

## STORM AND PHILLIES CONCENTRATE ATTACK AND REDS SUCCUMB

CINCINNATI, O., June 20.—The weather man and the Phillies concentrated their attack on the Reds in the last game of the Eastern series, at Redland field Sunday afternoon and the combination proved too much for the Redlegs. The Phillies scored four runs in the fifth after the rain storm had stopped. The final score was 5 to 2.

Luque, who was doing the hurling for the Reds, worked in fine style in the first part of the game before the storm broke, which delayed the game 45 minutes. After the storm he lost his effectiveness and consequently the game. The score before the storm broke was 1 to 0 and the Reds made a big effort to get 4½ innings played.

After the delay Lee lead off with a single but was forced at second by Bruggy. Baumgartner singled to left. Rawlings popped a fly to Bohne for the second out. The side would have doubtless been retired on Jake Miller's sharp ground out second, had the playing series been a normal condition, but Bohne slipped going after the ball and failed to handle it properly. This filled the bases and hard singles by Meusel and Wrightstone put over four runs.

## DEMPSEY TO SPEND NIGHT BEFORE BOUT IN PRIVATE RESIDENCE

(By Associated Press.)  
ATLANTIC CITY, N. J., June 20.—Jack Dempsey will not invade Jersey City for his world's heavyweight championship battle with Georges Carpentier, July 2, until perhaps 24 hours before the contest, according to plans announced today by Jack Kearns, manager of the champion. Dempsey will remain here in his training quarters until late in the afternoon on the preceding day.

Kearns has arranged to have Dempsey and his immediate handlers will spend the night before the battle in the quiet of a private home in Jersey City instead of going to a hotel. Dempsey will be kept in seclusion from the time he reaches the battle ground until the time for him to go to the arena on "Boyle's Thirty Acres." Kearns will have charge of his protégé's corner, as he has always had in previous championship encounters. Dempsey's seconds probably will be Teddy Hayes, his "pal" and trainer; Jack Pennell and Larry Williams, heavyweight sparring partners; Joe Benjamin and "Mike" Trant, the Chicago detective sergeant, who has been the champion's constant companion in the training camp here. Bernard Dempsey also may assist in handling his brother.

**O'Brien Rubs Chest.**  
Philadelphia Jack O'Brien, former light heavyweight, was loud in his praise today of the physical fitness of Dempsey. Philadelphia Jack, who met them all in his time, regardless of color, boxed one three minute round with the champion yesterday and the applause he received when he crawled through the ropes stirred his old time fighting spirit.

"I guess those were 14 or 16 ounces gloves we boxed with," Jack said, "but he made me feel as though a mule kicked me. He hit me so hard on the chest that I still rub it."

## Rickard May Referee If Squabble Continues

(By Associated Press.)  
NEW YORK, June 20.—Failure to reach an agreement as to who shall be the referee in the championship battle between Carpentier and Dempsey on July 2 has caused Tex Rickard, the promoter of the show, to announce that he might step in and officiate himself.

"The first thing you know," Rickard said, as he sat on the edge of his new swimming pool in Madison Square Garden, "they'll wind up with me in the ring. I've done it before under similar circumstances and it may happen again."

A chance for an agreement, however, seemed near today when the New Jersey boxing commission met again to consider the matter.

## Nation's Best Athletes in California Meet

(By Associated Press.)  
PASADENA, Calif., June 20.—No great American athlete will be missing when the roll of entries is called at the 1921 National Amateur Athletic union track and field meet to be held at Paddock field here July 2, 4 and 5, according to Robert S. Weaver, Los Angeles, national president of the A. A. U.

More than 200 of the nation's best track and field performers are entered in the meet, represented by 46 athletic clubs, universities and high schools from many sections of the country.

## Dempsey Specialist in Speed; Times Action in Split Seconds

Left Hook to the Chin, a Drive to the Heart are Part of the Dempsey Bill of Fare—Will Match Frenchman

By FRANK G. MENKE.  
ATLANTIC CITY, N. J., June 20.—Nature gave speed to Jack Dempsey—and the king of battlers is improving upon its work.  
Many who have followed intimately all the happenings in the pugilistic world for 40 years, insisted, after the Jess Willard jambores, that "Dempsey is the fastest heavy-weight in ring history—barring Jim Corbett."

The speed of Dempsey in Toledo is distanced by the whirlwind action of arms and legs which he is displaying here.  
Two years ago when Dempsey schooled for battle with a man mountain his main training thought was the punch. The speed he displayed then was but a natural and undeveloped gift. He paid no great attention to gathering swiftness for he knew that even without speed training he had it on the giant Kansas in a hundred different ways.

**Hears Much of Frenchman.**  
But it's different for the fight with the flashy Frenchman. The champion has heard much of the cyclonic action of Carpentier. Realizing that to be outspeeded would place him at a disadvantage, he has put in long and wearisome, yet fruitful hours bringing his legs to the zenith of action.

As a result, he is faster today than ever in his life. He shifts, twists, turns, ducks and sidesteps in a way that is amazing for a man who weighs nearly 200 pounds. The skinny legs are muscled to the hardness of steel yet with the resiliency of rubber. There is no better indication of the perfect condition of Dempsey's legs than the fact that through practically all of his daily workouts of nearly 40 minutes he is on his toes. Only when

## EAGLE STICKS SPELL DEFEAT FOR MARION; FANS ENJOY SLUGGING

Pounding two pitchers to all corners of the lot the Richmond Eagles defeated the Marion Eagles by the one sided score of 15 to 1, at Exhibition park Sunday afternoon, in one of the slowest games of the season.

Fans who enjoy a slugfest match, received their fill of a hard hitting contest. Although the visitors connected for only six safe blows, two of them were for extra bases, while the locals connected for 16 safeties two of which were for homers.

Hawekotte started the game on the hill for the Richmond team and was the master of the Marion team during the entire contest. The first inning saw the Marion nine score its only run on a walk and a double to center by Holmes, which was misjudged by Justice. Minner pitched the last two frames and did not allow a hit and struck out one batter.

**Start Out Fast.**  
The game started out fast both teams playing a fast brand of ball, but the sixth inning proved to be the downfall of the Marion aggregation. In this frame the Eagles pounced upon the slants of Gray and scored three runs on three hits, a walk and two wild pitches, after Gray's second wild pitch, he retired in favor of Rogers, who fared little better.

The fifth frame saw the visitors threaten to score, after the first man up grounded out to Byrket, the next two men singled and advanced on Morgan's at first, but Hawekotte fanned Pearson on three straight pitched balls. The visitors did not threaten the remainder of the game.

A home run by Long in the fifth round was the feature of the game, with the count two and two on him, Long pitched a high one out of the air and never it sailing over the center of the Nussbaum sign in left field. The ball cleared the fence by at least three feet. Reddinghaus also contributed a homer on a long hit to left center.

**Real Stickwork.**  
Hawekotte should have been credited with a four hit game but Justice misjudged two hard hit flies to center field that went over his head for a two bagger, a triple. He made up for these misplays by connecting for three safe blows. Two of his hits were bunts that he beat out by placing them so well along the third base line. Every man on the team connected for at least one hit and Logan and Justice hit safely three times.

The boys played a good game of ball, both on the green and at the bat, only one error being chalked up against them, and handled everything that came in reach.

**Greenfield Coming.**  
Next Sunday the Greenfield American Legion nine will play the Eagles at Exhibition park.

he sets for a solid smash does he drop to the flat of his feet.

It's needless to comment on any length on the speed in Dempsey's arms. No man of any era ever punched with more lightning swiftness than the mighty mauler from the Golden West. Quick almost to the blink of the eye he lashes out lefts or rights, volleying sometimes so swiftly, especially in punching bag practice that no human ever has been able to keep an accurate count.

**Concentrates on Speed.**  
"That French bird," comments Dempsey, "has it all figured out that he's going to beat me with speed. I'm working now with the main idea of matching his speed, no matter how wonderful it may be. If he will have any real edge in speed on July 2nd maybe I'll be running away."

A left hook for the chin, a right hand drive for the heart. Those are the punches which the boss of fighters is perfecting to the ultimate. He will use them against the Frenchman perhaps to the exclusion of all else. For he has
