

EXPOSITION SHOWING SCOPE OF WOMAN'S WORK WILL BE HELD

(By Associated Press)
NEW YORK, July 1.—The New York League of Business and Professional Women has decided to hold an Exposition of Women's Activities next September to prove that women have won an enviable position in the business, professional and industrial world.

Mrs. Elizabeth Sears, president of the league, which already is opened offices to prepare for the exhibit, in announcing plans for the exposition, said:

"We are no longer an exponent in the business world. We are here to stay and it is up to us to show that we are to be an asset and not a liability in the business world."

"Our exposition plan is to encourage one, it is true, but it is to show women to show courage. We will present not only the varied educational opportunities now open to women, but also just how every woman should be trained for her life as a wife and mother—the biggest and most important job of all—as well as for her business career. We find a well-trained business girl makes a most successful wife and mother."

"When we began the exposition we had the thought that we were presenting an adequate display of the manner in which women were successfully entering every field of commercial profession; but we were forced to widen our plan of campaign from that. We found that our women were identified with almost every branch of business and industry and so opened the exposition to any firm that has been associated in the production, distribution or sales departments. We have, for instance, women manufacturers of paint, varnish and floor composition and presidents of confectionery, machinery and radio firms. We have landscape gardeners, purchase agents, credit managers, cutlery makers and dozens of other lines that were unheard of for women a few years ago."

"We do not propose to play any spirit of competition in our exposition—our exhibitors, rather, display a tendency to unite in groups to show just what women are doing in such varied lines as manufactures, banking, investment, building, advertising, insurance, etc."

TESTS SHOW ICE CREAM UP TO STATE DEMAND

Tests made by state food inspectors at places where ice cream and milk are sold in this city showed that all the samples are up to the state standard, said Dr. C. E. Duffin, secretary of the board of health, Saturday.

"It is very gratifying to know that milk supply depots are operating as are the ice cream manufacturers, in our efforts to have the best products placed on the market. We are pleased to recommend the products to the public as being up to standard," he said.

The following list of ice cream manufacturers includes those who have given in samples which passed the test satisfactorily: Hoover, J. M., Adams, Price, Thistlethwaite, Beer, Davenport.

Pass Test.
Milk supply depots who samples have passed the government standard are: Wayne Dairy Products, Himes Dairy, Kirchner, Tapp, Kramer Brothers and Sons.

All the above mentioned samples passed the state test which requires that ice cream has at least eight percent butter fat, and milk at least 3.25 percent.

Sample lots of milk have already been taken from a number of public eating places and the results of this test will be made known in a few days. "It is hoped," said Dr. Duffin, Saturday, "that the standards of all eating places will be kept as high as possible."

"The individual rating of each test is not given because it must be considered as partiality on the part of the board," Dr. Duffin stated.

Webster and Chester Services Announced

REHEARSING OF ATTACHMENT ON PICKFORD DIVORCE DENIED
CARSON CITY, Nev., July 1.—The state supreme court of Nevada here today denied a petition of Attorney General Leonard P. Fowler for a rehearing of his action attacking a divorce granted to Mary Pickford from Owen Moore, both motion picture stars. The supreme court recently upheld the divorce.

VIENNA DEATH RATE HIGH
VIENNA, July 1.—The city's adverse birth-death rate continues, April reports showing 2,334 deaths against 2,484 births.

UNITED STATES MARINES AT GETTYSBURG.

In the shadow of the statue to Gen. John F. Reynolds, first officer to lose his life in the Battle of Gettysburg, the 5th Regiment of United States Marines are going through their series of maneuvers and the rolling fields which witnessed the first shots of the battle of fifty-nine years ago saw khaki-clad soldiers in action instead of those wearing the blue and the gray. They saw the open formation, the machine gun, the airplane, instead of massed troops cannon and cavalry. The annual mimic battle will take place on July 4, and will be witnessed by President Harding and his party. Pickett's famous charge will be enacted. The upper picture shows a contingent of Marines from Quantico, Va., on the line of march. The lower shows Gen. S. D. Butler, in charge of the activities and part of his staff. General Butler is pictured on the Gray horse.

CHURCHES

BAPTIST

CHOSE WASHINGTON DELEGATE TO URGE DISBANDING OF ARMY

(By United Press)
PEKING, June 30.—Dr. Wang Chung-hui, Minister of Justice, who was a delegate to the Washington conference, has been chosen by Chinese merchants, students and others to urge the disbanding of China's vast armies. Dr. Wang said he believes the greatest obstacle to a prosperous China is the existence of a large military class.

"The powers included as part of the official record of the Armament Limitation Conference at Washington a suggestion that China abolish her armies," said Dr. Wang in an interview today. "I am convinced that they were giving us warning that no more foreign aid may be expected until we get rid of militarism. It is estimated that 1,500,000 soldiers are supported by the Chinese people and that these soldiers absorb half the nation's revenue."

Viewed from its economic aspects alone China is handicapped so long as these soldiers are withheld from industry. To convince the Chinese people of the gravity of the problem I have translated and am distributing widely the speech delivered by Sir Robert Borden, the delegate from Canada at the Washington Conference. Sir Robert's speech warned that we cannot continue to hold the sympathy of the world unless we reduce our armies to the actual needs of defense."

Dr. Wang's views are reflected in the Chinese press. Recently the editors and publishers of various Chinese papers held a public demonstration against the existence of large Chinese armies. As an indication of the drain on the national resources it was stated that the various military leaders owe the railroad administration \$260,000,000 for transporting troops since the overthrow of the Manchu dynasty.

FEUSE TO ACT AGAINST BLUE LAW VIOLATORS

EVANSVILLE, Ind., July 1.—The grand jury of Vanderburg county took a stand against blue law enforcement when it adjourned Friday without returning indictments against owners of public amusement halls for permitting dancing on Sunday.

Will Purchase Ground For No. 9 School Playground

At least one acre of ground will be purchased to add to the playground space at Number Nine school house southeast of Richmond, according to the decision of the school patrons, announced after a meeting held to discuss the matter Friday. The price paid would be the same as that paid for the original tract on which the school building was erected.

Township officials are now looking up the records to determine this price. The land belongs to the Marmon heirs. A meeting of the Wayne township school board will be held next week to verify the action of the school patrons. Members of the board are: E. H. Stegman, Levi Jones and Edna B. Wilson.

BOY GORED AS COW TOSSES HEAD TO SHAKE OFF FLIES

Anderson, Ind., July 1.—Paul Chism, 9 years old, is in a serious condition with a deep perforation in the left side of his body, inflicted when he was gored by a cow. The boy was leading the cow from a pasture. The animal tossed its head to shake off flies. Its horn struck the boy in the side, penetrating an inch deep. Physicians say there is danger of lockjaw.
