

INSURGENT ELEMENT MAY CLAIM SENATOR SUTHERLAND VICTIM

(By United Press)
CHARLESTON, W. Va., July 31.—The insurgent movement that has upset old guard Republicans in Pennsylvania, Indiana, North Dakota and Iowa may extend to this state in the Aug. 1 primaries, and claim Senator Howard Sutherland as its victim.
Sutherland is of the "old guard" type and there are plenty of political dopesters who predict his defeat. If he wins, he will have to defeat Herschel C. Ogden, publisher of the Wheeling Intelligencer. Ogden is basing his campaign on the record he has made as a publisher. During the past six months he had made a strong appeal to the labor element.
Discontent with Senator Sutherland's attitude towards the coal strike situation is expected to militate against him. Ogden is said to have had 200 workers in the field.
A. A. Lilly, of Charleston, known throughout the state as "Honest Abe," undoubtedly will make a strong bid for Republican honors. The other two Republican aspirants are Charles Frederick Edwards, mattress manufacturer, of Huntington, and Deacon M. F. Jones of Charleston.
Edwards is the West Virginia candidate who promises to "put less government in business and more business in government." Deacon Jones claims lifelong friendship with the Hardings, the president and the doctor, his father.
The Democrats.

The Democrats will have to decide between a man and a woman; Matthew M. Neely, of Fairmount, and Mrs. William Gay Brown, of Kingwood. Mrs. Brown is the widow of Congressman William Gay Brown. She was leading lady in a Washington stock company when she was married. There are plenty of Democrats who say they are going to vote for Mrs. Brown. Mrs. Brown's chances for nomination undoubtedly are brighter with the backing of former Senator William E. Chilton. Followers of Chilton, who has been out of active politics for some time, are legion, and his endorsement will swing many votes. Neely is without doubt the party man.
Injection of the mine labor controversy into the Republican primary is seen with the candidacies of William Elizard and Fred Mooney, union mine officials, for the state house of delegates from Kanawha county. Elizard was recently acquitted of treason charges in connection with the famous armed march on Logan last summer. Mooney is under indictment for treason and murder. Mooney's murder charge is an outcome of the killing of Sheriff John Gore during the march.

Woman Candidate
In the Republican congressional race, Miss Hattie Stein, of Charleston, has been making a vigorous personal campaign in the sixth district. She is opposed by Leonard S. Echols and M. F. Matheny. In the fourth district, O. James Deegan, Huntington attorney, appears to be making the strongest bid for the Republican nomination.

List of candidates for congress follows:
Republican — First district, D. B. Ealy, James O. Parriott, Benjamin L. Rosenbloom; second district, George M. Bowers, K. H. Stover, Arch. Welton, William Taylor George; third district, Stuart F. Reed; fourth district, O. James Deegan, Edgar R. Statts, H. C. Woodyard; fifth district, Wells Goodykoontz; sixth district, Leonard S. Echols, Hattie Stein, M. F. Matheny.
Democrat — First district, Edmund M. Conway, Raymond Kenny; second district, R. E. L. Allen, C. E. Seibert; third district, J. N. Craddock, P. R. Garrett, E. H. Morton; fourth district, George W. Johnson, H. William Roberts, John D. Sweney; fifth district, T. J. Lilly, John H. Pendleton; sixth district, Milton Curtis, Clifton F. McCintie, J. Alfred Taylor.

PLAN CONNERSVILLE UNIT
CONNERSVILLE, Ind., July 31.—Arland R. Davis, of Muncie, senior vice commander of the Indiana department of Spanish War Veterans, will be here Sunday to form a local unit of the organization. James G. Greene of this city, will assist the state official.

CITY BLOCK IN OIL TOWN IS DESTROYED BY FIRE
GRAND JUNCTION, Col., July 31.—Fire originating from a cigarette stub destroyed an entire block Sunday in the business district of Grand Valley, an oil town, 45 miles east of here. Loss, \$100,000.

Canadian Girl Is Nurse To Half Million Patients

CONSTANTINOPLE, July 31.—A nurse with half a million patients a year to care for sounds like an impossible job, but it is one that a Canadian girl, Miss Emma Wood of Sarnia, Ont., has been filling for the past two years. Miss Wood does not personally administer to the needs of all these patients, but they are none the less her patients. She is the director of nursing for the Near East Relief. She superintends the work of 50 American and Canadian nurses and about 1,000 native nurses' aides. The half-million patients represent the number of war of famine sufferers in Turkey, Palestine and Armenia, who have received medical attention from the American and Canadian relief funds during the past year.

INDIANA STATE FAIR WILL HAVE UNUSUAL NUMBER OF EXHIBITS

INDIANAPOLIS, July 31.—The Indiana State Fair, Sept. 4 to 9, promises to be the "greatest ever" according to members of the Indiana board of agriculture. Ninety thousand dollars will be awarded in prizes and indications are that there will be a record-breaking number of exhibits, as well as a record-breaking attendance, according to Thomas Grant of Lowell, Ind., president of the board of agriculture.

Among the leading features of the fair will be automobile and horse races, fire works, concerts by some of the most famous bands in the United States, a better babies contest, automobile show, horse show, vaudeville acts by celebrated performers, balloon and airplane races, cattle and swine shows and many other features for the education and entertainment of both young and old.

More than 3,000 awards will be made on exhibits of draft and saddle horses, ponies, cattle, sheep, swine, poultry, rabbits, agricultural products, fruits, bees, flowers, fine arts, domestic arts and table luxuries. Judging will begin in practically all departments on Monday, the opening day of the fair. Premiums have been generously increased in many divisions and classes of the fair, it has been announced.

Members of the board of agriculture, by congressional districts, under whose direction the fair is managed, are: S. W. Taylor, of Boonville, First; Guy Cantwell, of Bessport, Second; E. W. Pickardt, of Huntington, Third; G. R. Kemper, of Columbus, Fourth; H. M. Moberly, of Shelbyville, Sixth; S. J. Miller, of Indianapolis, Seventh; W. W. Wilson, of Muncie, Eighth; E. J. Barker, of Thornton, Ninth; Mac M. Coffing, of Covington, Tenth; Thomas M. Grant, of Lowell, Tenth; Edgar E. Phillips, of Walton.

EXPERT HERE TO WORK ON BOOKS OF BRITISH EMBASSY

Miss Beatrice E. Hart of Oxford, England, is an expert in her field. She is sent to various parts of the world where Great Britain maintains embassies and legations to reorganize their libraries of political and commercial reference. At present she is in Washington working on the library of the Embassy there.

Eleventh; Lin Wilson, of Jonesboro, Eleventh; Charles L. Smith, of Montpelier, Eleventh; John Isenberger, of

North Manchester, Eleventh; U. C. Brouse, of Kendallville, Twelfth, and G. Y. Hepler, of South Bend, Thirteenth.
Governor Warren T. McCray and J. H. Skinner, dean of Purdue university, are ex-officio members of the board.

PRESBYTERIANS PLAN ERECTION OF TEMPLE IN NATION'S CAPITAL

WASHINGTON, July 31.—Plans for the erection in Washington of a great Presbyterian temple, or, as an alternative, a large Presbyterian building to house an auditorium and offices for other religious uses, have been announced by the Presbytery of Washington City.

The vision of a great Presbyterian cathedral was first conceived by the late John M. Harlan, justice of the United States Supreme Court and it was said to have been the disappointment of his life that he was unable to bring his ideal to fruition.

Justice Harlan's plan, however, has been preserved by his friend and pastor, the Rev. Wallace Radcliffe, D. D., former Moderator of the Presbyterian General Assembly and pastor emeritus of the historic New York Avenue Presbyterian church. This church located on a part of the triangular block in the heart of the city which has been proposed as site for the edifice, was the place of worship of several presidents and other high government officials.

As furthered by a committee of Washington pastors, the plans include a building to be erected at a cost approximating \$10,000,000 to be contributed by members of the Presbyterian church (North) from part of the country, as a gift to the Capital city. The present Moderator of the General Assembly, it is said, has given strong approval of the proposal.

TOWNSHIP SCHOOLS WILL OPEN SEPT. 4; ANNOUNCE INSTITUTE

Announcement that the township schools will open Sept. 4, and that the teachers' institute will be held with the Richmond chautauqua, Aug. 21 to 25, is contained in a letter sent out by County Superintendent C. O. Williams.

Seventeen lectures are included in the teachers' course, two each forenoon, and one each afternoon for five days. In addition one will be given on Monday night and one on Friday night, of the first week.

Full credit for attendance at the county institute will be given teachers who attend 15 of the 17 lectures. A teacher's license may be revoked for not attending the institute.

Lecturers who will feature the teachers' institute program during the five days are: Arthur D. Rees, of Philadelphia, Pa.; Robert L. Willett, of Chicago; S. D. Fess, of Yellow Springs and Benjamin J. Burris, of Indianapolis.

Richmond city school teachers will be able to receive institute tickets by applying to W. G. Bate, superintendent of schools; the Jackson township teachers will go to Superintendent A. H. Hines; Jefferson township teachers will receive tickets from W. O. Wissler, and all others will call at the county superintendent's office.

Teachers who expect to receive credit for attending the county institute must use a teacher's ticket, which costs \$2.50. This ticket is good for

the entire chautauqua program, from Aug. 20 to Sept. 3.

K. of C. Notes

Tuesday evening at 8 o'clock, there will be a meeting in the first degree at the hall, corner of Fifth and Main

streets. Important business coming up at this meeting requires the attention of every member. A speaker has been arranged for and refreshments will be served.

Wednesday noon lunch will be served at the Tenth street club rooms. This lunch is under new management and well deserves your attention.

Before that little skin eruption becomes serious apply

Resinol

Even in severe cases of eczema, or other like skin troubles, Resinol Ointment, aided by Resinol Soap usually brings quick relief and in a reasonable time, clears away the trouble completely. How much more, then, can this simple inexpensive treatment be relied upon to dispel skin troubles in their earliest stages. It is a standard skin treatment, prescribed for years. Don't wait—try it today. Sold by all druggists.

NOTICE

In accordance with the custom established several years ago, my business will be closed one week, August 7 to 12, inclusive, in order to give my employees their vacations.

This is our method of keeping the entire force full of "pep" to do your work the way you like it.

You can assist us by sending your cleaning before August 7 or saving it until after August 12.

WE THANK YOU!

Only Two Months Gasoline Supply Actually Stored

MUCH has been said during the past few weeks respecting the vast amount of gasoline in storage, and many have drawn conclusions from these statements which are not justified by the facts.

It is true that there is a fairly large storage on hand, but when this storage is set against the consumption, its relative size diminishes rapidly.

Between January 1 and June 1 the storage of gasoline was increased about 270,000,000 gallons, while the monthly consumption increased but 224,000,000 gallons; but during June the consumption was largely increased while the storage remained stationary.

During the past six weeks storage has decreased, as was to be expected, and this decrease will continue until late in the fall. Here are the most recent statistics taken from the reports of the U. S. Bureau of Mines:

Gasoline Stocks, Jan. 1922, - 586,087,132 gals.
Gasoline Consumption, Jan. 1922, 274,844,808 "
Gasoline Stocks, June 1, 1922 - 856,607,102 "
Gasoline Consumption, May, 1922, 499,242,343 "

The June consumption figures compiled by the Bureau of Mines are not yet available, but we know from our own records that consumption is making heavy inroads into stocks.

Even at the present rate of consumption there is not to exceed 60 days supply in storage, which for this time of the year is abnormally low. Reports from refining areas indicate that refineries all over the country are being run to capacity, and we do not anticipate a gasoline shortage though predictions to that effect are being made.

It has always been the practice of the Standard Oil Company (Indiana) to operate its refineries to as near capacity as possible during the months of low consumption in order that it might have on hand adequate supplies during periods of great consumption.

Only a large and efficiently organized company can provide facilities which insure service regardless of demand. It is because the Standard Oil Company (Indiana) always is working, months in advance, that it can promise at all times a steady, constant, dependable service.
