**Women Will Organize**  
Democratic women of Preble county will organize a county central committee and a county executive committee in a convention the afternoon of Saturday, Aug. 26, in Eaton, in the opera house.

Judge Warren Gard, of Hamilton, Democratic candidate for congress from this district, will address the convention.

The women's two committees will work with the men's two county committees in the coming campaign.

**Violates Dry Law**  
After federal officers and Anti-Saloon league officers from Dayton raided a farm tenanted by Ray Fraser, near Verona, in the northeast corner of Preble county, and allegedly found two 15-gallon stills and 250 gallons of mash, Fraser was fined \$500 and costs in Mayor Hornbeck's court in West Alexandria for violating the prohibition laws. Fraser paid the bill, which totaled \$541.29.

**Reckless Driver Fined**  
For alleged reckless driving of his automobile through the village of Camden, it cost Jesse Ross, of near Palestine, Darke county, \$38.80, representing fine and costs assessed by Mayor F. G. Shuey, of Camden. Ross is said to have been returning from Hamilton to his home and that he went through Camden like a streak. Mayor Shuey telephoned ahead to Marshal Willard Armstrong in Eaton and the officer intercepted Ross as he was passing through town.

Under supervision of Capt. F. W. Wilkinson, of Cincinnati headquarters, the second annual appeal of the Salvation Army was opened Thursday in Preble county. **J. W. Barton, Richmond, Faces Speeding Charge**

EATON, Ohio, Aug. 18.—Deputy Sheriff C. R. Wehrley says he, by chance, picked up J. W. Barton, Richmond, Ind., while Barton was speeding his automobile on the Dayton pike, east of Eaton, at night. According to the officer, Barton is to appear in Eaton the first of next week and answer to the speeding charge. The officer was returning in his car from a trip to Franklin and he says Barton passed him coming westward at a high rate of speed. He says he overtook Barton in Eaton. Barton was accompanied by a man and two women, the officer says. The alleged offender agreed to appear here next week and he was permitted to go, the officer says.

Materials of all kinds, sold by the yard, may now be accurately measured by a small machine, which also shows on a second dial the price payable.

## Searching Parties Make Quest For Missing Man

LIBERTY, Ind., Aug. 18.—Charles Mills, 30 years old, residing eight miles south of here, disappeared a week ago last Friday and no trace of him has been found since. Mr. Mills, who drove a creamery truck in the vicinity of Fairfield, left his wife and family of two small children last Friday, saying he was going to Connersville on business. When he did not return during the night, as he had intended, inquiry was made, and his car was found in Connersville. This afternoon searching parties were formed and a systematic search will be made of Franklin, Fayette and Union counties.

## Anderson Man Prepares Device to Serve Food By Pressing a Button

(By Associated Press)  
ANDERSON, Ind., Aug. 18.—Although Mr. M. A. High never had a bowl of soup spilled down his neck, and has no serious complaint against the practice of tipping, he plans to put waiters in the non-essential list of citizens by his device to serve food automatically in public eating places. Mr. High declares a contrivance which he is perfecting will out-of-date the automat restaurants in which the metropolitans of New York and Chicago obtain their sandwiches, pie and coffee in the same manner as the suburbanites obtain their peanuts and chewing gum by dropping a coin in the slot.

If Mr. High's device works, and he is preparing to demonstrate its practicability, the restaurant patron of the next generation will write his order, press a button, and an automatic carrier will convey the order to the kitchen. Presently the carrier will return with a tray carrying the food. If the steak is not well done, or the salad which was ordered is missing, provision is made, it is said, for correcting the order. When the patron has finished his meal, there is an automatic table clearing device.

Mr. High admits that he has not been able to invent an automatic check room which would mechanically hang up the patron's hat.

## SCHOOL INSPECTOR PREDICTS INCREASED SCHOOL ATTENDANCE

(By Associated Press)  
INDIANAPOLIS, Aug. 18.—Twenty-five thousand more persons in Indiana will enter the public schools of the state this fall than last year, in the opinion of E. E. Ramsey, state school inspector for the board of public instruction.

Increased interest in education, better teachers and the fact that there has been more school building done this year than in the four preceding years were given as reasons for Mr. Ramsey's opinion that there would be a greater school population. The attendance law also will have a prominent part in increasing the school attendance, he declared.

Most of the city schools of Indiana will open on Sept. 4 this year, Mr. Ramsey said. Schools in the rural districts, however, in most instances will not open until later. Several, the school inspector said, will not get under way until as late as October.

**Have Eight Months Course**  
Most rural schools the coming year will observe an eight-months' course. This is made possible by the \$800 minimum school teacher salary law. In Vigo county, however, a nine-months' course will be tried, Mr. Ramsey said. School attendance in Indiana has gained steadily in the last few years, according to records of the state board of public instruction. The school census taken last April showed an attendance of 802,572, as compared with 797,537 for 1921, a gain of 5,035 over a period of twelve months.

## AMERICA STILL TRUE TO FOUNDERS' IDEALS, CATHOLICS ARE TOLD

American still holds to the ideals of Washington, Jefferson and Madison, declared Rev. John Gallagher, of St. Anne's church, Newcastle, before 3,000 Catholics gathered at their annual picnic at Glen Miller park Thursday evening. "The same ideals that gave us the constitution, and religious liberty, are just as strong now as they were then."

During the afternoon before the picnic dinner, the junior groups held several championships. In the junior tennis finale Robert Harrington defeated Jack Harding, 6-0, 6-3. Eight boys were entered for the meet. The tug of war team composed of Norman Bussen, Paul Sauer, Gregory Bloemke, Philip Snyder, Matthew Mercutio and Ralph Brewster won the series from five other competing teams.

Gregory Bloemke and Earl Witte won the three-legged race, while Joe Baston and Fred Foley won the wheelbarrow race. Bud Barton came in winner in the sack race.

Visiting clergy at the picnic were Father Leo J. Dufrene, Dunkirk, Father John Schenk, Cambridge City and Father J. M. Hyland, Eaton, Ohio.

Games were in charge of Mrs. William Schooley. She was assisted by Misses Margaret Conroy, Vera Pfafflin, Anna Harrington, Anna Stolle, Clara Cesnon, Mrs. James Coyle, Mrs. Charles Webber, Mrs. Carrie Schweigman, Mrs. Frank Steen, Mrs. Martha

## White Light Jazz Palaces Will Be Prosecuted If Hip Flasks Allowed

(By Associated Press)  
NEW YORK, Aug. 18.—Prohibition agents made a tour of the white light district along Broadway early today and decorated the cabarets and mid-night lunch clubs with yards of crepe by serving notice that from now on no hip pocket liquor is to be allowed. Proprietors of the jazz palaces were told they would be prosecuted if any patron were permitted to drink their personally conducted wet goods in their establishments.

Cabaret owners declared that this order, plus the 1 o'clock dancing ban, will mean an end of New York's so-called night life. They promised, however, to see that the rule was enforced.

The prohibition agents were headed by Dr. R. O. Matthews, assistant federal prohibition commissioner, who came from Washington expressly to make the rounds of the cabarets. He was accompanied by E. C. Mellowley, chief agent; Ralph A. Day, state federal enforcement officer; John S. Parsons, chief state enforcement agent, and John D. Appleby, zone enforcement chief for New York and New Jersey.
