Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her old, worn, faded things new. Even if she has never dyed before, she can put a new, rich color into shabby skirts, dresses, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything. Just tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods. Diamond Dyes never streak, spot, fade or run.—Advertisement.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

Young Girls Need Care

FROM the age of twelve a girl needs all the care the thoughtful mother can give. Many a woman has suffered years of pain and misery—the victim of thoughtlessness or ignorance of the mother who should have guided her during this time. If she complains of headaches, pains in the back and lower limbs, or if you notice a slowness of thought, nervousness or irritability on the part of your daughter make life easier for her. Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions. It can be taken in safety by any woman, young or old.

Read How These Mothers Helped Their Daughters

Greenville, Del.—"I was under the impression that my eldest daughter had some internal trouble as ever since the first time her sickness appeared she had to go to bed and even had to quit school once for a week. I always take Lydia E. Pinkham's Vegetable Compound myself so I gave it to her and she has received great benefit from it. You can use this letter for a testimonial if you wish, as I can not say too much about what your medicine has done for us."—Mrs. Wm. S. Hughes, Greenville, Del.

Wauseon, O.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then, able to do any work she wants to do—and so well and strong. We recommend the Vegetable Compound to mothers with ailing daughters."—Mrs. A. M. Burkholder, Route No. 2, Box 1, Wauseon, Ohio.
