

## CANADIAN SOLDIERS SETTLED ON FARMS; PROVIDED WITH LOANS

CHICAGO, Jan. 2.—Twenty-seven thousand Canadian soldiers have been settled on farms by the Canadian government and \$85,000,000 have been loaned to these men by their government, according to a letter sent to the Horse Association of America here by John Barnett, chairman of the soldiers' settlement board of Canada.

"Aggregated roughly this means that we have placed a population of 125,000 people on these lands," he said.

"Our settlers have been settled partly on free Crown lands and partly on lands purchased by this board and resold to him. In no case has a settler been required to possess more than \$500. We have, therefore, advanced practically the full purchase price of the lands we have bought, and in addition have advanced up to \$3,000 for permanent improvements, such as buildings, fencing, etc., and stock and equipment.

"The risk is necessarily great, but has been taken largely as a re-establishment venture.

### Great Results

"We have been in operation over three years, and the national results are already very great. Some 600,000 acres that were previously raw and entirely uncultivated have been brought under cultivation. Last year soldier settlers produced field crops worth easily \$15,000,000, to which must be added the value of the increase in stock and the value of poultry and dairy products.

"Out of the \$85,000,000 already expended, \$10,000,000 has been returned to the public treasury. Of due payments more than 90 per cent was paid.

"Thus far the number of men who have abandoned their efforts represents 7 per cent of our aggregate settlement. In the cases of abandonment, and despite the collapse in markets, we have salvaged and foreclosed more than 500 cases representing an investment of more than \$2,000,000 without any financial loss."

## IMPERIALISM CHARGE RESANTED BY FRENCH; DUPPLICITY IS DENIED

(By Associated Press)

PARIS, Jan. 2—Members of the French delegation should have lost no time in giving their views of the American plan for limitation of naval armaments. It was declared by newspapers here today. "Pertinax," political editor of the Echo de Paris, represented with indignant charges of imperialism and militarism against France, and referred bitterly to the conduct of England.

"Obviously the American program implied," he declared, "that all navies should be of the same type, and that the same ratio fixed for capital ships should apply to small units and submarines. Without waiting, we should have asserted our right to a navy built according to other conceptions. We postponed such action, contenting ourselves to answering present questions, and taking every opportunity to flat out our trans-Atlantic friends, who were accepting everything given them at its face value.

"They were afterward astonished to find how our ideas were full of tucks and folds. Our leaders made the same mistake in 1919 in dealing with President Wilson, and were similarly accused of duplicity."

**Journal More Bitter**

St. Brie in the Journal was more bitter in his demand.

"England won a magnificent game," he asserted, "and has succeeded in realizing a European hegemony such as no nation ever has known, and has thrown on France the suspicion of imperialism."

Adhering to the plan outlined by Secretary Hughes at the Washington conference, St. Brie remarked: "It is a joke to present it as a reaction against militarism, as the Hughes program simply results economically in the domination of the world by three great powers. France, with a colonial population of 70,000,000, must have an adequate navy to defend sea routes. A navy is an essential condition to freedom, and would threaten only those who would wish to strike at that freedom."

## WILL MARY MILES MINTER CHOOSE HOME OR CAREER AS WIFE OF MILLIONAIRE?

Which will Mary choose—dishes or the camera?

The rumor that Mary Miles Minter, the pretty young screen star, has eloped with Thomas E. Dixon, Yale graduate and son of the millionaire pencil maker, has set friends of the actress a-gasping. They are wondering whether Miss Minter will continue her screen career as a \$100,000 a year star or whether she will give up the glamor of the films for a place in the home of one Thomas E. Dixon. Miss Minter is twenty years old. Her mother stated she knew the couple were engaged but she did not "know it was so serious."

## LAW ENFORCEMENT SPEAKER TO BE HERE

(By Associated Press)

Oliver W. Stewart, of Chicago, a former member of the Illinois legislature, and the leader of the Law Enforcement Flying Squadron, will give two addresses in this city in the First Christian church Saturday afternoon and evening, Jan. 7. He directs the organization from the last group of speakers, it being divided into three groups. That brings him into each city on the last day of the series of meetings and permits him to close up the campaign in each place.

Mr. Stewart was associated with former Governor J. Frank Hanly in founding the Flying Squadron foundation and succeeded to the head of that organization on the death of the former on Aug. 1, 1920.

There is no admission charged for any of the six meetings to be held by the Flying Squadron in this city. Admission is free and everybody is invited.

## FINANCIAL INTERESTS HAVE GREAT HOPES FOR U.S. DURING 1922

(By Associated Press)

NEW YORK, Jan. 2.—Wall street views the passing of 1921 with few regrets, but looks hopefully to the future, although realizing that the new year will put the country to even a greater test of its resources and stability.

Leaders of industry and finance emphasize their belief that return to normal conditions can not be accomplished until everybody settles down to earnest work, economy and saving.

For the most part, however, those who hold the purse strings and control the country's important industrial enterprises, believe that the United States is destined to grow as a world power.

### Depend on America.

This belief is largely founded on the fact that Europe is leaning more heavily upon this market. All foreign nations, it is pointed out, look to the United States as almost the only market for the capital needed to effect the rehabilitation of the old world.

The latest case in point is the Dutch government, which only yesterday awarded \$40,000,000, or 40 per cent of a new loan to our bankers, the proceeds to be used in its far eastern colonies.

Forecasts of general business conditions in 1922 are unusually difficult,

in the opinion of conservative observers, because of the many uncertainties, which beset the era of readjustment and reconstruction.

## HUNGARIAN ROYALISTS WORKING FOR CHARLES

(By Associated Press)

BUDA PEST, Jan. 2.—Royalists who supported former Emperor Charles in his efforts to regain the Hungarian throne are reported again to be active, especially since the release of Count Julius Andressy from prison. He had been under detention since the collapse of Charles' abortive attempt to set up once more the Hapsburg power in Hungary.

Count Andton Sigray, Deputy Rakovsky and Gustave Graiz, former minister of foreign affairs, were to be released today on bail of 600,000 kronan. Charges of mutiny must still be faced by the prisoners. Count Sigray is reported to have challenged Premier Count Bethian for having stated at a club in this city that Count Sigray had given his word after the first attempted restoration of Charles that he would not involve himself with any movement to place the former emperor on the throne.

CHICAGO USES 2,189,000  
WHISKY PRESCRIPTIONS

CHICAGO, Jan. 2—Charles A. Gregory, prohibition director for the Chicago district, announced that doctors in the district issued 2,189,000 liquor prescriptions in 1921. At an average cost of \$2 per pint for the liquor and \$2 for each prescription, this liquor cost nearly \$1,000,000, it is estimated.
