders on hand for over 7,000 cars. In this quarter we shall place 21,000 automobiles against 11,000 in the corresponding period of last year. This is an increase of approximately 100%. No other automobile manufacturer is making a comparable showing.

We believe that the confidence of the buying public, which has made and is making this record possible, will continue, because it is supported by the quality and value of our products, and these we shall uphold.

CLUSTER DIAMOND SOLITAIRES

With the rapid increase in the price of good diamonds the "Cluster Solitaire" has become exceedingly popular. Showy, brilliant—made up of small diamonds of good color—these rings represent the utmost in value at a moderate price.

We have an excellent assortment of cluster diamonds, mounted in both rings and pins, that are so perfect they can hardly be told from the single stone. Do not form an opinion until you have seen ours—there's a great difference in the way they are made.
