

WORLD WAR VETS TO VISIT SCENES OF BIG CONFLICT

(By Associated Press)
NEW YORK, July 6.—A pilgrimage to the battlefields on which they fought four years ago has been arranged for several hundred former service men by the American Legion. The tour is open to members of the legion and its auxiliaries, which comprise the wives, mothers, daughters and sisters of the men who served in the World war.
The party will sail for France on the President Pierce Aug. 5, will land at Cherbourg, and go directly to Paris, where it will be officially welcomed by the French government. During the stay in Paris trips will be taken to the French battlefields and other points of interest.
According to the itinerary of the legion, the party will reach Brussels Aug. 30. From Brussels it will go to Ostend and tour the battlefields of Flanders.
From Belgium the legionnaires will go to London, where they will be the guests of the London Post of the American Legion and the British Legion. The party will return on the steamship Metagama, arriving at Montreal Sept. 16.
Arrangements for the tour are in charge of John J. Wicker, Jr., of Richmond, Va., who as tour director has headquarters at the office of the American Legion Weekly, New York.

County Agent Is Sued
By Agent For Hog Remedy
RUSHVILLE, Ind., July 6.—Suit for criminal libel has been filed by Daniel W. Nolan, agent for a hog remedy, against Donald D. Ball, county agricultural agent of Rush county, on account of newspaper articles inspired by the county agent. Mr. Ball was arrested Wednesday afternoon and released on \$50 bond for his appearance in court later. The complaint contains two counts, based on the two articles published in the Daily Republican at different dates.
The two articles are quoted in the charge, the first one containing liberal extracts from an article in the Indiana Farmer's Guide, while the second contained an endorsement by the county farm bureau of the action taken against the distribution of the remedy.

DOES LAUNDRY WORK AND HOUSEWORK TOO

Surprised to Find Herself Feeling So Well

Taunton, Mass.—"I used to have pains in my back and legs so badly, with other troubles that women sometimes have, that my doctor ordered me to stay in bed a week in every month. It didn't do me much good, so one day after talking with a friend who took Lydia E. Pinkham's Vegetable Compound for about the same troubles I had, I thought I find that I can work in the laundry all through the time and do my housework, too. Last month I was so surprised at myself to be up and around and feeling so good while before I used to feel completely lifeless. I have told some of the girls who work with me and have such troubles to try Lydia E. Pinkham's Vegetable Compound, and I tell them how it has helped me. You can use my testimonial for the good of others."—Mrs. BLANCHETTE SILVER, 59 Grant St., Taunton, Mass.
It's the same story—one friend telling another of the value of Lydia E. Pinkham's Vegetable Compound.

Henry Boys Prepare For Livestock Judging

NEWCASTLE, Ind., July 6.—Henry county boys who are preparing for the county contest in livestock judging, which will determine the personnel of the judging team to represent the county at the State Fair Judging School, will tour the county within the next two weeks under the supervision of the county agent, Ralph Test. Work in judging of cattle, horses and swine will be done at the various farms visited. The various township representatives will enter a competitive judging contest at the county fair, on Thursday, Aug. 17, and the winners will be sent to Indianapolis. Winners of the state contest will be sent to the International Livestock Exposition in Chicago.

Connersville Rest Room Petition Hits Legal Snag

CONNERSVILLE, Ind., July 6.—A public rest room for Connersville, asked by public petition presented by farm women of the various townships, cannot be provided under the present authority of the board of commissioners, it was decided at the last meeting. The board has no authority to rent a room in the city, and no jurisdiction over any more than the court house property. No funds are available for a rest room at the court house. The board suggested that the promoters of the rest room draw up definite plans for a court house rest room and present them with a request for a specific appropriation at the annual meeting in September. Several hundred signers were behind the petitions that were presented.

An Aid to Wearing This Season's Fashions

(Helps to Beauty)
Here is a simple, unflinching way to rid the skin of objectionable hairs: With some powdered delatone and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the delatone in an original package and mix fresh as wanted.—Advertisement.

NEWSPRINT PAPER PRICE JUMPS TO 75; RAW MATERIAL HIGH

NEW YORK, July 6.—The price of newsprint paper has been raised from \$70 to \$75 a ton as of July 1 by several mills. The increase apparently was put into effect without the usual general notice to the trade, and large jobbers today were ignorant of the new scale and the reason for the rise.
The International Paper company, replying to an inquiry, said its price now is \$75 a ton. Chester W. Lyman, vice president, said the increase was due to the growing demand for newsprint, compelling the company to start up several of its higher cost mills to meet the emergency.
One prominent selling agent confirmed the fact that the small independent mills under his control were naming \$75 a ton for July and August. The Wood Pulp corporation said all its contracts were made at \$70 and that it had no present intention of increasing the price.
L. T. Brownell, secretary of the American Wood Pulp company, sailed on the Aquitania to investigate the pulp situation in Finland and Russia. "Present indications are that the price of raw material—that is, wood pulp—will rise," he said. "This will automatically increase the price of newsprint paper."

Fred's Clothes Shop
110 MAIN RICHMOND, IND.

HERE is a fabric tire in a class by itself. Literally it has no real competitor. It is a super fabric tire built for long, hard service on small cars. Regardless of road conditions or of any ordinary overload, on an established average it outwears from two to three tires of other makes.

This tire is made with an extra layer of fabric and a heavy, special tough red tread which is responsible for its extraordinary service and for its fame.

You cannot find a user who "knocks" the Fisk Red Top—you can find thousands to praise it beyond all other tires.

There's a Fisk Tire of extra value in every size, for car, truck or speed wagon.
