

TO INTRODUCE CITY PLANNING ORDINANCE AT COUNCIL SESSION

An ordinance providing for a city planning commission will be introduced at the next meeting of the city council, according to Mayor Lawrence Handley.

City Engineer Dell Davis has in view a system of maps to be drawn up for use of such a commission, showing the amount of population served by street car, telephone and sewer systems, the distribution of population in the city, the use to which land lying within the city limits is put, and the like.

Work of the city planning commission will be modeled along what is being done in Hamilton, Ohio. In the city engineer's office of the city building is a book showing some of the plans under way there.

Proposed Improvements
The book shows in an excellent manner the present conditions of the city of Hamilton, and the improvements that could be made by following out a definite program of city planning. A Union station fronting on a large plaza is beautifully depicted in the book.

At the start of the book is a comprehensive plan showing proposed city improvements. Among the topics taken up further on is the relation of city streets to country highways, the width of streets of the city, transit systems and park systems.

Transportation, recreation, community centers, parks and boulevards are given consideration in the description of the plan.

WINCHESTER SHERIFF ARRESTS CAR THIEVES

WINCHESTER, Ind., Jan. 10.—Sheriff Fisher and Deputy Sheriff Reichard arrested two men late Sunday night near Bartonla, eight miles southeast of here and brought them to Winchester.

The men gave the names of Cecil Allen, 18, and Delbert Duzenbury, 20, both of Lansing, Mich., where they had stolen an automobile and drove in the direction of Ohio. Somewhere in Ohio they abandoned the automobile and stole another and made their way towards Indiana coming to Union City. After leaving Union City they drove southwest and when in the neighborhood of Bartonla they ran into a ditch and found that they were out of gasoline.

They secured lodging at a farm house for the night. The farmer becoming suspicious went to a neighbor's house and called the sheriff and the arrest followed. The boys were both armed.

Christian Church Themes Announced For Week

CAMPBELLSTOWN, Ohio, Jan. 10.—Large crowds have been attending the meetings at the Christian church. Five new members were added to the church membership Sunday evening. The Dayton postoffice male quartet rendered several selections at all three of the meetings Sunday. Topics for the week are as follows:

Tuesday evening, "The Power of Faith."

Wednesday evening, "Earth's Greatest Institution."

Thursday evening, "Repentance."

Friday evening, "Conversion."

Saturday evening, "The Seeking Savior."

Sunday morning, "The Cure For Leprosy."

Sunday afternoon, "Motherhood" (women only).

Sunday evening, "Temptation." The young people are requested to come.

Campbelltown Junior High Arranges Large Program

CAMPBELLSTOWN, Ohio, Jan. 10.—The Literary society of the J. H. S. will give the following program Friday afternoon:

"How People Lived 40 Years Ago," Florence Laird.

"History of the National Road," Charles Bunche; recitation, "The Builders," Estella Daily; "History of Westville," Howard Ammerman; violin solo, Walter House; "History of New Hope," Dale Price; "History of New Hope Station," Thelma Stiggleman.

Piano solo, Emerson Ross; "Farming 40 Years Ago," Robert McWhinney; "The Old Schools," Herbert Larch; recitation, "Forty Years Ago," Mabel O'Hara; "History of Florence," Ruth O'Hara; "History of Campbelltown," Fred Swisher; vocal solo, Ester Stegall.

Make Annual Inspection of Tobacco Factories

George Matthews, internal revenue collector, and C. C. Henze of the division chief's office at Muncie are conducting their annual inspection of cigar and tobacco manufacturing plants in this district for the purpose of checking up on the amount of cigars and tobacco on hand in these plants.

Discovery in Nevada

Great Boon to Indiana People

Respiratory Medicine Which Saved Many Lives During Influenza Epidemic Now Available Throughout This State.

Right at this opportune time, when all Indiana is feeling the effects of a wave of respiratory infections, Balsamea, the pure vegetable preparation, is making its initial bow to the people of Hoosierdom.

Discovered in 1918 by a prominent Nevada physician, Balsamea took the West by storm. Now it is finding a ready welcome east of the Mississippi.

This is what Balsamea will do: Colds on the lungs are usually relieved in a few hours. In whooping cough cases it allays the cough and gener-

HANDSLEDS BECOME TAXIS IN SOVIET RULED PETROGRAD

Group of Russians with their handsled taxis and "trucks" before the winter palace in Petrograd. With most of the horses slain for their meat, gasoline virtually unobtainable and street car lines broken down, residents of Petrograd are offered the choice of walking or calling on handsled taxis when they wish to go about the city. These sleds, the common kind used by the youngsters, are pulled about by men of all ages. The photo shows the "taxi" stand before the winter palace, where once the golden-trimmed, jingling sleighs of the czar and the nobility drew attention.

Wireless Telephone News From Everywhere

Palladium Government License Call is 92AE, Fred Clark, operator.

The best record yet established by a Richmond wireless telephone station is one just recorded by W. H. Schultz. His station is named in "Radio," a California magazine published for wireless amateurs, as having been heard by the "Calburra," a ship off the west coast, while lying at anchor 140 miles north of Seattle, Washington.

Will Try for Prize
Eaton amateurs are responding to the offer of "Science and Invention," made in the last issue of \$300 in prizes for the simplest efficient radio outfit, and are planning to enter a set of their manufacture. The proposition was discussed Tuesday night and all amateurs of the city are co-operating in its construction.

The first prize amounts to \$100, with two of \$50, and four prizes of \$25 each. Requirements of sets to be considered for the prizes are that they must be home-made, must not have a total cost in excess of three dollars, and must be capable of being operated by an average man knowing nothing of wireless. The contest closes at noon, Feb. 15.

Hagerstown Amateurs
Herman Teeter, of Hagerstown, is working regularly with his regenerate set, taking the Palladium broadcasts every day, and also received a description of a stolen auto broadcasted from Pittsburgh recently.

Wilfred Knapp and George Wagoner are both working with crystal sets, although each has a vacuum tube on the way.

Cambridge City Amateurs
The partnership receiving station built by McGuire and Rowe is in regular operation now although only two stages of amplification are being used. Although some trouble was experienced when the set was first used, it is operating satisfactorily now and the Cambridge City amateurs are spending much of their time there.

Risser Williams also has a set in operation which is getting good results. McKinley Leapey has some of his apparatus at the Rowe-McGuire station and is not operating separately.

New Stations
A number of new stations have been erected within the last two weeks, due to the increasing use of the wireless telephone for broadcasting, which enables any layman, without previous experience, to listen in on something he can understand, after he has spent a little time learning how to adjust his set.

W. Lay, of Ridgeville, sends word that two farmers living near that city have installed Westinghouse sets solely to receive the market reports sent out regularly by the Palladium and other broadcasts.

Orville Wood, of Camden, has installed a set lately with which he is getting very good results.

In addition to Warren Copp, another amateur, Earl E. Rinck, has a set at West Alexandria, Ohio, with which he is listening in to all the broadcasts.

Palladium Telephone Record
Another distant point, Stonega, Va., has reported hearing the Palladium wireless telephone. Voice was received at this station, signals coming in very loud, and the market reports were heard by the operator. This station has a T aerial, four wire, 62 feet high and 75 feet long.

Wind Rock, Tenn., is another station.

ally shortens the case to about one week. In croup it gives immediate relief. Chronic bronchial asthma sufferers usually sleep perfectly after the third or fourth day's use, and continued improvement is rapid. It allays racking coughs and chronic bronchitis. In fact, Balsamea relieves all respiratory troubles. It is an excellent preventive for pneumonia and all other lung troubles.

Balsamea is palatable; children take it cheerfully. It is harmless in any dose. Balsamea is not an ordinary

cough syrup, but is powerful in all its effects on all respiratory troubles. Get a bottle now. Accept no substitute. Keep Balsamea in your home always. For sale at all drug stores.—Advertisement.

Why is France Demanding a Big Navy?

Why is the French nation, burdened with war debts and taxes, insisting on maintaining a big standing army?

The answer cannot be written in a word. It requires study. The average citizen cannot make the first hand study which is necessary to complete understanding.

The whole question of armaments and wars revolves around business. A colony is important, for instance, because it is of economic advantage to the parent country.

Any one can have free, a remarkably interesting young report of a first hand investigation of the problems now agitating the Conference for Limitation of Armaments. This is the report of a selected committee of American business men who visited Europe for the Chamber of Commerce of the United States.

To get this free booklet merely fill out and mail the coupon below, enclosing two cents in stamps for return postage. Print name and address or be sure to write plainly.

(Do not send the coupon to The Palladium. Mail it direct to Washington, D. C.)

MILTON, Ind.—The meeting of the League of Women Voters will not be held until the first Monday in February.

MILTON, Ind.—A basket dinner for all members and friends of the Christian church will be held Wednesday night in the church basement.

MILTON, Ind.—Guest day will be observed by the Cory club Thursday afternoon at the home of Mrs. Wallace Warren.

HANNA'S CREEK, Ind.—Mr. and Mrs. Rennie Borrdale entertained the Hanna's Creek Ever Ready Sunday-school class last Friday evening.

Perry LaFuze is teacher and there are 45 scholars in the class. The meeting was called to order by scripture reading, followed by prayer. The roll call

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisified coconut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Multisified will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisified coconut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months. Be sure your druggist gives you Multisified.—Advertisement.

CONSIDER WARNINGS IN FOREIGN TONGUES

Plans for sending out warnings to the Hungarian and Italian population of the city, warning such persons of the provisions of the law were discussed by Mayor Lawrence Handley and Attorney J. F. Pace Monday. Pace offered to translate such a warning into Italian and Hungarian languages if the administration would agree to circulate printed statements among the foreign population of the city.

The action was considered because of the alleged ignorance of many newcomers to this country, who are acting in the belief that they are within the law in making their own liquor.

No definite action has been taken by the administration on the proposition.

Christine Lane, of Lynn, Struck By Automobile

LYNN, Ind., Jan. 10.—Painful but not serious injuries were sustained by Christine Lane, four-year-old daughter of Mr. and Mrs. Lester Lane, living south of here, when she was struck by an automobile driven by her grandfather, Grant Lane. Mr. Lane was driving his car slowly when the little girl ran in front of the machine. No bones were broken.
