

## Sunday Schools Will Present Children's Programs Sunday

Observances To Give Opportunity for Songs and Exercises of Pupils in Primary and Junior Departments—  
Special Collections for Mission Work

Sunday is "Children's Day" in many Sunday schools of the city.

True to custom, the programs arranged present ample opportunity for the songs and exercises of the children in the primary and junior departments, especially.

Several Sunday schools presented programs appropriate to the occasion last Sunday. One or two other Sunday schools will not offer the usual features of the day until a week or two. It seems, however, that the second Sunday in June is the day most generally observed according to reports, to take up special collections for mission work of the respective denominations. Often the totals are very large.
