NEW YORK SWEARS IN FIRST WOMAN U. S. PROSECUTOR

From the Milwaukee Journal.

Marshall Fayolle, in the full regalia of a marshal of France, decorated with honors and all, was presiding over a meeting of French war veterans at the invalides the other night when he espied Marshal Foch, in civilian clothes seated about the tenth row from the platform and trying to appear inconspicuous between a former private and a corporal.

"What are you doing there?" he called out from the state. "Your place is up here. Come right here this minute," he added, in a mock serious tone.

After the meeting, as they were leaving the hall, someone overheard Marshal Fayolle ask Marshal Foch something to this effect: "What was the idea of occupying a hard bench in the audience when you could sit on a nice easy chair on the platform?" Foch replied: "I just wanted to see how a marshal of France looks in uniform to a mere civilian."

Dining Room Enjoyment

Tuesday Health Talk No. 22 By G. C. Wilcoxon, D. C.

Dining room enjoyment waits on appetite, but there are many ravenous who dare not eat. To these the dining room is like the entrance to a palace of horrors. Chronic indigestion sufferers are not all dietetic fools nor gluttons. In fact, a healthy stomach, barring abuse, gives no trouble. There are many to whom no change of diet, nor any restriction of quantity, makes much difference. They suffer just the same.

The cause of chronic stomach weakness of this character is pressure upon spinal nerves at "stomach place" in the spine. A disturbance of the alignment of joints at this point causes pressure. The result is a stomach weakness that in some cases amounts almost to paralysis. Chiropractic spinal adjustments will restore alignment and remove the cause.

Suffered 20 Years from Piles and Stomach Trouble

"I suffered twenty years from chronic stomach trouble and piles. I tried all kinds of drugs, patent medicines and several doctors without permanent relief. In June, 1919, I started chiropractic. I was relieved of my stomach trouble and the piles showed a gradual improvement until well."—J. S. Lumley, Chiropractic Research Bureau, Statement No. 1266L.
