**EVERYDAY AD-VENTURES**  
Thoughts Of A Lost Wrist Watch—

"This is a little too much. First I had a hard fall on the pavement yesterday and lay there for hours. Then this man came along and picked me up and stuck me in his vest pocket. It's too much for my Swiss blood."

"I'm not used to this sort of thing, at all. My place is on a lady's wrist. My owner and I travelled in the best circles—went everywhere—parties, motor rides, teas, theatres. But you might think I was a \$1.50 watch, from the way this fellow treats me."

"I guess my owner will be late for that bridge party tonight. She always used to look at me after dinner and say 'Oh dear—I didn't know it was this late. I must fly!' I bet she doesn't feel much like going out without me tonight."

"This man has pulled me out of his pocket again. Say! Where are we? This looks familiar. Why, it's my own front door!"

"He's rung the bell. Now he's telling the maid that he saw Mrs. Bond's watch advertised in the Palladium and that he's found one that answers the description. I'll say he has! That's me all over! I must have known a Palladium Lost ad would take me home again."

## General Motors Trucks

A New Price for a New Year

GMC Trucks enter 1922 at a price in keeping with the spirit of the times. On January 1, 1922, these prices will become effective:

Model K 41—2 Ton - \$2775  
Model K 71—3½ Ton - \$3950  
Model K 101—5 Ton - \$4350

(Chassis Only, F. O. B. Factory, Plus War Tax)

These prices represent a saving over the original price of these models of from \$625 to \$1,050 per chassis. In addition, the Model K-16, one-ton chassis, which was recently reduced to \$1,495, completes the GMC line.

We are able to make these reductions because of our improved manufacturing facilities; because we have what competent men say is the best equipped truck factory in the world, and because our inventory has been adjusted to present-day values.

So now, at the beginning of the New Year, we are reducing prices in keeping with the spirit of the times.
