

NICHOLSON SOUNDS APPEAL FOR RELIEF OF STARVING PEOPLE

Latest word from the famine district in Russia is to the effect that the official government report is too appalling to telegraph," said S. E. Nicholson today, who has been directing the movement in this state to secure supplies for that stricken country.

Mr. Nicholson explained that the American Friends' Service committee, which is the organization that is appealing to the public for contributions of money, flour and clothing, is charged under agreement with Mr. Hoover to take care of the Buzuluk district. "A cablegram reveals a condition that seems to be little understood in this country," he said. "This cablegram said: 'Whole population is starving. Feared whole district will die out if we do not increase feeding.'

"On the basis of a dollar a month per person, for a period of eight months, it will require \$2,100,000 worth of food supplies to save the people in this district alone. In addition, however, supplies of milk, oils, fats, medicines, and other hospital equipment are needed in unlimited quantities for the children in homes and hospitals. In addition to all this, agricultural implements are needed, especially tractors and small farm implements, or the money that is being spent by the government of the United States and of Russia for seed grain will be of little avail.

See Terrible Sights.

A report from one of the Friends' agencies in Russia says: "I have seen terrible sights, the dead lying in the streets and left there for days, and heaps of bodies pitched like cabbage stumps on the grass at the cemetery, waiting to be shoveled into a common grave, already half full of other bodies. There are men, women and children, stripped of every vestige of clothing, wanted for the living, their faces showing the agony they suffered before death came." This was the condition of affairs in December. In the face of such a calamity the American people cannot blind their eyes to the terrible situation.

The Indiana Russian Fund committee is putting on a campaign all over the state to secure contributions of money, flour, corn and clothing, worth at least \$20,000,000. The quota for Wayne county is \$3,800. When men, women and children are dying in droves over there, we must exceed our quota rather than fail to come up to it.

Contributions should be left at the Wayne county headquarters, the Romeo Furniture store, near Tenth and Main streets. The checks can be sent to the treasurer of the county committee, Alton Hale, First National bank."

INVITE INSPECTION OF UNION MISSION

Richmond citizens are invited to a tour of inspection of the newly equipped and arranged mission, moved from North Fourteenth street to its present location at North Twelfth and I streets, any afternoon or night of next week.

Churches of the city which have been contributing regularly toward the support of the mission have been invited to an open house meeting to be held Monday night. A short program and light refreshments will be enjoyed.

Throughout the period in which the change of the mission was made to North Twelfth street, work in the mission has been maintained. The old frame mission house formerly located on North Fourteenth street is now the connecting link between an old brick residence and a church auditorium. Space in the three buildings affords a much more complete establishment for carrying on the mission activities.

A request has been issued that any one having a gas range, kitchen cabinet or wardrobe which they will give to the mission should call phone 2863.

Police Squads Maintained Strong Lines to Prevent Frantic Relatives from Rushing into Wrecked Theater

HUGE CROWDS SURGED all day in every street approaching the wrecked Knickerbocker theater building, and at times taxed the Washington police to the very limit of their ability to handle them. Efforts to keep the throng at a distance

failed, the police being forced back time and again against the outer walls of the theater. It was necessary to keep a strong detail immediately in front of the main entrance to prevent frantic relatives and friends from plunging into the wreckage.

ANSWERS CORRECTLY EDISON'S QUESTIONS; TO WED IN FAMILY

(By Associated Press)

NEW YORK, Jan. 31.—When Thomas A. Edison formulated his famous and much abused questionnaire last spring he had no idea that the only man who would answer it correctly would win his way into the Edison family, but such is the case. Samuel A. Hasley, of Newark, N. J., tonight will wed Miss Charlotte W. Hawkins, sister-in-law of Charles Edison, son of the inventor.

The wedding will take place in the Charles Edison home in West Orange, N. J.

Mr. Halsey, who is now manager of an Edison concern in this city, was one of the first to get the famous questionnaire, issued February of last year. Instead of ridiculing it, he answered it—listing correct answers to every question—and was given an A. A. grading by the inventor himself. He was given a job juggling figures in the Edison factories, but he did not stay at it long. In his advance he reached the post of chief of the personnel staff, and met Miss Hawkins, who was doing welfare work in the plant.

It was here that Mr. Halsey framed his own questionnaire of but one question. Miss Hawkins also graded him AA.

This Week's Beauty Help

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleansed each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense, by dissolving a teaspoonful of canthrox, which can be obtained from any druggist, in a cup of hot water. This makes a full cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very sooth- ing and cooling to both scalp and hair. After rinsing out the lather so created you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.
