FIRST GAME;  
SCORE IS 3-0

American Leaguers Score in First, Fifth and Sixth Innings—Ruth Hits First Ball Pitched.

## 38,000 FANS PRESENT

(By Associated Press)  
FOLO GROUNDS, New York, Oct. 5.—The Yankees tore off the opener of the world series this afternoon by shutting out the New York Giants by a score of 3 to 0. Mays' submarine ball tied the Giants into knots, though Frank Frisch, the National leaguers' third baseman, got four hits. Babe Ruth accounted for one Yankee run, with a single but could not oblige the crowd with a home run. McNally's steal home in the fifth inning was the baserunning feature of the game.

**First Inning**  
Yankees—There was some delay while the photographers were taking pictures. Mayor Hyman tossed out the ball, and the game was on. Miller got a single to center. Peck sacrificed, Douglas to Kelly. Ruth was given a big hand. Miller scored on Ruth's hot single to center. Ruth hit the first ball pitched. Meusel hit into a double play, Frisch to Rawlings to Kelly. One run, two hits, no errors.

**Giants**—Peck threw out Burns at first and made a neat play of it. Ward took Bancroft's roller and threw him out at first. Frisch singled past Peck. Mays tried to catch Frisch off first. Mays threw out Young at first. No runs, one hit, one error.

**Second Inning**  
Yankees—Rawlings threw out Pipp at first. Ward walked on four straight balls. Frisch threw out McNally at first. Ward going to second. Schang struck out. No runs, no hits, no errors.

**Giants**—Kelly flied to Ruth. Emil Meusel flied out to his brother in right field. Rawlings was hit by a pitched ball. Schang threw out Snyder at first. No runs, no hits, no errors.

**Third Inning**  
Yankees—Rawlings took a slow hopper and threw out Mays. Bancroft threw out Miller at first. Peck struck out. No runs, no hits, no errors.

**Giants**—Douglas lined out to Ruth, who let the ball fly up in the air before he caught it for the out. Peck threw out Burns at first. Ward threw out Bancroft. No runs, no hits, no errors.

**Fourth Inning**  
Yankees—Ruth walked. Meusel flied out to Frisch. Pipp sacrificed. Frisch to Kelly. Ruth going to second.

## DOUGLAS

## MAYS

Bancroft threw out Ward at first. No runs, no hits, no errors.

**Giants**—Frisch singled into right field, his second hit. Frisch stole second. It was a close decision, and the Yankees kicked. Young sacrificed. Mays to Pipp. Frisch going to third. The Yankees held a conference at the box. The Yankee infield played back. Kelly struck out. Peck threw out Meusel at first. No runs, one hit, no errors.

**Fifth Inning**  
Yankees—McNally got a long hit to left for two bases. Schang sacrificed, Douglas to Kelly. McNally going to third. McNally stole home. Snyder touched him with the ball after he had crossed the plate. Frisch robbed Miller of a hit and threw him out. One run, one hit, no errors.

**Giants**—Peck threw out Rawlings at first. Peck also threw out Snyder. Douglas grounded out to Pipp. Unassisted. No runs, no hits, no errors.

**Sixth Inning**  
Yankees—Bancroft took Peck's roller, but his throw was too late to get the runner, and it went for a hit. Peck went to second on a passed ball. Ruth struck out. Peck scored on Meusel's long hit to left for three bases. The Giants threw the ball to first to Kelly, who touched first base, and Meusel was declared out for not touching the base. Pipp walked. The play on Meusel's drive was Meusel to Kelly to Rawlings to Douglas to Kelly. Douglas tried to catch Pipp off first. Pipp went out stealing. Snyder to Rawlings. One run, one hit, no errors.

**Giants**—Mays took Burns' grounder and threw him out. Bancroft went out on a grounder to Pipp. Unassisted. Frisch got a three-base hit to left—his third hit. Peck threw out Young at first. It was a fine play. No runs, one hit, no errors.

**Seventh Inning**  
Yankees—Ward fanned. Rawlings threw out McNally at first. Schang walked to first on four balls. Schang was hit by a batted ball and was declared out. Mays gets credit for a hit. No runs, one hit, no errors.

**Giants**—Kelly fouled out to Ward, who took the ball back of first. Ward threw out Meusel. Rawlings forced Rawlings, Peck to Ward. No runs, one hit, no errors.

**Eighth Inning**  
Yankees—Miller popped out to Bancroft. Rawlings tossed out Peck at first. Ruth struck out for the second time, and Douglas was given a big hand. No runs, no hits, no errors.

**Giants**—Smith batted for Douglas. Smith flied out to Ruth. Bancroft sent a high fly to Ruth. No runs, no hits, no errors.

**Ninth Inning**  
Yankees—Barnes went into the box for the Giants. Meusel popped to Rawlings. Kelly took Pipp's grounder and touched first. Ward singled to right field. On the hit and run play, McNally singled into left. Ward going to third. McNally stole second. Schang fanned. No runs, two hits, no errors.

**Giants**—Frisch singled into right, his fourth hit. Young forced Frisch, Ward to Peck. Kelly hit into a double play, Peck to Ward to Pipp. No runs, one hit, no errors.

The Giants took their field practice first, which was sharp and snappy. Frisch and Bancroft turned in some fast stops and and throws that brought a round from the Giant fans. The Yankees also had a stiff fielding workout. They, too, came in for applause.

New York gloried in an exclusive baseball feud, a world's series between the Giants and Yankees, fought out in its own backyard. Easily 38,000 folks came out to see the game.

The umpires conferred with Captains Peckinpaugh and Bancroft on rules, which somewhat delayed the starting of the game.

IMMIGRATION

Admission of Aliens Seen as Big Factor in Unemployment—Opponents of Restriction See Benefits.

## URGE FURTHER LIMIT

By MARK SULLIVAN

WASHINGTON, Oct. 5.—In connection with the unemployment conference, the question of immigration has been brought up. Some employers opposed the limitations made when the present immigration bill was passed last spring. Their theory was that the need for labor in America was so great that it could absorb all the immigrants likely to come.

Theoretically this is true. Our undeveloped resources justified the theory. Many of those who opposed immigration restriction were honest about it.

A smaller group belongs to the not very elevated class of employers who are not displeased to see a considerable quantity of unemployment on the theory that this enables the employer to fix wages more satisfactory to himself.

In any event, the outcome has justified those who advocated restriction. We have had the surprising spectacle of a maximum unemployment, and at the same time the maximum immigration allowed by the law. The reason of course, is obvious and was foreseen by the advocates of restriction. However great is our unemployment in America, and how unsatisfactory our industrial conditions, compared with most of Europe we are an industrial paradise.

**Are Filling Quotas**  
From several parts of Europe the immigrants have been coming just as fast as the law allows them, and these are precisely the parts of Europe from which the least desirable immigrants come.

The situation invites further restriction. The present law provides that the number of immigrants from any one country shall be restricted to not more than three per cent of the number of persons from that country who were already in America at the time of the census of 1910.

This law was passed for one year and will expire next spring. When it does, there undoubtedly will be a movement to reduce the figure from three to one per cent.

The disposition on the part of the mass of the people of the United States to be rigid about immigration restriction is undeniable. Any effort made in good faith to express the wishes of the public generally would result in a limitation much more severe than the one in the present law.

Moreover, when the matter comes up for discussion, the advocates of the immigrant situation probably will be able to show so many dubious practices on the part of many elements interested in more immigration as will be convincing to the country.

ENGLAND AND FRANCE  
WILL BEAR BIG COST  
OF OPERATING LEAGUE

(By Associated Press)  
GENEVA, Oct. 5.—Great Britain and France must pay the largest proportion of the expenses of operating the League of Nations. It was found when the committee charged with determining the share each country should pay reported to the assembly of the league today.

Each must pay 9.2 per cent, while China, India, Italy and Japan were placed in the second category and were called upon to pay 6.5 per cent each.

In the third category were placed Argentina, Spain, Brazil, Rumania, Yugoslavia and Czechoslovakia, whose individual shares were fixed at 3.58 per cent.

**Graduated Downward**  
The scale was graduated downward to 21 per cent which will be paid by Nicaragua, Luxembourg, Panama, Paraguay, Salvador, Costa Rica, Guatemala, Honduras and Liberia.

Under this ruling Great Britain and France will pay 1,800,000 gold francs, while the nations in the second category will each pay 1,200,000. The countries in the lowest category will be called upon for 42,000 gold francs. This plan of payment was reached by the committee after holding nearly 40 meetings, including two night sessions.

The assembly opened what was expected to be the last day of its present session this morning with consideration of three remaining amendments to the covenant of the league. The last work to be undertaken was the assessment of each member for its share of the expenses.

## Killing Frost Ends Truck

## Crop But Aids Corn

NOBLESVILLE, Ind., Oct. 5.—A killing frost appeared in Hamilton and adjoining counties early today according to reports received here. Gardeners said the frost had practically killed all truck crops, but farmers asserted it was beneficial to corn, as it will cause it to dry out more rapidly.

## Palmer Resignation Asked

## For Today by Daugherty

WASHINGTON, Oct. 5.—Attorney General Daugherty today requested the resignation of W. R. Palmer, United States marshal for Connecticut. The only statement concerning the request forthcoming from the attorney general was that he deemed it expedient to make a change in the office.

## Will Have Leading Part in Pageant for Delegates

An historic and picturesque pageant is planned for Nov. 16 at Washington as part of the program of welcome to the delegates to the disarmament conference, which will begin Nov. 11. Miss Ann Gordon, daughter of Mrs. George Barnett, wife of the former commandant of the U. S. marine corps, will have a leading part in the pageant.

CANADIAN CAMPAIGN  
LAUNCHED BY PARTIES  
TARIFF MAIN ISSUE

(By Associated Press)

OTTAWA, Ont., Oct. 5.—With tariff questions as the main issue, political parties of Canada today launched a campaign that will end with the general election early in December. Although the election date has not been announced definitely, it is expected that formal nominations will be held November 21, with polling on December 5.

The thirteenth parliament of Canada, constituted in 1917, was formally dissolved yesterday by Lord Byng of Vimy, governor general. Premier Meighen, leader of the conservative party, issued his election manifesto to the electorate, emphasizing the tariff as the most important issue before the Canadian people. Retention of the present protective tariff was, the premier declared, vital to the welfare of Canadian industry.

Any revision of the tariff downward, Mr. Meighen declared, would entail surrender advances made as a self-contained industrial nation and reversion to a position where dependence upon a more favorable American tariff policy would become a national aspiration.

The liberal and progressive parties already have announced themselves as in favor of "tariff for revenue only" and in the case of the latter, a trend in the direction of free trade. The progressive party is made up largely of western grain growers.

The present campaign is expected to rival in bitterness that of 1911, when Sir Robert Borden, as leader of the conservative party, opposed the plan of the liberal government of that day for a reciprocity agreement with the United States and was returned to power by an overwhelming majority.

ASSEMBLY POSTPONES  
CONSIDERATION OF  
TREATY REGISTRATION

(By Associated Press)

GENEVA, Oct. 5.—Consideration of an amendment to article XVIII of the covenant of the League of Nations which would exempt technical treaties from registration with the secretariat of the league of nations, was postponed by the assembly of the league here today.

This action was taken with the understanding that members of the league may interpret their obligations in the meantime, in conformity with the proposed amendment.

The purpose of this change was to make article XVIII effective in breaking up secret treaties through registration. Lord Robert Cecil, representing the Union of South Africa, objected to the proposed exemption of agreements of a technical character which had no bearing on political relations between states from registration.

MINE WORKERS FAVOR  
NEW POLITICAL PARTY  
FOR LABOR, FARMERS

(By Associated Press)

INDIANAPOLIS, Oct. 5.—With the adoption of a declaration favoring the creation of a new political party of organized labor and the organized farmers, the convention of the United Mine Workers came to an end today after having been in session since September 20.

In addition to its political declaration the convention asked Governor McCray not to honor a requisition for the surrender of David Robb, of Terre Haute, a union organizer wanted on a murder charge in West Virginia. It also elected Alexander Howatt, president of the Kansas Miners' Union, and William Mitchell, secretary of the Indiana miners, delegates to the international mining congress that meets next year in England.

Indianapolis was chosen as the seat of the convention of January, 1924. The motion opposing Robb's surrender to West Virginia authorities was adopted while Governor McCray was holding a hearing on the requisition.

To Decide Later  
At the conclusion of the hearing Governor McCray announced he would decide later whether to honor the West Virginia requisition.

The declaration, in the form of a resolution prepared by the convention resolutions' committee, was understood to propose an early conference under the auspices of the American Federation of Labor, of all labor and farmer organizations with a view of getting a definite political movement under way.

Delay in bringing the resolution before the convention was anticipated by delegates because miscellaneous matters had been given the right-of-way on the floor in the hope of ending the convention tonight. Interest, however, centered in the political declaration for this had been postponed when proposed resolutions, submitted by local unions throughout the country, had been laid aside awaiting the resolutions' committee report.

While announcement of the committee's decision was withheld, it was said that the resolution did not endorse the existing Farmer-Labor party but that it referred to the Non-Partisan League Movement in North Dakota as an ideal coalition of farmers and laborers.

TEXAS MAN INJURED  
IN KU KLUX CLASH  
DIES FROM WOUNDS

(By Associated Press)

WACO, Tex., Oct. 5.—Louis Crow, victim of the Lorena fight Saturday night, when Sheriff Bob Buchanan and two of his deputies attempted to stop a K. K. parade, died today. He was near the scene of the conflict and was attempting to prevent a clash, it was said, when the disturbance began. He was stabbed in the right breast.

Official action was being withheld today pending, it was said, the outcome of the injuries received by those most seriously wounded.

The condition of Sheriff Buchanan and Ed Howard, Waco policeman, was said to be somewhat improved although it was stated that neither of the men is out of danger.

COUNTY MUST  
BUILD OR PACT  
IS REPUDIATED

Agreement Reached by County and Estebes Last Year is Verbal Obligation To Build Hospital.

## MUST TAKE ACTION

Wayne county must proceed with the erection of a county tuberculosis hospital at once or stand as repudiating its agreement with the donors of Smithfield, the proposed site.

Last year a contract was drawn between the county and the Estebes, in which the county agreed to build a hospital costing not less than \$100,000 and having a capacity of not less than 60 beds. The Estebes agreed to give \$50,000 in government bonds, reserving only the interest during their lifetime and for one year after.

While this contract was not signed, it was verbally accepted by the contracting parties. Estebes' portion of the agreement has been fulfilled, but to date the county has not met the conditions.

Reason for the contract not being signed, according to the county attorney, was because at that time the county was awaiting the passage of a measure in the state legislature which would make legal the provision that the county pay back interest to the donors of the money.

Since the passage of that bill, which cleared the field for action, nothing has been done about the contract. The county awaited the passage of the bill because it was uncertain that the county had the right to return interest on a gift, as was provided in the agreement.

**Contract Provisions Noted**  
It is interesting to note the provisions of that contract, which was acceptable to both the county and the Estebes Dec. 11, 1920, in the light of recent developments. Following the portion of the contract which provides that the Estebes give to the county \$50,000 in government bonds, with only the interest reserved for the lifetime of the donors and for one year thereafter, the contract reads:

"It is expressly provided that certain conditions precedent shall obtain before the surrender of said bonds by us, which are as follows:

"Said county shall proceed without delay to have prepared submitted and approved by the proper county authorities, proper plans, drawings and specifications and the appurtenances and attachments to be therewith connected, and within a reasonable time thereafter undertake to let the contract or contracts therefor.

**Hospital Requirements Stated.**  
The main hospital building shall be designed to accommodate at least sixty (60) patients at one time, and be constructed of brick, hollow tile or other as durable material, and after approved methods for such buildings; the entire construction, including the main hospital building or buildings, the administration building, kitchens, dining rooms and heating and plumbing, sewerage and all other construction and work in anywise a part of said buildings, to be completed therewith shall be fully estimated to cost at least \$100,000 when fully completed.

"When the contract or contracts for the construction of said buildings have been let, work actually begun and funds needed by said county, then said bonds and such of them as may be needed from time to time hereafter, for the purpose of raising funds from the sale thereof, by the county, during the construction shall be available to said county by request for the delivery of the same executed by said board with the attest of the county auditor and deeded to the trustee hereinafter named, which said trustee shall then deliver the bonds as requested.

**Dickinson Trust Appointed**  
"We appoint the Dickinson Trust company of Richmond, Ind., as trustee to hold said bonds until the same are properly delivered to the county as above provided. We represent that said bonds will be placed with said trustee at once upon the acceptance by the county of the proposal in this instrument contained. It shall be understood that accrued interest on all such bonds delivered to the county shall be properly delivered to the trustee of delivery and which time the obligation of the county for the accounting of interest to us begins on the bonds so delivered as herein provided.

"It is understood that said bonds shall be called for and used by said county to meet as nearly equal as practicable any other funds of the county used in said construction as the construction of said buildings and attachments thereto proceeds."

A decision on what is to be done is expected to be reached by the county commissioners when they meet Saturday.

**Byron Hospital Growing.**  
Enlargement of the Irene Byron tuberculosis hospital of Fort Wayne, is taking place to meet the added demands, according to a letter from Dr. Eric Crull, superintendent of the institution, received by Dr. Oliver N. Huff, of Fountain City, member of the local tuberculosis hospital board of trustees. Dr. Huff wrote Dr. Crull for data to be used in the construction of a hospital.

The letter reads: "The capacity of Irene Byron Sanatorium now is approximately 120 patients, and is being increased by the construction of the children's building which will house 40, and the infirmary and negro building, which also will house 40. In addition to this we are now constructing 12 new bungalows each of which will house two patients. "Three weeks ago we had 100 patients, 10 days ago we had 110, and our census today shows 123.

"I am in favor of always beginning with a large capacity, because of the overhead, which automatically decreases as the number of patients increases."
