

WIN SECOND PLACE IN OHIO FOOD CLUB EXHIBITS AT FAIR

EATON, Ohio, Sept. 4.—Second place in the state girls food club exhibits was won by the Dixon township team representing Preble county at the state fair, County Agent Turner reported to the monthly meeting of the farm bureau directors Saturday. An appropriation to cover the expense accounts of the three club members and their leader was made by the directors.

The Dixon township team was selected to represent the county by lot, after that one and the Verona team had tied for first place in the county contest.

Arrangements for a county meeting on the proposed constitutional amendments with their tax and debt limitations, allowance of expenses for the club camp, provision for sending the winner of each county club project to the state club round-up, and subscription of \$300 to the capital stock of the Preble county co-operative live stock shipping association, which is now operating in northern Preble, were the important actions taken by the directors' meeting.

County Agent Turner reported that the co-operative shipping association is now shipping stock and would incorporate as soon as 10 percent of the stock could be subscribed.

On receipt of a letter from C. A. Dyer, tax expert of the Grange and farm bureau, on the amendments, it was ordered that a mass meeting be arranged for Eaton to be addressed by Mr. Dyer and open to all who are interested.

YOUNG CLOVER BADLY BURNED BY HOT SPELL

(By Associated Press)

INDIANAPOLIS, Sept. 4.—Young clover is badly burned out in sections of the state, according to the report of George C. Bryant, agricultural statistician for the government in Indiana. Corn, the report said is also badly fired in all sections of the state.

"Weather condition in Indiana have been variable. In some places the rainfall has been sufficient to soften the soil for fall plowing, and a great deal has been done. More rain is needed in most places.

"The late planted corn will be of little value as a grain crop, but may be used in some sections as silage. The early planted is fair to good. Some storm and hail damage has been reported. Silo filling has begun."

"The movement to market of wheat and rye is rather restricted at this time. Farmers are busy preparing ground for fall seeding and considerably more than usual has been prepared to date.

"Oats and barley threshings are completed."

"Clover seed hulling is being pushed very rapidly with yields varying greatly. Pastures have been benefited by recent rains, but are not of much feed value."

"Truck crops have gone back materially. Packing plants are running to capacity. Melons are gone. Fruits are exceptionally heavy and generally of good quality."

"Live stock generally is in good condition. A few scattered cases of hog cholera and some stomach worms in lambs have been reported."

Berlin Rioting Follows Arrest of Communist

BERLIN, Sept. 4.—Serious rioting occurred in Charlotenburg, a western suburb of Berlin yesterday afternoon after the arrest of a communist leader, when bands of young communists attacked the guard of the police station in an endeavor to liberate him. The fighting lasted upwards of an hour, and the rioters only dispersed upon the approach of strong police reinforcements. Several on each side were injured, and a shop near the police station was wrecked.

SHOOTING OF MOVIE ACTRESS' HUSBAND TO BE INVESTIGATED

(By Associated Press)

PLATTSBURGH, N. Y., Sept. 4.—Interrogation of stage and screen notables said to have been present at the camp of Jack Clifford on Chateaugay Lake last Thursday night when "Budie" Johnson was shot, accidentally, according to the stories told both by he and his wife, Peggy Marsh, actress and dancer, was planned today by District Attorney Jerry and Sergeant Boyce of the state police.

In a statement to Sergeant Boyce, Johnson said he shot himself accidentally while loading a 32-calibre revolver of Clifford's in preparation for a hunt.

According to Sergeant Boyce, Clifford, who is a former husband and dancing partner of Evelyn Nesbit Thaw, has told the state police that it was not his revolver with which Mr. Johnson was shot. Clifford also has said, according to Sergeant Boyce, that none of the guests heard a shot but were attracted to the Johnson apartment by a scream, and in the belief there was a fight.

Everyone was in bed at the time of the shooting, Clifford told the police.

Clifford also is declared to have indicated that the only ones who knew the facts of the shooting were Johnson and

his wife, as they were the only ones present when it happened. Mrs. Johnson is said to have just been entering her husband's apartment when the revolver exploded.

At the hospital where Johnson underwent an operation after he had been moved with difficulty from the camp in the Adirondacks, it was said today his condition was slightly improved but that he was not out of danger of death. His wife, his mother, Mrs. C. E. Bayne, and his brother, Tom L. Johnson, who have been at a hotel here, have left the hotel without making known their destination.

BRITISH TURN SHIPS OVER TO FREE STATE

DUBLIN, Sept. 4.—A British destroyer today turned over to the free state government, a steamer captured off the harbor of Cork, laden with arms and ammunition. The vessel headed for the west coast, was reported to have cleared from Hamburg, Germany. The arms were believed to have been intended for Irish insurgents.

Samon De Valera and Erskine Chil-

ders are believed to have participated in a battle near Kilworth, county Cork on Saturday. During the conflict, in which national troops defeated a greatly superior number of irregulars, a guard of 17 of the latter kept close

NEW YORK BAY FISH ON SPREE

Twenty-five thousand broken hooch bottles after contents had been poured in New York bay.

Uncle Sam recently treated New York bay fish—the finny kind only—to a real PV (pre-Volstead) party when revenue men emptied twenty-five thousand bottles of old whisky, about the same number of headaches, into the bay. The stuff had been confiscated from rum ships.

Don't Let Home Laundering be Drudgery

Washing and ironing are about the hardest household tasks.

Ways of lessening the work of laundering are badly needed in many homes.

Following the best methods, using good supplies and proper equipment will go far toward lightening the burden.

Experts of the Federal Government have studied the problem of making home laundering as easy as possible. The result of their studies is embodied in a booklet certain to be of great benefit to any housewife who has to struggle with the weekly wash.

This is a free Government publication. Our Washington Information Bureau will secure a copy for any reader who fills out and mails the coupon below, enclosing two cents in stamps for return postage. Write your name and address clearly.

ROUMANIAN QUEEN INVITED TO VISIT LEGION AUXILIARY

(By Associated Press)

NEW ORLEANS, La., Sept. 4.—Queen Marie of Roumania, has been invited to the national convention of the American Legion Auxiliary in New Orleans October 16-29. Mrs. Lowell F. Hobart, auxiliary national president, announced today. An invitation also was extended to Mrs. Warren G. Harding. Mrs. Hobart said.

The invitation to Queen Marie was forwarded to Bucharest through Frederick C. Nano, Roumanian chargé d'affaires at Washington. Distinguished for her work among soldiers of the Allies during the World War, the Roumanian queen is one of the most popular rulers in Europe among American legionnaires.

Experts Many Notables
The Auxiliary plans to entertain some of the most prominent men and women in the country during the national convention to be held in connection with the annual gathering of the Legion. John J. Tigert, United States commissioner of education, has accepted an invitation to address the convention, and a similar acceptance is expected from George B. Ulley, president of the American Library association.

Other notables invited include: Mrs. M. P. Higgins, president of the National Parent-Teachers' association; Mrs. Herbert Hoover, who is president of the Girl Scouts of America; Mrs. George Minor, president of the Daughters of the American Revolution; Mrs. Philip A. Moore, president of the National Council of Women; Mrs. Agnes H. Parker, president of the Women's Relief Corps of the G. A. R.; Mrs. Livingston Rowe Schuyler, president of the United Daughters of the Confederacy; Mrs. Cora A. Thompson, president of the Spanish-American War Veterans Auxiliary, and Mrs. Thomas
