## 'COLD FEET' BOTHER ALLEGED DUBLIN BULLY

"Cold feet" seemed to attack Harry B. Demaree, of Dublin, when it came time for his trial on a charge of carrying concealed weapons, which was scheduled to start in Wayne circuit court before a jury at 10 o'clock Tuesday morning.

Judge Bond was on the bench and the jury had been called in to take its place. Prosecutor Beckett and Attorney Henry U. Johnson, who were conducting the case for the state, were beginning to grow impatient. Attorneys Sively and Feemster, who were appearing for Demaree, came into the court room late and informed the court their client was on his way to the room.

The court waited. Dublin citizens, subpoenaed as witnesses, also waited. Finally the judge sent Sheriff Wadman to find Demaree, and he was followed closely by Attorneys Feemster and Johnson. Search through the building failed to reveal the whereabouts of the defendant. Finally Mr. Feemster located Mr. Demaree in company with his brother about two squares from the court house. He agreed to return to the court room.

When Demaree was finally brought into the court room he pleaded guilty to the charge of carrying concealed weapons, and was fined \$25 and costs by Judge Bond.

Many residents of Dublin were in the court room ready to testify as to the pugnacious character of Demaree. They stated he had virtually the whole town terrified by his actions.

## Corn Enders the old sort—and the new

Corns used to be treated by fakers. But science has found a better way to treat corns. And millions have adopted it. The modern way is Blue-jay—liquid or plaster. A famous chemist perfected it. This great surgical dressing house prepares it. Blue-jay is applied by a touch. The corn pain ends instantly. Then the corn is gently loosened. In a little while it comes out. It is folly to pare corns or to treat them in unscientific ways. This new way is ending some 20 million corns a year. It will end yours any time you let it. Prove this tonight.

## Healthful Kidneys—a Summer Comfort

Tuesday Health Talk No. 18  
By G. C. Wilcoxon, D. C.  
Sufferers from any form of kidney trouble endure more misery in the heated season of the year than at any other time. When the kidneys are acting properly, the perspiration is normal and Nature keeps the body at an even heat regardless of weather.

Healthy action of the kidneys depends upon a constant free supply of nervous impulses. The cause of kidney disease is disturbance of the alignment of spinal joints, causing pressure at "kidney place" upon spinal nerves to the kidneys. Usually kidney sufferers are conscious of pain or tenderness at this point. Chiropractic spinal adjustments restore the alignment and remove the cause of the disease.

## Had Bright's Disease and Was Given Up

"I was advised that I had Bright's disease of the kidneys and was under the care of two physicians who said that I would die. On January 14 I began taking chiropractic spinal adjustments. Under continuous adjustments in April I was well. The dizziness, the pain in my head, the swelling over my body, and the constant pain over my kidneys are gone. I cannot say too much in praise for chiropractic."—G. W. Maness, Chiropractic Research Bureau, Statement No. 12651.
