

PREBLE SCHOOL HEAD GETS PAY BALANCE AFTER LONG TANGLE

EATON, Ohio, Sept. 19.—Renben Koch, of West Sonora, former school supervision district superintendent of Preble county, has just received \$750, with \$42.18 interest, upon the order of the county board of education, which represents a balance that was owing on his yearly salary, as the state's share. The \$792.18 was ordered paid out of the funds of the county board of education.

When the state school code abolished the post of supervision district superintendent and created in its stead the office of assistant county school superintendent, Koch held a contract with the county board of education for another year's services. His pay was held up. He was successful in a court action to compel payment under terms of his contract.

The state refused to pay its part of the salary, as his contract did not affect the state and the post no longer existed. Under the contract, Koch's year ended Sept. 1. The board of education "cleaned the slate" by paying him the amount represented by the state's share.

Preble county has no assistant county school superintendent. L. F. Schieser was appointed to the place and served a year. He had to resort to the courts to get his salary, which was held up for months, as several district boards of education obtained a court injunction against the use of any of their funds to apply to the salary. At the expiration of Schieser's term the county board of education did not reappoint him or appoint a successor to him.

Windsor Harris Elected Head of Church Association

Temporary organization of the First Christian Church Financing association was effected Monday night with Windsor Harris as president. Other officers and committee members named to serve until the permanent organization is accomplished are: Mrs. W. A. Ellis, vice-president; C. W. Abel, second vice-president; R. E. Fryar, secretary; and Omar Coffman, treasurer. Legal committee: B. F. Harris; literature committee: W. G. McVay, E. Dager, E. R. Kercheval; investment committee: Thomas Pyle, Walter Reid, Frank Tilson. Those eligible to membership in the temporary organization formed Monday night are all members of the congregation who have purchased one or more shares of stock. A number of shares were sold recently and progress along this line is encouraging, members say. Personal solicitation of members of the church who have not subscribed is under way.

David Arnold, Darke County, Gored By Infuriated Bull

GREENVILLE, Ohio, Sept. 19.—David Arnold, who resides near Rush's station, four miles northeast of Greenville, had a narrow escape from death Monday when he was gored by an angry bull. Mr. Arnold was attempting to place a ring in the bull's nose when it broke loose and attacked him. Mrs. Arnold, who was nearby, seeing the danger her husband was in, grabbed an iron bar and turned over when it struck fresh gravel on the Fort Jefferson pike. The car was badly damaged.

Salesman Hurt.

David Marsh, a salesman of Richmond, Ind., was badly cut and bruised Sunday when the car he was driving skidded and turned over when it struck fresh gravel on the Fort Jefferson pike. The car was badly damaged.

Probate Court.

Katherine Wendlen, guardian of Harry Wendlen and Alfred Wendlen, minors, filed an inventory.

Albert Friend filed application to be released from the bond of Moritz Droscha, as guardian of Mary Droscha.

WOMAN TOO WEAK TO WALK

Now Works Nine Hours a Day.— Lydia E. Pinkham's Vegetable Compound Restored Her Strength

Union Village, Vt.—"I was weak and nervous and all run-down. I could not walk across the floor without resting and I had been that way for weeks. I saw your advertisement in the paper and after taking one bottle of Lydia E. Pinkham's vegetable compound I felt the good it was doing me and I took seven more in all. Before I finished I was able to work nine hours a day in a steam laundry. I cannot say too much in favor of your medicine. I trust all sick and suffering women will take it. It has been two years since I took it and I am strong and well."

—Mrs. L. A. GUIMANN, Union Village, Vermont.

This is only one of such letters we are continually publishing showing what Lydia E. Pinkham has done for women, and whether you work or not Mrs. Guimann's letter should interest you.

Many women get into a weak, nervous run down condition because of ailments they often have. Such women should take Lydia E. Pinkham's Vegetable Compound at the first sign of trouble. Good health is necessary and this splendid medicine will help you to keep it.

Palladium Government Call is 9 ZAE — Fred Clark, Operator

Installation of continuous wave stations is increasing in favor with local amateurs, many turning to C W as fast as they are able. The latest converts to be announced are Rowe and McGuire, of Cambridge City, who hope to put in a 20 watt soon. They will use a six wire cage aerial about 70 feet high, and with this outfit should be able to make a good distance. This station is still using a Grebe C R 5 with a two stage.

Hagerstown Amateurs.
Listeners and novices in Hagerstown are active again, and promise soon to become amateurs as well, plans having been made for the installation of sending stations. George Wogamon already has much of the equipment necessary for a 10 watt C W set and Wilbur Knapp is expecting to put in a sending outfit this winter also. He has heard 35 more phone stations in the last three weeks.

Herman Teator and his brothers, Ralph and Bert, are interesting themselves in the aerial broadcasts again, now that the static is lessening, and Bert Wykoff, another amateur, has a number of orders for home-made sets to be installed in Hagerstown or the country nearby.

Linking Wires with Wireless.

The Postal Telegraph company has just announced a contract with the Radio corporation and with the Telefunken company, of Germany, by which it is privileged to transmit messages on land for the wireless companies, and put them in the air. The facilities of wire companies and their stations in various parts of the world, will thus be at the service of any one near a telegraph station.

Resurrection of Radio.
With the coming of cool weather, interest is reviving in radio. Radio clubs, suspended for the summer and the swimming season, are again starting their meetings, and campaigning for members. The Indianapolis radio club is making an especial effort to get in touch with amateurs in that city.

Radio For Police

The New York police force has just installed a radio broadcasting station, the first of its kind to be used by any police department in the world. Its first use will be in broadcasting the speeches being made before the national police conference now in session. The speeches will be fed into the station at police headquarters and broadcasted on a 40 meter wave. Four 250 watt tubes on a 1600 volt plate circuit are used. A three wire microphone transmitter and a three stage voice amplifier are used to put the voice on the T-type aerial.

length. The department of commerce is expected to put all stations near the coast on a higher wave. It is probable that the new wave will be 1100 meters. Three weeks ago an Indianapolis amateur announced that he had succeeded in receiving radio without his crystal, simply by placing his catwhisker against the edge of the crystal cup. This has interested hundreds of amateurs and he has been flooded with letters. No details have been made public as he is patenting his circuit.

Trans-Atlantic Tests

For the third time, American amateurs plan trans-Atlantic work with their amateur sets. The A. R. R. L. in co-operation with Canadian amateurs, will conduct tests between Dec. 12 and Dec. 31, in an attempt to get to England, Holland or France. The most efficient stations will be determined by preliminary tests and must cover at least 1200 miles airline. The Radio club of Nice, France, is making special preparations at their station and the Radio club of Manchester, England, has been given special permission to use a power of 1000 watts. A receiving station will be established on this side, somewhere along the Atlantic coast, by Paul Godley.

WOMEN ON PREBLE PETIT, GRAND JURIES

EATON, Ohio, Sept. 19.—When the grand and petit jury venires for the October term of common pleas court were drawn Monday, the names of seven women were drawn for each jury. The grand jury venire is made up of 15 persons and the petit jury list contains 18 names. Judge A. C. Risinger, Clerk of Courts V. O. Rookstool and Sheriff George Jones drew the names from the jury wheel. The grand jury will meet Oct. 2 and the petit jury will meet Oct. 3. The first case the petit jury will hear is that of William E. B. Reid and others, who seek to have set aside the will of the late Corn Reid.

The grand jury venire: Dixon township, Albert VanAusdal, W. E. Murphy, Mrs. Everett O'Neill; Monroe township, Mrs. John Wehrly; Washington township, Charles Paddock, Charles Plummer, Ford Ogden; Mrs. J. W. Carnahan; Harrison township, Mrs. Edie Lock, O. R. JAPANESE IN AMERICA ARE SELDOM WITHOUT CAMERA

NEW YORK, Sept. 19. — Japanese are probably the keenest camera fans in America. They are especially fond of making snapshots of public and semi-public events. Observers who have been on hand at outdoor exercises, arrivals of prominent visitors

from abroad, laying of corner stones and other similar events in recent years have almost invariably found on hand at vantage points two or three Japanese amateurs armed with cameras.

COUGHS DISTURB SCHOOL WORK
School teachers should give the same advice to children who have coughs as this Florida teacher. "I recommended Foley's Honey and Tar to the children in my school who had the 'flu' and good results came whenever it was used," writes Mrs. L. Armstrong, Okeechobee, Florida. "Foley's Honey and Tar contains no opiates—ingredients printed on the wrapper. Stood the test of time serving three generations. Quickly relieves colds, coughs and croup, throat, chest and bronchial trouble. A. G. Lucken Drug Co., 628-632 Main St.—Advertisement."
