

TURKS READY TO BUY FARM MACHINERY OF FACTORIES IN AMERICA

(By Associated Press) CONSTANTINOPLE, Aug. 26.—The vital need of machine power in Turkey has been obvious and urgent as a result of the exhaustion of the available supply of animals in the long-drawn wars, is the opinion of American Consul-General G. B. Randal. "Most of the draft animals have been used for cavalry and artillery purposes, and many of them to supply food for the soldiers," he continued, speaking to the representative of The Associated Press.

"Consequently a demand is arising for the tractor and the plow. American tractors as well as other American-made farm machinery, possess a fine reputation in Turkey, and at present dominate the market. The Kahlmann (German), Fiat (Italian), and Renault (French) tractors are in the field, but they cannot compete successfully with American machines which are being offered. The chief desiderata are price, efficiency and simplicity, and the American tractors have been found to fill these requirements."

Other Devices Popular Similar consideration apply to other agricultural machines and to tillage instruments, for which the demand is growing in the Near East. These include reapers and binders, threshing machines, plows, harrows, cultipackers and drills.

There appears to be good ground for encouraging American manufacturers of agricultural implements and machinery to pay increasing attention to the near eastern field. Mr. Randal went on. In the extension of this trade it is essential to give credit to the dealers in order that they may be able to carry out the practical demonstrations which are so necessary in these virgin markets, and to accommodate the farmers financially. It is also important that measures be taken to have a full supply of spare parts on hand in suitable repair shops.

Darke, Preble Counties Lead in Extension Work

COLUMBUS, Ohio, Aug. 26—Darke and Preble counties, Ohio, are among the leaders in extension work, according to a report compiled by the work in various counties of the state. In Darke county, 18 of 20 townships have organizations with complete programs for staging demonstrations, boys and girls club work, and other measures for spreading knowledge of improved methods in agriculture. In the organized townships there are 84 clubs and demonstration leaders. Preble county has even a better record, with 12 townships of which 10 organized, but with 116 farm leaders.

"Mothers, Let Girls Swim," Says Young Expert

MARIA BURKE

Marcia Burke, 7 years old, who received a silver cup at Venice for being the most perfect baby, will demonstrate her ability as a swimmer at Draver's swimming pool Saturday night at 8:30 and Sunday at 4, 7 and 9 p.m. She is a native of Ft. Worth, Texas. Her measurements are: 24 inches around head, with arms raised. 24 inches around chest. 24 inches around waistline. 24 inches around hips. 24 inches from knee to chin. 34 inches chest expansion. "I've been swimming since I was 2½ years old, and I love it because it is not only such good sport, but I am teaching the mothers and fathers of other little girls the advantages of allowing their children to swim—teaching them how their little girls may become perfect physically."

"You see," explained Marcia as she moved her fingers in an emphatic gesture, "mothers usually think that it is perfectly natural for little boys to go swimming, but they are scared to death for little girls to go near the water. They forget that it is just the kind of exercise that little girls like to have to become big, strong, healthy women some day."

"My highest dive was executed at 43 feet, May 28, 1921, Ft. Worth. My highest dive is shallow water at the height of 35 feet was accomplished recently in Bimminie Bath, Los Angeles, where I executed swan diving in four and one-half feet of water."

Marcia is a member of the American swimming team, and while only an amateur, has traveled all over the country exhibiting before large crowds—but large crowds do not affect Marcia, for she goes right on with the performance as though she thoroughly enjoyed every bit of it and didn't care a hang who watched her.

DILLON TO BE TRIED IN SEPTEMBER TERM

WINCHESTER, Ind., Aug. 26.—Papers in the case of the State vs. James P. Dillon were received by the clerk of the Randolph circuit court Friday from Wayne county on a change of venue. Dillon was formerly superintendent of the Richmond municipal light plant and it is alleged that he certified to padded pay rolls in 11 instances, on seven of which the Wayne county grand jury returned an indictment in April, 1922.

The specific charge on which Dillon is to be tried is alleged padding of the pay roll for the last half of June, 1921, when it is alleged that Dillon certified the pay roll in the amount of \$5,169 when in fact it is alleged that it should have been \$5,106.85. The date for the trial has not been set but is expected to take place some time in the September term which convenes Sept. 4.

Labor Day Picnic.

Labor Day will be celebrated at the High Banks Country club, near Union City. There will be card parties in the club rooms, during the afternoon and evening, golf contests and during the evening dancing. Picnic parties will also meet there, as tables have been arranged for their convenience.

Rain Stops Picnic.

Rain stopped the meeting of the Old Settlers of Jay and Randolph counties Wednesday. A large crowd had gathered in spite of the rain, but after noon, it was announced that the program could not be carried out, and the meeting postponed until Saturday, Sept. 2, in the park, near Ridgeville.

Mr. and Mrs. H. H. Allen and little

country exhibiting before large crowds—but large crowds do not affect Marcia, for she goes right on with the performance as though she thoroughly enjoyed every bit of it and didn't care a hang who watched her.

NO BETTER MEDICINE FOR MY KIDNEYS

That is what Frank Miller of Elkhorn, Oregon, Utah, says of Foley Kidney Pills. He was so bothered with kidney trouble I could not work and the many medicines tried did not help. I took two bottles of Foley Kidney Pills and they put me on my feet and at work again. Why suffer when this wonderful medicine can help you. A few aliments is so easily had. Prompt and tonic. A. G. Lukens Drug Co., 628 Main St.—Advertisement.
