Appointment of an additional member of the school staff, whose office probably will be located in the guidance and placement department, and whose duties principally will be confined to school attendance work, is one of the matters being considered by the school board.

It is the purpose of the school authorities to enlist the service of some one interested in guidance and placement work. Students now not attending school, but who should be identified with some branch of endeavor, will be interviewed and consulted regarding active participation in some form.

The work will be carried on in connection and as a part of the guidance and placement department activities. An earnest effort is to be made to find a co-operative basis upon which the individual student and the department may get together for the belief of the student.

Ola Potts, clerk of the election board of Preble county, is preparing for a grand rush of petitions of candidates for office in the villages and townships throughout the county. Outside of Eaton, the tickets are made up by petition and certified to the election board for places on the ballot at the November election.

Clerk Potts says several of the vil-

lages and townships have not yet certified candidates. The time limit for filing petitions with the board expires Friday at midnight according to Clerk Potts.

Wright is Returned.  
Osborn Wright, member of company E, 147th infantry, Ohio federal guards, who was injured by the bursting of his rifle while in camp at Camp Perry some time ago returned Tuesday. In the old days the best bread was baked at home. That was in the infancy of the baking industry.

But today the strictly modern, scientific bakery can produce a practically perfect loaf.

In BETSY ROSS we give you a pure, high-quality, perfectly and cleanly-baked loaf which we do not believe can be improved upon.
