The Dayton and Western traction bridge, alongside the road bridge, has been shifted south 13 feet from its old position and the space between and outside the track in the bridge is being planked to accommodate vehicle and foot traffic, while the traction company will also use the bridge. AMUSEMENTS

MURRAY

"Island Wives," which closes its run at the Murray theatre tonight was made under the direction of the Webster Campbell on the coast of Florida, a few miles south of Miami. Here some wonderful tropical backgrounds were secured and some ideal scenes on board a palatial private yacht a few miles off the shore.

In this production Corinne Griffith is ably supported by a notable cast which includes Charles Trowbridge, Rockcliffe Fehows, Ivan Christy and many others.

"Sunshine Harbor," the Playgoers feature showing Thursday at the Murray theatre, adds further glory to the famous name of Beecher, for its star is Margaret Beecher, granddaughter of Harriet Beecher Stowe, who wrote "Uncle Tom's Cabin," and granddaughter of the Rev. Henry Ward Beecher, the anti-slave preacher of Civil War days.

"Sunshine Harbor" is not a sea story, but the adventure and romance of a Southern society belle who fled from her luxurious home on the eye of a loveless marriage and went North to make a name and fame for herself as a writer. Of course, she runs away from one romance only to run into another, and as a newspaper reporter she has adventures, and finally an accident that brings about a dramatic reconciliation with her father.

MURRETTE
Twenty-five years old, but his eyes had never beheld a woman.

That was the strange case of Jacques Lenot, the hero of "The Lotus Eater," an Associated First National attraction, directed by Marshall Neilan, which closes its run at the Murray theatre tonight. John Barrymore, the star of the picture, plays the part of Lenot.

For 25 years the youth, in obedience to the wishes of his father, whose death had been hastened by marital trouble, had lived on his private yacht, with a tutor as his sole companion. The yacht was a wanderer in all the ports of the world, but never had the youth set foot ashore. He landed in New York City on his twenty-fifth birthday—and within a few hours the wiles of Cupid had ensnared him.

"My Lady Friends," the latest Carter De Haven production for Associated

SHE HEADS FIRST NATIONAL EXHIBIT OF WOMEN'S WORK

Mrs. Elizabeth Seneca.

This Is An Age of Concrete

For farm and home, school and hospital, factory and hotel, public and private works, concrete is being used to a greater extent each year.

The following list is suggestive of the many improvements around the home for which concrete is particularly suited.

Basement floors, benches, cisterns, clothesline posts, cold frames, driveways, fence posts, flower boxes, fountains, garages, gate posts, hotbeds, laundry tubs, porches, porch piers, septic tanks, steps, tree surgery, walks, well curbs and covers, and weights.

The services of a builder are not necessary. A novice can make a good job of concrete construction with simple instruction.

You can obtain these directions entirely free. Our Washington Information Bureau will secure for you a copy of the booklet "Concrete Around the Home." Merely fill out and mail the coupon below, enclosing two cents in stamps for return postage. Write your name and address clearly.

(Do not send the coupon to The Palladium. Mail it direct to Washington, D. C.)
