

## HOGS, SHEEP, LAMBS HIGHER, CATTLE AVERAGE LOWER LAST WEEK, SANBORN'S REVIEW SHOWS

By William R. Sanborn

The vagaries of the live stock market are often hard to account for. Take the price of sheep and lambs last week for example. With receipts of 85,000 head up to Friday night both sheep and lambs advanced right along at Chicago, good wethers selling as high as \$8 and best western lambs bringing up to \$13.25. These prices held on Saturday.

Now, then, this range brought the average price of good fat lambs up to \$12.75 on the week's arrivals, a net gain of \$4 per cwt., inside of nine weeks, when the average was down to \$8.70. And more than this, lambs averaged higher in the west last week than on any date since November, 1920. Packers explain that, after all, it has been a matter of supply and demand entirely, as to lambs, for the meat eaters have demanded more lamb chops than the supply, liberal as it has been, has afforded. All right, what's the answer? How does it come that consumers "have returned to their mutton," and at much higher prices? What was the matter with lamb chops and roasts when the price was one-third lower, and when ordinary sheep were selling for freight and commission charges, or thereabout?

### Supplies Running Short

One Chicago market reporter says: "There is some talk of importing frozen mutton, but the urgency of demand will eat up big quantities of stuff from abroad, forcing much reaction as home supplies are unquestionably short." As a matter of fact we have imported millions of pounds of South American and New Zealand lamb within the past two or three years, so much so, in fact, that western carcasses could not compete in eastern markets, except at a loss, on more than one occasion. The facts were printed in this column from time to time, when whole ship loads of frozen stuff were brought in. But that the supply is comparatively short can not be denied. Raising wool and mutton at a loss has resulted in the sacrificing a large percentage of the ewes as lambs. We shall discover this fact in our marketing operations before long. It takes time to build up flocks.

### Trend of Hog Market.

The receipts of hogs at Chicago last week, at 222,100 head, were the third largest since last February. The "average" price on Saturday was \$8.20, the top average figure since Sept. 2, 1921. Selected lights and pigs scored as high as \$8.75, the top of the week. The estimated average weight on last week's droves was 224, against 226 pounds in the previous week. With hogs better than holding their own and lambs averaging \$12.75 on the week, the highest in about 15 months, one might have reasonably looked for a firm and slightly higher market for cattle last week. To the contrary the market was soft. As a matter of fact beef steers finished the week at an average loss of 25 cents compared with a week earlier, or at \$6.90 against \$7.15 for the week ending Jan. 14. Some kinds of cattle lost even more.

### The Indianapolis Market.

Compared with the week ending Jan. 14, when good choice light hogs sold at \$8.35 to \$8.65 on Saturday, hogs scored an advance of 35c to 50c at Indianapolis. Best lights made a top of

### Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided cocoanut oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls of Multisided will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get Multisided cocoanut oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

Be sure your druggist gives you Multisided—advertisement.

\$9 on last Thursday, slumped on Friday, but were marked up to \$9 for the peak at the week-end. Cattle followed the trend at western markets and prices were shaded during the week. But 200 head were in the pens on Saturday and good to choice killing steers, 1,250 pounds up, sold at from \$7.50 to \$8.25. Assorted light lambs sold at from \$12.50 to \$13.25 at Indianapolis on Saturday, thus reflecting the advance in the west.

## ELECT HOLLANSBURG INSTITUTE OFFICERS

HOLLANSBURG, Ohio, Jan. 23.—Former officials of the Hollansburg farmers' institute, after conducting the most successful institute of many years, turned the management over to an entirely new organization after the annual election Saturday, at the close of the two-day 1922 session.

Dan Albright, president for 1922, is succeeded by John Miller, who will officiate in 1923, and the vice-president, George Ireland, is succeeded for 1923 by Arthur Moore. Other officers are: Charles Koons, secretary; Henry Wolf, treasurer, and an executive committee composed of Forest Thomas, John Kellam and Herschel Brown.

An attendance of 400 at the Friday evening session and of 350 on Saturday afternoon was reported for this year, and the Builders' class of the Christian church, who furnished the dinner, fed 300 of the audience.

### Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.

Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color.

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause.

Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They control the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 20c.—Advertisement.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork; become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it is no longer a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.
