

## LEGION WILL PLEAD BONUS CASE BEFORE C.O.F.C. ORGANIZATIONS

INDIANAPOLIS, Ind., Jan. 18.—The American Legion will plead its case for adjusted compensation before every chamber of commerce in the country, according to a plan of Harry MacNider, national commander. The legion's object is to obtain a decision favorable to compensation in the nation-wide referendum on the subject which has been called for by the United States Chamber of Commerce at Washington. This body went on record against compensation at its last annual meeting and has since waged a bitter fight on the legion's bill, but there have been indications that its attitude has not reflected faithfully the stand of many of its individual members.

Chambers in such important cities as Cleveland, Ohio; Seattle, Wash.; Portland, Ore., and some 20 others have openly repudiated the position of the national organization and have adopted resolutions supporting compensation.

That the legion's attitude has been befogged by opponents of the measure is charged in a letter from MacNider to the president of the federal chamber, copies of which have been distributed to every post. MacNider claims that a mistaken idea of the bill has been spread abroad by the persistent attack on the "cash bonus" clause, which is only one of five provisions for adjusted compensation.

Cash, vocational training, paid-up 20-year endowment insurance, farm or home aid, and land settlement are five optional forms, and MacNider contends that the cash payment will not be seized upon by an unreasonable percentage of service men because it offers the least actual value of all.

Our point is that no referendum can be fair unless those who consider the question know what the immediate issue is," the letter reads. "We urge that every facility be given them to understand."

No referendum on the question of the soldiers' adjusted compensation proposal is being conducted by the local chamber of commerce, according to officials of that body, questioned Wednesday. The local body is not affiliated with the national organization and consequently is not receiving communications of this nature, it was stated.

No word has been received by Harry Ray post from the national headquarters, as yet, Adutant Umpleby stated.

## DON'T GET UP NIGHTS FOR BLADDER ILLS

Dayton Man Reports Relief With Simple Remedy After Getting Up 15 or 20 Times Each Night for Two Years.

Mr. Julius Mayer, 1430 East Fifth St., says in his own home paper, the Dayton News: "For two years my bladder caused me to get up many times at night and too frequent in the day. After taking a few doses of Lithiated Buchu, my bladder works perfectly normal and I can sleep all night. Lithiated Buchu acts on the kidneys and bladder as Epsom Salts do on the bowels. You will be surprised at the impurities which come from the bladder after taking a few doses of Lithiated Buchu. It is not a patent medicine as the formula is on the package. The tablets cost 25 cents each. This price makes it possible to place in the formula several high priced drugs, which are useful to give relief. It is not likely that you have ever taken a remedy similar to this. Try a few doses for backache, swelling, scanty or high colored urine and frequent desire at night. You can see the formula and learn more about Lithiated Buchu at A. G. Luken Drug Co. and drug stores everywhere, or write The Keller Laboratory, Mechanicsburg, Ohio.—Advertisement.
