

## DARKE COUNTY ROAD PROPOSAL ATTACKED BY FARMERS TUESDAY

GREENVILLE, O., Aug. 31.—Darke county farmers to the number of about two hundred thronged the court house and county commissioners' office here yesterday, protesting against the proposed action of the commissioners in selling \$428,000 worth of bonds, the proceeds of which were to be used in constructing three highways.

The bonds for the proposed improvements, the Greenville-Ft. Jefferson, Greenville-Palestine and Greenville-Union City highways, were not sold, owing to the fact that they were not ready, although representatives of local banks and foreign bonding houses were present to negotiate for them.

Upon proceedings being instituted by Henry Conn and other farmers residing along the Greenville-Ft. Jefferson inter county highway, a temporary restraining order against the county commissioners, to prevent them from selling bonds in the sum of \$128,000 for this particular improvement, was granted by Probate Judge Younker, in the absence of Judge Tegarden. Bond was given in the sum of \$10,000. A number of reasons were given why the road should not be improved at the present time, among which were the fact that the bonds had not been properly advertised.

The high price of road building materials, together with the low prices being received at the present by the tax payers for their farm products, was emphatically stressed by the visitors to the commissioners' office.

There was no remonstrance against the proposed Greenville-Union City improvement, but the farmers residing along the other two highways are out in force to prevent their being improved now, and from present indications, the bond sale will be postponed for some time.

**Trys to Pass Forgery.**  
After making two separate attempts to purchase a camera from Union City merchants, offering a check on a Davenport, Ia., bank in payment, a young man giving his name as E. W. McKay, of Crown Point, was apprehended by officials at that place, and taken before Prosecutor Dunn.

McKay, alias LeRoy Harrington, alias J. C. Jones, admitted upon questioning that the check, which was for \$10, was a forgery, and he had tried to pass it on account of being out of money. No legal action could be taken against the crook, however, owing to the fact that the check had not been passed, the Union City merchants refusing to accept it. He was ordered out of town.

**Hearse Brings Boozie.**  
Rumors are afloat in Greenville to the effect that a large cargo of whiskey was shipped in during fair week in a gray hearse, which came from the north and was followed by two touring cars. It is said that the cars, including the hearse, bore Indiana license numbers, and that they were traveling in a procession through the city.

The caravan is said to have stopped on a side street, and a number of cases and boxes transferred to the cars from the hearse. Residents in the neighborhood noticed the proceedings, but the machines completed the transfer and escaped before their numbers could be noted. It is said that much liquor was afloat around Greenville during fair week, and that the gray hearse was the source.

At the concluding session of the Miami conference of the United Brethren church, which was held at Dayton last Sunday, Rev. S. E. Rasey, pastor of the local church, was reappointed to act in that capacity for another conference year. Rev. Rasey is very popular in this city, where he has served for the past four years, and his reappointment meets with public approval. Other pastors appointed in this vicinity are as follows: Arcanum, J. C. Armstrong; Abbottsville, E. P. Huddle; Eldorado, D. S. Eshelman; Itasca-Verona, J. A. Pantle; New Madison, C. W. Snyder; Savona, Dwight Arnold; Springboro, Calvin McNeilly; Union City, G. T. Powell; Hillgrove, Perry Wolf. Pastor for Yorkshire and Nashville are to be supplied.

Through his attorney, W. D. Brumbaugh, John Reed has filed a cross petition in common pleas court here to his wife's petition for divorce which was filed a few days ago. In his cross petition, Reed denies all the allegations of his wife, Maggie Reed, excepting the date of their marriage, which was on the Nov. 15, 1919, and that no children were born of this union. In addition to asking the court to set aside his wife's petition and granting him the divorce on his cross petition, Reed wants their property rights adjusted. Mrs. Reed has three children by a former marriage, and Reed has four.

## ARCH MARKS HUNDRED YEARS OF PEACE BETWEEN UNITED STATES AND CANADA

Picture of world's first peace arch taken from American side, with workman who built the portal in the foreground.

The world's first peace arch is to be opened in September and dedicated to the never broken friendship between the United States and Canada. The simple portal is built on the international boundary between the two countries, at Blaine, in Washington, and White Rock, in British Columbia, within one hundred yards of the Pacific ocean. The arch will commemorate the one hundred years of peace along the 2,500 miles from the Atlantic to the Pacific where there has been no need for battlements, forts or sentries for 107 years.

## HUGHES WILL

(Continued from Page One.)

is so scanty that a general curtailment of expenditures is necessary. It is a curious fact, however, that the attaches who have been recalled have been stationed at some of the most important foreign capitals.

But in view of the war department's explanation it would be difficult to charge that department with wishing to learn from those military attaches something concerning the peace preparations of friendly nations. The fact remains, however, that the attaches in question ought to be able to talk rather interestingly on such subjects when they arrive in Washington.

**Must Know Facts.**  
It is absolutely essential to each government which is to be represented at the disarmament conference that before engaging in the parley it shall know the precise relationship of its own to other countries in the matter of armament, how it will stand with respect to naval power if the various building programs are carried through to completion, but no others initiated; whether any participant in the conference intends to do any secret arming between now and the time the parley begins, Nov. 11.

The Japanese press has announced within recent weeks that Japan is building three superdreadnaughts, that there are building operations going on in that country in secluded ship yards concerning which the outside world knows, or is supposed to know, nothing. Some of the tales of that nature have been brought back by American tourists who, as Yankees sometimes do, poked around through Japanese shipping districts where all well regulated tourists are not supposed to go.

There is a legend in Washington that the state department has its secret intelligence and that these agents are great tourists. It is a fact, though, that the only accredited secret services of the government are those of the treasury department, the department of justice and the post office department, other than the intelligence divisions of the army and the navy.

Japanese Attitude.  
It will be necessary for Secretary Hughes when the conference begins to

have the most detailed information concerning far eastern affairs. The success of the parley depends much

## Are You Weak, Worn or Worried? Is Your Blood Thin and Watery

So that it makes you nervous, sleepless or easily fatigued? Don't wait until you collapse but commence to fortify your starving blood with iron today. How to do it.

If you are undergoing STRAIN, STRESS OR TROUBLE, don't forget that it is probably sapping the iron from your blood and that your RED BLOOD CORPUSCLES are likely DYING BY THE MILLIONS.

**WHEN YOU FEEL THE FIRST WARNING SYMPTOMS**—when you commence to lose your strength or vitality, don't sleep well at night, are highly nervous or irritable; get the "blues" easily; when your eyes begin to lustre or brilliancy and the lids are pale inside (a most important symptom) then is the time you should act; and wait until you go down in a state of complete nervous prostration or physical collapse.

A New York physician says that MORE THAN ONE-HALF THE POPULATION OF AMERICA PERISHES BEFORE MIDDLE AGE and that one of the chief contributory causes of this terrible waste of human life is the devastating weakness brought on by lack of iron in the blood.

**THERE ARE 80,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.**

When your blood is starving for iron no more tonic nor stimulants can put you right. You must have iron. To get iron you must eat the husks of grains and the peels and skins of fruits and vegetables as our forefathers did or take a little organic iron from time to time and eat more such iron-containing foods as spinach and apples. But be sure the iron you take is organic iron and not metallic or mineral iron which people usually take. Metallic iron is iron just as it comes from the action of strong acids on small pieces of iron and is therefore an entirely different thing from organic iron. Organic iron is like the iron in your blood and like the iron in spinach, lettuce and apples. It may be had from your druggist under the name of Nuxated Iron.

Nuxated Iron represents organic iron in such a highly condensed form that one dose of it is

estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach, one quart of green vegetables or half a dozen apples. It is like taking extract of beef instead of eating pounds of meat.

If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two three-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained.

Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. Beware of substitutes. Always look for the word NUXATED on every package and the letters N. I. on every tablet. Sold by all druggists in tablet form only.

**NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY**

## JEFFERSON FARMERS PICNIC SEPTEMBER 6

(Special to The Palladium)  
HAGERSTOWN, Ind., Aug. 31.—A farmers' picnic to be given under the auspices of the Jefferson township farm federation, will be held in the James Innis grove, one and one-half miles north of Hagerstown, Sept. 6. Final arrangements for the program have not yet been completed.

Arrangements are being made to have as speakers a number of leading farm authorities of this vicinity. Among them are: T. C. Davis, president of the Wayne county farm federation; J. L. Dolan, county agent, and Mrs. Dolan; Everett Hunt and C. F. Patterson.

The first expedition of the United States army overseas was in 1801, when a 3,000 troops sailed for Tipoli.

## Heart Problems

Dear Mrs. Thompson: I am a middle aged widower with two school boys. I have lived alone for nine years. I own my own home and am a good provider for the right woman. I have had several housekeepers, but I wasn't lucky enough to get one permanently.

Now I have one whom I am positively sure I can get to be my wife after she gets her divorce. Her children object. What do you think I ought to do? Marry anyway or wait longer? I think a lot of this lady and she says she is fond of me.

**LONE SPARROW.**  
You have not told enough of the circumstances of your case. If you are the cause of divorce between the woman and her husband, it would be wrong to take her as your wife. But if her husband was cruel to her and she was forced to leave him and do housework, I think divorce would be justifiable.

I would advise you to make more of her children and delay marriage until the children have learned to like you and favor the marriage. Marriage may bring about very unhappy conditions. Of course the woman will expect you

to do as much for her children as you do for your own, and your own are apt to resent such a condition.

Consider the matter very carefully before you take the step.

A Chinese play 600 years old was recently performed in English in London.
