

ONLY SIGNATURE IS NEEDED TO PUT SEAL OF JAPAN ON PACTS

(By Associated Press)
TOKIO, July 1.—Approval by the privy council of the treaties adopted by the powers at the Washington arms conference today had left the Prince regent's signature the only formality remaining to place Japan's final seal upon the decisions aimed at world peace.

While there has been some talk of the sovereign authorities of all the subscribing nations signing the treaties simultaneously, Japan is unlikely to await this. The regent is expected to sign the treaties before his departure on July 6 for Hokkaido. He presided at the privy council meetings where the treaties were approved and naturally will follow the commendation of his advisors whom he entertained at luncheon after the final session.

Secretary Taketomi of the foreign office will take the treaties to Washington as soon as they are signed. The re-ratifications will be exchanged.

MARION BRUSHES UP TO WELCOME HARDING

(By United Press)
MARION, Ohio, July 1.—Marion, and by the same token, all Ohio brushed up today in anticipation of the return for a few days of its first citizen, President Harding.

The president will arrive in Marion for the centennial celebration Monday morning. He will deliver a short address and then retire to his famous "Front Porch" for a few days spent in visiting with the "home folks."

President Harding will leave Washington tomorrow by automobile. He will stop in Gettysburg, Pa., the first night and then continue his trip to Ohio. This visit was the first the president has paid to his home town since he left to take up his executive duties in Washington, a year and a half ago.

OLE'S CHANGES MIND, BUT JOB IS LOST

(By Associated Press)
YOUNGSTOWN, Ohio, July 1.—George L. Oles, who resigned as mayor of Youngstown last night, today made a futile effort to reconsider and resume the office which he declared "the most thankless job in the world."

But the city solicitor ruled that Oles' resignation which was to be effective July 1, became valid at midnight last night—and Oles is out for good.

Traffic Rules, Taxicab Ordinance, Daylight Time Before Council Monday

Second reading of the traffic ordinance will be given at the next meeting of the city council, Monday evening. The council will also decide whether or not Richmond is to go by daylight savings time.

Decision on daylight savings comes up in the form of a resolution to repeal the ordinance. The resolution was introduced at a special meeting a few days after daylight savings was adopted, early in June and since that time has been given a reading at each council meeting.

Parking space for taxicabs in front of railroad stations of the city is provided for in an ordinance which comes up for second reading Monday. Some taxicab companies of the city charge that this ordinance creates a monopoly in that it gives the transportation companies the right to designate which line of taxi shall use the space so set aside.

Appropriation of \$1,700 to be placed in the police miscellaneous fund, for payment of bills incurred by the department, will be up for discussion at this meeting. The ordinance was given its first reading at last meeting.

Board to Protect Army, Navy Men From Disease Goes Out of Existence

(By Associated Press)
WASHINGTON, July 1.—The inter-departmental social hygiene board, created four years ago to conduct a campaign for the suppression of vice and the protection of army and navy personnel from social diseases, went out of existence today and its entire field force was disbanded, due to the exhaustion of funds at the close of the fiscal year. An eleven-hour attempt to secure a six months appropriation to continue the board failed when the item reached congress too late for inclusion in the general deficiency bill passed last Thursday.

The board previously had not submitted a budget estimate for appropriations for the new fiscal year because of the belief that the proposed new department of public welfare in which its activities were to be included, would be created before then. When it became evident several months ago that legislation proposing the new department would not be passed by congress, bills were introduced in the senate and house to transfer the board's activities to the department of justice. Neither of these came up for passage, however, in the crowded final days of the fiscal year.

During its four years of existence, the board is credited with the suppression of 83 vice districts, and the number of social diseases in the army at one time reached a low record.

Japanese Council Favors China Pacts

(By Associated Press)
TOKIO, July 1.—The privy council today recommended to the Prince Regent ratification of the treaties relating to China adopted at the Washington arms conference.

Viscount Ito reporting for the committee to which the privy council had referred the matter said the resolution proposed for the new fiscal year of foreign minister, was adopted. It had caused a heated discussion among members of the committee. Some committeemen, holding that this provision involved considerable disadvantage to Japan desired to add reservations. He explained, however, that the committee wished to respect the spirit of the Washington conference and recommended unreserved ratification.

Dog Given Reprieve After Sentence Because Master Is Unnaturalized

(By Associated Press)
LANSDALE, Pa., July 1.—"Dick," a handsome dog of St. Bernard and mastiff parentage who was condemned to death because his master was unnaturalized, has a new lease on life today, having received an eleventh hour reprieve from Magistrate Boorse.

Recently some one made a complaint against "Dick" citing the state law against the ownership of dogs by aliens and he was ordered shot.

Dog lovers from near and far protested and at the hearing before Magistrate Boorse of the country side crowded the courtroom to plead for Dick's life. At the conclusion of the hearing those of the two little daughters of Jacob Silverman, Dick's owner, pleaded for the dog.

The Magistrate ruled that the dog be given into the custody of the society for the prevention of cruelty to animals which agreed to care for him. Silverman was fined \$25 for having the dog in his possession.

"Spook Light" Is Causing Nightly Watch Parties

(By United Press)
OAK HARBOR, O., July 1.—The "spook light" on what is known as the Lindsey road, five miles southwest of Oak Harbor, again is receiving much attention and is the cause of nightly watch parties.

The light is visible on almost any clear night, especially during the early hours. It appears first over the center of a small creek bridge, where it wavers a moment, then travels to the west side of the road to disappear near an abandoned house which the superstitious persons claim to be haunted.

According to these persons the light is the spirit of an old man reported to have committed suicide many years ago. Thousands of persons visited the scene six years ago. When interest in the strange light was sufficient to attract the attention of a famous scientist, he declared it was the result of phosphorus present in the bed of the creek.

STEWART, EX-MINISTER, STILL HELD IN JAIL

(By Associated Press)
LOS ANGELES, Calif., July 1.—Donald B. Stewart, former clergyman and vice-crusher, will be held in the county jail here until authorities from Boston obtain a fugitive warrant growing out of complaints against him in that city for bigamy, grand larceny and conspiracy. This information came yesterday when Stewart attempted to gain his freedom on a writ of habeas corpus, in the Los Angeles superior court.

WHISKY WITHDRAWALS FALL OFF 7,000,000 GALLONS DURING YEAR

(By Associated Press)
WASHINGTON, July 1.—Whisky withdrawals fell off by nearly 7,000,000 gallons during the past fiscal year, according to a statement issued today by Prohibition Commissioner Haynes. Reviewing the fiscal year, Mr. Haynes reports that less than 3,000,000 gallons of whisky were withdrawn as compared with 9,696,122 gallons the previous year and 14 1/2 million 0/10 gallons of alcohol and other distilled spirits compared with 24,896,368 gallons withdrawn during the fiscal year 1921.

"Nearly 1,500 cases were," he said, "reported by general prohibition agents and fines amounting to \$2,159,410.39 were imposed by federal courts. Three and one-half million dollars worth of bonds were placed in suit, or proceedings begun. Reductions in rentals and disposition of seized property in the amount of \$208,832.50 were effected and an additional saving of \$156,900 otherwise effected."

Under the narcotic laws over 2,200 violations were exposed resulting in 75 percent convictions and approximately \$70,000 in fines. Sentences in both prohibition and narcotic cases were uniformly much severer.

Make Important Changes

"Important changes took place. Enforcement work has been vested in state directors and a mobile force of general agents eighteen divisional chiefs directed from Washington created."

"A special legal group now prepares all criminal information, indictments, injunctions, libels and search warrants."

Double Check Clerks

"Applications to operate as wholesale druggists are now double checked and reports of state inspectors are verified by re-inspection."

"Manufacturers and wholesale dealers are required to give a monthly account of all drugs received, manufactured and sold."

Forgery-proof, non-transferable permit forms effectively prevent fraudulent withdrawals.

"Legislation has given the commission authority to concentrate into a smaller number of warehouses all distilled spirits, effecting a large saving in money and effecting losses from other than withdrawal under permit."

"Seamless chasers and speedy motor boats have been added to the equipment, also an airplane service."

U. S. TROOPS RUSHED TO AID COMPANIES

(By United Press)
TAMPICO, Mex., July 1.—Federal troops were rushed into the Tampico oil field today to head off "General" Govez, who has threatened to return tomorrow to levy tribute upon American oil companies.

Three hundred and fifty cavalry men arrived from the south. A detachment of 150 infantrymen was sent from Tampico. It is reported 1,000 additional soldiers landed after being transported by boat from Vera Cruz.

WOMEN GET EARLY START ON LAST LAP OF CHEST CAMPAIGN

The women's committee of the Community Chest campaign was on the streets at an early hour Saturday in an effort to put the drive over before nightfall.

Saturday was the final clean-up day of the campaign and the work was given over to the women's committee at a banquet-meeting of both the women's and men's committees Friday night in the gymnasium of the Y. M. C. A., where about 300 workers assembled. The returns of the men workers for the day were received and the prizes awarded to the winning teams and to the winning generals, as had been done at the previous meetings.

General Jesse Wiechman's division of the southwest territory was given the pennant awarded to the division with the highest amount of subscriptions raised during the campaign. His division secured 284 subscriptions to the total amount of \$6,425.

Dr. L. F. Ross, who was instrumental in the organization of the Welfare league and who is the present head of that organization, spoke to those present at the meeting, explaining the purposes and advantages of the league. He brought out the fact that the Welfare league was a distinct economic necessity to the community, in that the purpose of six campaigns was thus accomplished at the cost of one. The duplication of effort made necessary by a large number of individual campaigns is eliminated by the organization of the Welfare league, said Dr. Ross.

The number of contributors to the chest up to the time of the reports Friday night was 1,001 and the grand total of subscriptions received was \$21,132.50. The amount raised by the men's committee Friday was \$10,658.

Can't Estimate Work

"There is no way to forecast the result of the women's house to house canvass for subscriptions today," said Director Hays when he was asked Saturday what the probable outcome of the women's drive would be.

"You see, this thing has never been done here before and it is hard to say what the day will bring forth. However, the campaign committee feel optimistic. It feels that he women will put the chest fund over the top."

BLACK WHEAT RUST CAMPAIGN TO START

A campaign against black rust in wheat is expected to start early this month under direction of state officials in both Randolph and Wayne counties. The elimination of all common barley bushes, which are necessary as a host to the rust fungus during one period of the life cycle will be the most important measure.

While black rust is not so prevalent as the red or leaf rust, it still is gaining a strong foothold in this region, county agents point out. Ralph Test of Henry county has issued a special call to his clients at 10 o'clock at 9 in Wayne county the fungus has been found in various parts of the county, and one sample of badly rusted wheat is to be found on the bulletin board in the county agent's office.

TO EXAMINE LIGHTS ON AUTOS TONIGHT

Motorists of this community who wish to have headlights on their cars examined by the police station tonight if they will visit the police station Saturday evening. First action toward checking the headlights and insuring the proper focus will be taken at that time.

Motorists will be referred to any checking station in the city, if their headlights are not properly adjusted, it was stated. Frank Pim, headlight engineer, representing the Hoosier Motor club in an educational campaign to set forth the requirements of the state law will be present at the city hall to instruct motorists.

Those owners of cars on which the headlights comply with the state law will be given a certificate showing that their headlights have been properly adjusted.

AUTO MANUFACTURERS OF SEVEN STATES UNITE; DAYTON HEADQUARTERS

(By Associated Press)
DAYTON, Ohio, July 1.—An \$80,000,000 consolidation of manufacturers of automobiles, trucks and auto parts, with factories in seven states, has been completed here under the name of Associated Motor Industries. Will I. Ohmer of Dayton is chairman of the board. The merger includes seven automobile and truck factories, in addition to motor, body, gear, ignition and other part makers. Offices will be here.

Full speed production will be started within a few days in all plants, it was announced. A number of other manufacturers of cars are being considered in the consolidation and some additions may be announced soon, it was said. Besides the manufacturing plants involved five assembling plants will be operated, located at Indianapolis, Boston, Louisville, Oakland, Calif., and St. Louis, Mo.

RAIL BOARD'S ACTION ON STRIKE COMPLETED

(By Associated Press)
CHICAGO, July 1.—No further effort would be made to settle the strike by the railroad labor board. It was said at the board's office today.

The failure of B. M. Jewell and other shop union heads to appear before an official investigation by the board yesterday spelled the end of the tribunal's intervention, according to Chairman Ben W. Hooper.

The only action to complete the board's action in the strike will be an official announcement of the board's views in an announcement expected to condemn the strike.

The administration took the stand that the strike was against the decision of the labor board. Dispatches from the four corners of the country reported the walkout as general, although no accurate estimate of the 400,000 union shop workers who quit work could be compiled.

FRAZIER PLURALITY OVER 4,000, REPORT

(By Associated Press)
FARGO, N. D., July 1.—With the nomination of Governor R. A. Nestos and Lynn J. Frazier for governor and senator, respectively, on the Republican ticket definitely assured, interest today was directed to the nominations for state officers voted on in Wednesday's primary.

The probable plurality of Governor Nestos, Independent, is set in Independent sources at from 8,000 to 12,000 and the same sources place the plurality of Frazier, non-partisan, at 4,000 to 6,000, as against the 15,000 lead the League heads claim for the latter.

It is admitted in League quarters that defeat of other Independent state officers seeking renomination would result only from very material defections and in available returns on these nominations there has been no evidence of such turnovers.

Senator Porter J. McCumber, whose defeat by Frazier had been conceded by his friends, showed unexpected strength in some of the strong League precincts, whereas he ran far behind Nestos in some strong Independent districts. McCumber was not endorsed by the Independent state convention.

7,000 ALIENS RACE TO LAND IN U. S.

(By Associated Press)
NEW YORK, July 1.—More than 7,000 immigrants from south Europe packed in the bows and forecastle decks of five steamships that started their dash through Cabotage channel for Quarantine promptly at one minute past 12 o'clock this morning to land their passengers before the new July quotas were filled.

THREE GOVERNORS GREET PRESIDENTIAL PARTY AT GETTYSBURG

(By Associated Press)
GETTYSBURG, Pa., July 1.—Governors of three states today planned to welcome the presidential party which will include Mr. and Mrs. Harding, General Pershing, Brigadier General Charles Dawes and Mrs. Dawes, Brigadier General Sawyer and Miss Sawyer, upon their arrival at the camp of United States marine on the Gettysburg battlefield.

Shortly before the arrival of the president and his party from Washington, Governor Sproul will welcome to Pennsylvania, Governor Ritchie of Maryland and Trinkle of Virginia. The three governors will extend a welcome to the presidential party.

Some changes have been made in the program of entertainment for the guests. Immediately after their arrival and the artillery salute of 21 guns, a reproduction of Pickett's charge will be staged by the marines, band concerts and a demonstration by the aircraft will feature the evening's entertainment.

Sunday morning church services will be observed at the Virginia monument and at 10:30 a. m. President Harding will review the entire command of the fourth brigade.

WASHINGTON, July 1.—President Harding left Washington shortly after noon today for Gettysburg, Pa., where he will be an overnight guest of the marine corps camp there. Tomorrow he will leave the Gettysburg battlefield for Marion, Ohio, to attend a homecoming celebration to be held next week. The entire trip will be made by automobile. The president expects to reach his destination late Monday.

DISORDERS OCCUR AT WASHINGTON SHOPS

(By Associated Press)
WASHINGTON, July 1.—Disorders in connection with the strike of union shopmen called for today, occurred at the Baltimore and Ohio railroad company's roundhouse at Ivy City, Md., near here, early in the day when men said to be employees of the company drove from the vicinity of the roundhouse a detail of special guards sent there by the railroad to protect the property. The men are said to have mistaken the guards for strike-breakers. A hand-to-hand tussle took place before the guards withdrew, but no one was injured.

When police of the Washington city force to whom the guards appealed for aid on having the roundhouse reached the scene the found the cots and camping equipment which the guards had taken there destroyed. Quiet had been restored then, however, and the police expected to further disorders.

"Gerry" and Lou Tellegen Patch Up Differences

(By United Press)
NEW YORK, July 1.—Ceraldine Farrar and Lou Tellegen have decided to have a happy ending to their romance after all, according to Zits, a theatrical weekly.

The famous ten and her matinee idol husband, whose sensational matrimonial difficulties startled the theatrical world last summer, are reported to have effected a reconciliation.

Tellegen, according to report, published in Zits, has moved his things back to the home on West Seventy-fourth street, from which "Gerry" lastly ordered him following their separation and he led to the belief that the stage couple had patched up their differences and were going to make the last act end up "happily ever after."

Mrs. Farrar was in town today nor was Tellegen.
