

LOCAL LEGION POSTS  
TO SEND DELEGATES  
TO STATE MEETING

Both local American Legion posts are to send delegates to the annual summer conference of representatives of the 341 American Legion posts in Indiana, which assembles in Culver next Saturday and Sunday.

Commander Raymond Mather of the Harry Ray post, 65, announced Wednesday that he expected to attend. He said that probably one or two others may be appointed at the regular meeting of the post to be held Wednesday night.

Joseph Booth, adjutant of James Moore post, 340, and C. R. Richardson, charter member of the newly organized post, were appointed to attend the conference at the regular meeting of the body Tuesday night. A communication received from national headquarters and read at the James Moore post meeting Tuesday night, asked that delegates wear a black ribbon or crepe under their legion badges, as mourning in honor of the late national commander, Col. F. W. Galbraith, Jr.

Delegates to the conference are to be guests of Culver Academy, and will be fed and billeted at the academy's summer camp. In order to encourage the sending of delegates from each of the legion posts in the state, an attendance prize is to be given to the district having the most posts represented. Attendance will be based on two representatives from each post.

Two business sessions are to be held at the conference. The first will be on Saturday afternoon and the second on Sunday morning. Delegates attending will be guests of the Culver

Bringing Home the  
Family Choice—

WHEN mother phoned dad, she told him to bring home a loaf of "BETSY ROSS" Bread. She mentioned it by name.

That's the only safe way to buy bread. Failure to specify what bread can easily deprive your family of vital nourishment.

The difference can easily make your child dull instead of smart—lacking in energy instead of full of it.

The most precious of all nourishing substances are Vitamines. We are just beginning to understand them. We know they promote the growth of tissues, maintain vigorous health and fight disease. We know they are in fresh vegetables, grains, milk and butter. We know they are richly present in "BETSY ROSS" bread.

So start today to order your bread by name. Always say "BETSY ROSS" and see that you get it. It means abounding health and wholesomeness.

"BETSY ROSS" bread gets its Vitamines from the rich materials used, but this is not all. Its baking is a precise art, following a scientific process that years of study and experience have perfected. Only in "BETSY ROSS" are you sure of getting the complete nourishment in bread that is so vital.

Your grocer always has a supply of fresh "BETSY ROSS."

See that you get it.
