

OLD FASHIONED TUNES
TO FEATURE PIG CLUB
MEETING HERE JAN. 21

Old fashioned "fiddle" music, and talks by pig club members, Noble Warbler of Randolph county, and Ed Weadick of Wayne county on their experiences at the International Live-stock exposition, will be features of the inter-county Duroc Jersey Breed-ers and pig-club members meeting, to be held in Richmond all day Sat-urday, Jan. 21.

In addition to these recently ar-ranged numbers, assurance has been re-ceived that all those previously ar-ranged will be given as announced. Robert Evans of Chicago, will be present with the films famous among all swine breeders, of the national swine show and the picture showing the international winners of all breeds. P. M. Shanklin, of Purdue, assistant state pig club leader, will be present to talk to the club members, Mr. Aus-tin being unable to attend.

Promise Old Tunes
The strains of "Turkey in the Straw," "Old Zip Coon," "Irish Wash-crowman," "Devil's Dream," "Pop Goes the Weasel" and other similar old fashioned tunes are promised as numbers of the musical program which is under the direction of Walter Beeson, of Webster.

Newer music will be given a chance with the older, however, the program varying from the type announced to that represented by the "Poet and Peasant Overture." In addition, Mr. Beeson has been able to secure Miss Ivy Nicholson, of Green's Fork, well known to music lovers of the county as soloist for the occasion.

The two pig club boys will make short talks telling of their trip to Chicago and the work in the clubs which made the excursion possible.

L. C. Palmer will preside over the meeting which will open with a talk by Charles Trowbridge of Mays. The discussion in the morning will treat of practical aspects of swine and particularly Duroc Jersey breeding, grad-ually developing the broader view of the industry. C. C. Terrell, of Ohio, will talk at 11 o'clock on practices and methods advisable for younger breed-ers, and this is expected to be es-pecially interesting to the older pig club members.

Dinner will be served at noon in the high school lunch room, and after dinner the movies will be shown, with explanation by Robert J. Evans, of Chicago. The talk by the assistant state club leader will be the closing number.

Letters announcing the program will be sent Wednesday evening to county agents of Randolph, Union, Darke and Preble counties, who have promised to forward them to breeders and club members likely to be interested in the meeting, and from reports already sent in, of the interest shown in the meeting, a large attendance is con-fidently expected.

WILL TAKE LENNARD
TO PENAL FARM SOON

John I. Lennard, convicted of vi-olation of the liquor laws about one year ago, entered the county jail Wed-nesday morning. He will be taken to the penal farm within a few days, Sheriff Wadman stated, where he is to serve a 30 day sentence.

Legal contests between the state and Lennard's attorneys, Holmes and MacCallister, of Indianapolis, have oc-cupied the time since Lennard was found guilty by a Wayne county jury, last January. The case was appealed to the supreme court at Indianapolis, which reaffirmed the decision of the Wayne circuit court, that he pay a fine of \$100 and costs, and serve 30 days on the penal farm.

The final act in the long drawn out contest was staged Wednesday morn-ing when Fred MacCallister, attorney, argued for three quarters of an hour with Judge W. A. Bond to have Len-nard serve his sentence in the county jail instead of on the penal farm. Judge Bond overruled the motion.

USE CONCRETE FOR PERMANENCE

No Other Road Performs Like Concrete

The car's a big part of motoring—the road's the rest. Why not be as particular about the performance of roads as about the performance of your car? Concrete provides the only firm, rigid, gritty surface that is skid-proof even in wet weather.

Highway officials everywhere are building Con-crete hard-surfaced roads to meet the motorists' requirements.

Our Booklet R-3 tells other interesting things about Concrete roads. Write for your copy
