

# S. EDGAR NICHOLSON REAPPOINTED CLERK OF YEARLY MEETING

S. Edgar Nicholson was reappointed presiding clerk of the Indiana Yearly Meeting of Friends Tuesday afternoon on report of the nomination committee composed of Z. H. Doan, Spiceland, and Florence M. Parker.

All of the other clerks were reappointed, including Isador Wilson, recording clerk; Roy H. Woolam, and Edith J. Hunt, reading clerks, and Chester L. Reagan, announcement clerk. Parvin Bond was appointed acting clerk in the absence of Chester L. Reagan.

"Dynamics of the Church" was the subject of an address Tuesday evening during devotional services by Dr. H. C. Bedford, pastor of the Marion C. Bedford.

"With all the demand for new methods in religion today," he said, "the world is still in need of the Holy Ghost, the great dynamic power of the gospel."

**Austrian Conditions Told.**  
Following the report of the American Friends service committee, L. Oscar Moon, who served for 15 months in Austria, told of conditions in that country during the last few years. Poland has had war for seven years, he declared, and the refugees are now just getting back to the country from which they were driven by the Czarist armies during the world war.

Conditions in Russia were described by Murray S. Kenworthy, lately in charge of the work there. In introducing him, S. Edgar Nicholson quoted a telegram which had been received by the Friends service committee stating that drought had felled the country again, and that the prospects were about 75 per cent of that of last year.

Pages for the session were announced as Mildred Allen, Orville Chance, Frank Long and Esther Pearson, on nomination by the committee.

**Read Memorials.**  
Memorials of the following persons were read in open meeting. Sarah B. Woodard, Fountain City; John L. Kittler, West Milton, Ohio; Elwood Davis, Fairmont, Ind.; and Mary E. Harris, formerly a teacher in Earlham. The report of the book and tract committee was read by Thomas R. Woodard, chairman, accounting for the funds spent during the year.

Wednesday evening dramatized "Letters from the West" will be given by members, and Charles Tebbetts will speak.

Thursday morning will be taken up mainly with a study of the statistical reports of the several meetings, while in the afternoon at 2:15, standard time, Miss Anna B. Thomas of Baltimore will speak. She will report on the time allotted to the report of the peace committee.

# ELIZABETH C. SCHNEIDER WINS ROTARY PRIZE

This essay by Elizabeth C. Schneider, 9B grade, Garfield Junior high school, won the first prize in the contest conducted by the Rotary club on the topic of "City Planning." The second and third prize winning essays will follow.

**CITY PLANNING.**  
What will city planning do for Richmond? This question is often asked by some of the most energetic citizens who wish to make Richmond a better and more beautiful city.

There are so many people in Richmond that it would cost about \$5 cents a year for each taxpayer. Why not give 35 cents to your city when it gives so much to you?

It would give you clean, wide sidewalks and parks and beautify your city. There would be fewer accidents too. Everyone who is able to give 35 cents a year and does not wish to do so should be ashamed of himself.

**Need Wider Streets.**  
Our streets would be much wider and better taken care of. They would be straight so that if a visitor came to our city he could find where he wanted to go without any trouble.

The streets should have been made wide enough to permit several vehicles to pass at the same time without having accidents. Narrow streets dead traffic, especially when they are being repaired. If they had been correctly constructed when Richmond was settled they would not cost so much money now, for the materials used and the labor costs so much that it is very expensive.

If we had city planning we would have better and more playgrounds for the children who have no place to play.

# CHILDLESS HOMES MADE HAPPY

Presence of Little Ones a Great Blessing

## Four Interesting Letters

Cortland, N. Y.—"I took Lydia E. Pinkham's Vegetable Compound because I was weak and wanted to become strong and have a child. My husband read about it in the 'Cortland Standard' and thought it might help me. It certainly did for I now have a lovely boy fifteen months old who weighs forty pounds. I recommend Lydia E. Pinkham's Vegetable Compound to my friends and you can certainly use my testimonial in your little books and in the newspapers, as it might help to make some other childless homes happy by the presence of little ones as it has done mine."—Mrs. CLAUDE P. CANFIELD, 10 Salisbury St., Cortland, N. Y.

**Married Three Years.**  
Brooklyn, N. Y.—"I am certainly very thankful to you for your Vegetable Compound. I was married three years and did not have a child. My husband had often heard of Lydia E. Pinkham's Vegetable Compound and he made me take it and I became the mother of the healthiest little boy I know. When my friends tell me their bad feelings the first thing I say is, 'Take the Vegetable Compound.' I am willing for you to use these facts as a testimonial."—Mrs. ANTOINETTE MARANO, 113 Nostrand Ave., Brooklyn, N. Y.

# PRESIDENT NAMES NEW FLEET HEAD

J. B. Small.

In the reorganization of the Emergency Fleet Corporation, President Harding has named J. B. Small president. The revamping was made necessary by the resignations of Vice Presidents Farley and Kimball.

Playgrounds are a great help as well as enjoyment. The children will not get hurt as easily as if they were playing in the streets. We would also have a more pleasant neighborhood as well as children enjoy parks. After working all day in an office or factory men and women enjoy sitting in a cool park.

Many people complain because we have not more statues and other pieces of art. If we had city planning we would certainly have more beautiful things. Besides, our city building would be better looking too.

**Would Help Owners.**  
It would not allow any property owner to lower the value of some one else's land or force him to move on account of disagreeable neighbors. If there is a nice residence section in a certain part of our city and if disagreeable parties move in most of the other people would want to move out. Those people should be made to clean up or live in a certain part of town to themselves. If persons want to sell their land on account of such people they will lower the valuation of his property.

If one should build on a corner in a nice residence section the other people will want to move as they cannot get a good view down the street. This party should build his structure on a line with the other houses or in some section of the city where there are no houses. No one will want to build a house near the building and therefore the valuation of the property will be lowered. The buildings should be built on the same level and not some higher than others.

**Other Restrictions.**  
There should be no business buildings in the residence section. Trains should not be allowed to run through the center of town, and factories should be in one part of town because they cause too much dirt, noise and danger of accidents. We want the city to be beautiful, therefore we should have beautiful lawns, shade trees and flowers. We should not have only the kinds that are best, but we should have plenty of them. Popular trees should not be planted, as the roots grow into sewers which stop them up and also the roots may break up the sidewalks and streets. Some trees make the sidewalks very dirty and therefore should not be planted.

We should all look ahead for the future and make our city and every other city a better place for the next generation to live in. The modern city should be beautiful, healthful, clean and also a convenient place to live in. We should all try to make Richmond like this on by and by.

ELIZABETH C. SCHNEIDER,  
9B Grade, Garfield Junior High School.

## Suburban

WHITEWATER, Ind.—Mr. and Mrs. Corrie White, Mr. and Mrs. Harry Robinson and daughter, Marjorie spent Saturday and Sunday at Dayton. Mr. and Mrs. Shurly White and family spent Sunday evening with Mr. and Mrs. Harvey Kirkman. Mr. and Mrs. Newt Bunker, Mr. and Mrs. Bert Alk-

inson and Mr. and Mrs. Charles Townsend and daughter, Inez, called on Mrs. Jennie Addleman Sunday afternoon. Mrs. Jennie Townsend and daughter, spent Saturday night and Sunday in New Madison.
