## MICHIGAN FARMERS MAY VISIT RICHMOND

Probably 800 Michigan farmers making their annual tour, using 175 automobiles, have written the Chamber of Commerce asking for accommodations in Richmond for the night of Sunday, August 21.

The communication said that each year the organization of farmers makes a tour. This year their tour will end in Columbus, O. Sunday, August 21.

Whether or not Richmond can make proper provision for their entertainment will be one of the matters to be presented to the regular meeting of the Chamber of Commerce board of directors, which meets at 1 o'clock Wednesday afternoon. One thing to be taken into consideration is that the 1921 chautauqua will be in session on the date named. This will somewhat limit the facilities at the Glen park.

## NO WOMEN ON JURY, KABER LAWYER'S AIM

(By Associated Press)  
CLEVELAND, O., July 5.—Defense counsel in the trial of Mrs. Eva Katherine Kaber for planning the murder of her invalid husband, Daniel F. Kaber, continued fight today to eliminate women from the jury.

No sooner had the jury box been tentatively filled with six women and six men than Prosecutor Stanton announced that he was satisfied with the panel than William J. Corrigan, attorney for Mrs. Kaber, began promptly challenging the women of the panel and the noon recess found 11 tentative jurors in the box with only one woman among them. The defense still has left 11 preemptory challenges. Attorneys hope to have the jury completed at the afternoon session.

Mrs. Kaber assumed the same demeanor today as she did last week and she was dressed the same.

## NEW CANNING COURSE PLANNED FOR AUGUST; TO LAST THREE WEEKS

Plans for holding a canning school are being made by the vocational department of the Richmond public schools. The instruction would cover a course of six lessons, two to be given each week for three weeks, during the month of August.

Miss Bertha E. Larsh, of the department, will be in charge. It is hoped that two classes, each with 18 members, can be organized. One of the classes will be composed of those interested in the Seavastopol district, and the other class will be more centrally located. School kitchens will be used.

Instructions in canning corn, beans, tomatoes and other foods will be a part of the course. To accommodate many house-wives who will not get into the classes, Miss Larsh will make appointments to give demonstrations each morning during the three weeks, in the homes of individuals. It will be necessary, however, that the individual seeking the service have other house-wives of the neighborhood who are interested, at the home at the time of the demonstration. Miss Larsh hopes to reach as many as possible by this method. She will not have the time to give demonstrations unless good sized groups can be gathered in to a neighbor's home for the lessons, making it possible to teach many at a single demonstration.

Complete details of the course are not finished as Miss Larsh is at present away from her duties. With her return additional information will be made public.

## BUILDING DEADLOCK REMAINS UNBROKEN

Building contractors of the city will meet in the office of Burdall and Willett Tuesday evening. It became known today. Henry Dietrich, an officer in the organization of Master Builders association said Tuesday that as far as he knew, there would be no action on the part of that organization to end the deadlock between the builders and contractors which has existed for the past four weeks or more.

Members of Carpenters' Local No. 912 will meet in their hall on South Seventh street Tuesday evening. It was announced. This is the regular weekly meeting of the organization.

Charles Griffy and Ernest Gable have been given full power to act with the builders in any negotiations toward a settlement of the wage question. According to the latter, the carpenters have offered to eliminate some of the more objectionable features of the program, and to compromise with the contractors at a wage scale of 80 cents an hour. The contractors hold to their original demand of 75 cents.

"I am only one of many," said Henry Dietrich when questioned as to the settlement of the wage question Tuesday. "Whether or not they will take any action toward a settlement at the meeting this evening I cannot say. I have not had word from the Building Trades council that they will be represented at our meeting. We are perfectly willing to receive them should they show such a desire."

## SAYS LEGION DESIRES SCHOOLS EMPHASIZE HISTORY, GOVERNMENT

(By Associated Press)  
DES MOINES, Ia., July 5.—The American Legion intends to see American history and government taught more fully in the schools, Henry J. Ryan, of New York, chairman of the Americanization Commission of the American Legion, told the National Education association here on the fourth of July.

"I wish it were possible for me to acquaint every teacher of America with the fact that the American Legion has no more sincere desire than that of dedicating itself to the welfare of the teacher, student and school," Mr. Ryan said in his address last night. The school is the foundation of the nation. If the American school fails, America will fail.

"We have inherited the greatest blessings any government has ever bestowed upon its people. The American Legion proposed to preserve and safeguard that government."

"But what is more and of greater importance, it means to see that all the people are given a greater opportunity to learn of that government and its history so that when the citizens of tomorrow stand forth, faithful to America's cause, ready to serve her and to sacrifice for her, they will be able to say—'We learned at school to love our country.'"

## KILLING OF FRENCH MAJOR IN SILESIA CAUSES DIFFICULTY

(By Associated Press)  
PARIS, July 5.—The killing of Major Montalieres of the French army during a hostile demonstration by the German population of Beuthen Upper Silesia, reported in foreign office advices, has created a most painful impression in French official circles. It was indicated in these circles today.

The reported killing occurred after the Poles had withdrawn from the town under the evacuation agreement. The officer was in command of a small French detachment that had remained in Beuthen throughout the Upper Silesia troubles, it was explained. The British troops that were assigned to occupy the town had not yet arrived, and manifestants profited by this fact, the dispatches to the foreign office state. The major was shot from behind by some one in the crowd, the reports declare.

When the British troops arrived, the foreign office advices add, they were obliged to fire in order to disperse the crowd, and some of the demonstrators were killed and others wounded.

## BIG CROWD ENJOYS OPENING OF SHOWS

With several thousand pleasure-seekers filling the show grounds, the World at Home and Polack Brothers Shows opened to the local public Monday. The members of the American Legion, under whose auspices these splendid shows are being conducted here, are loud in their praise of the World at Home attractions. They are said to be the best to visit this vicinity for many years.

The World at Home and Polack Shows embrace every phase and feature of the park, of opulence and circus novelty. Curtis and his trained animals; Omar Sami with his modern miracles; Dixie minstrels; vampires; Rogers' midgits; the auto drome, with dare devil performers and Arabian Nights, are some of the shows, while there are rides suitable to the tastes of those seeking thrills and novelties in that diversion.

There is a giant Ferris wheel, merry-go-round, carousel, whip, sea lions and the laugh-producing "Over the Falls." The music is very good and is rendered by Jespersen's concert band and the Dixie Jazz soloists. The World at Home and Polack Shows will remain in Richmond during the current week, giving performances every afternoon and evening. Performances commence promptly at 3 o'clock and 7:30 o'clock.

(By Associated Press)  
NEW BRITAIN, Conn., July 5.—A plan under which property owners, who, by reason of unemployment are unable to pay their taxes, may meet their debt to the city by working for the municipality is under consideration by Mayor Curtis. This has been done in the case of owners of wagons and trucks and it is now proposed that the plan be broadened so as to include those who have nothing to give but their own manual labor.

The mayor also is considering the advisability of having delinquent rent payers work for the city and have their wages turned over to their landlords.
