## GRAIN PRICES

(Markets by Lamson Bros. & Co., 212 Union National Bank Building)

CHICAGO, Ill., Oct. 7.—The grain markets were strong from the start. Wheat was the leader and, in turn, was influenced to a large extent by Liverpool and Winnipeg. The Turkish situation is not good, but what is more important, foreigners have been too deliberate in securing supplies and were again today obliged to come into the market in a liberal way. English stocks decreased 1,600,000 bushels in September and are more than 5,000,000 bushels less than a year ago. The volume of export business was big, particularly for a Saturday trade. The car situation shows no material improvement. Much needed rains fell over some parts of the winter wheat belt. Corn showed a remarkably firm undertone, with the trade much larger than that of recent days. Local traders who have been friendly to the market sold out to a large extent yesterday and the day before, so that today the market went into a new high ground with little pressure. Oats advanced largely in sympathy with other grains.
