

WORKERS IN PREBLE CLUB WILL GATHER TO CONFER APRIL 15

EATON, Ohio, April 5.—Club workers in Preble county will gather here April 15 for a conference, in which plans for the year's activities will be formulated.

Rules and regulations governing boys' and girls club work will be adopted in the conference, it is expected. Monroe and Jackson townships are first this year in organization of boys' and girls clubs, each having a food and clothing club and an appointed leader.

Formation of a number of pig clubs will be effected this year and this feature is expected to figure prominently in the county's club work. Plans for these clubs will be presented in the coming conference.

County Club President Fred C. Hilbert has been elected president of the Eaton County club for the present year. W. O. Gross is vice president; Clifford Stroth, secretary; G. L. Hoover, treasurer. Dr. L. V. Reynolds, John V. Dye, A. J. Hiestand and the officers constitute the board of directors.

The Eaton County Club company, holding company for the Eaton County club, has elected its board of directors for the year, but the directorate has not yet organized by electing officers. Members of the board of directors are G. E. Rensman, John M. Gale, Walter S. Tyrrell, John E. Parker, Harvey H. Hawkins.

To Lift Quarantine. Quarantine restrictions at the municipal public library will be lifted next Monday and the library will be reopened to the public. The building is undergoing thorough fumigation. Reject Hospital Proposal. Declaring they do not wish to bind themselves or the town in any manner at this time, members of council in a meeting voted to reject a proposition by Charles F. Kincaid, of Dayton, representing the Willows Hospital association. In discussing the proposal the councilmen made it clear they personally favored a hospital for Eaton but they expressed belief the town at this time is not in position to accept such a proposal.

For Any Kind Of Building

Around your home, whether you live in the city or the country, concrete can be used.

Even if you are going to do nothing more than replace rotted clothes line posts, this artificial stone can be used. Building the forms in which the concrete is cast, mixing the materials, and setting the concrete are not difficult operations. By following simple instructions anyone can build many things of concrete. Within the ability of concrete construction at home by amateurs lie walks, drives, cellar floors, garages, and fence posts. You can have, entirely free, the revised booklet giving all necessary instructions for simple concrete construction. To secure a copy merely fill out the attached coupon, enclosing two cents in stamps to pay postage on the booklet. Be sure to write your name and address clearly on the lines of the coupon.

Do not send the coupon to The Palladium. Mail it direct to Washington, D. C.

Frederic J. Hashin, Director, The Richmond Palladium Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the Concrete Booklet.

Thoughts of an Unused Piano—
"I guess I'm deserted, all right. I've been up here in this store room for six months—ever since the family got that new suite of furniture that I didn't match.

"Nobody's hit a note on me all this time, either. I certainly am a derelict on the high 'C's'. I bet I'd be all out of tune, even if somebody did try to play me.

"It's pretty tough when the only musical member of a family gets married and somebody gives her a new piano for a wedding present. Those were the days when she and I used to play sonatas and waltzes and all sorts of sad, sweet music.

"It makes me sad to think about them. I can remember—why—what's up? Someone's taking the cover off me. My owner is showing me to a young lady and apologizing because I'm out of tune.

"They're talking about me over there across the room. I can't quite make out, but I think—yes—that's right! The young lady, who saw me advertised in the Palladium's 'Musical Instruments' column has decided to buy me. You don't know what this means to me—I'll be able to take up my 'career' again!"

TWO NEW FEATURES ADDED TO POPULAR DUBLIN FREE FAIR

(Special to The Palladium) DUBLIN, Ind., April 5.—Two entirely new features are to be added to the popular Dublin Free Fair this year, according to announcement by its officials. There will be a breeding stock lamb club and a fat wether club, the latter open to anyone and the first for children only. The beef calf club will be a feeding club also, and open to adults as well as children.

For the purpose of continuous progress in fair arrangements the last Wednesday of every month has been set as a regular meeting date for the fair officials when questions connected with the fair will be taken up.

It is reported that half a dozen race horses already are or soon to be in training in Cambridge City, as many in Dublin and a number of others in surrounding territory, so that it is felt the races will be an attractive feature this year.
