

TAX RATE FOR PREBLE POOR FUND 4 MILLS ON \$1 OF TAXABLES

EATON, Ohio, Oct. 17.—Tax rate for the county poor fund the present fiscal year will be four mills on each dollar of taxable property in Preble county, according to the annual report of Frank Baldorf, superintendent of the county infirmary.

The report shows there was in poor fund at the close of the fiscal year, the third Monday in September, a balance of \$11,626.42. At the beginning of the fiscal year there was a balance of \$5,813.20. From direct taxes the first half of the year was received \$9,734.86; the second half of the year netted \$9,434.63. Produce sold from the infirmary brought in \$2,441.56, and the cigarette tax netted \$193.02. There were outstanding warrants for \$281.72. The total was \$27,617.07, including the balance at the opening of the year. Expenditures totaled \$15,990.65.

There are now 46 inmates in the infirmary, of which 31 are males and 15 females. A year ago there were 50 inmates, 33 males and 17 females. Nineteen were received during the year, but 23 were discharged, died or removed to other states, counties or institutions, during the year, making a net decrease of four at the close of the year.

Petition and proceedings for a joint county ditch in Preble and Montgomery counties was dismissed by Chris Wair, W. D. Cline and Elwood Colbantz, Preble county commissioners; H. A. Shank, S. A. Mosby and J. J. Baker, Montgomery county commissioners, in a joint meeting. The petition was filed by David Litten and others. Preble county's part of the ditch have been situated in Harrison township.

Grand Warden Brown, of Lebanon, will be a guest and speaker at the semi-annual meeting of the Preble County Odd Fellows association to be held here Wednesday in Odd Fellows hall. Warden Brown will speak at an open session in the afternoon, at which time a program of exercises will be presented. Talks will be given by local county persons. An evening session will be preceded by a banquet. Degree work will occupy the time of the evening meeting. It is expected several hundred lodge men will be in attendance at the meeting. The association is made up of the Odd Fellows lodges in Preble county.

Oscar Sheppard, lawyer, Civil war veteran, ex-member of both branches of the state legislature, and chairman of the late county military draft board, has been seriously ill the last several days at his home in West Alexandria, but his condition is somewhat improved at this time, according to advice received here from his bedside.

Immediate repair of a county line road was provided for in a joint meeting of the commissioners of Preble and Darke counties. It was held the repairs are urgent. The estimated cost is \$300, the expense to be divided between the two counties. The road to be repaired is south of Gordon, Darke county, on the line between Darke county and Harrison township, Preble county.

It was expected the damage suit of Corbin Litteral against John H. Markey, for alleged personal injuries, which opened Monday in common pleas court, would go to the jury sometime Tuesday afternoon. Plaintiff alleged she was injured when struck by an automobile driven by the defendant on a country road. She seeks \$5,085.

George Sixt officiating. Burial was in Mount Hill cemetery. Surviving her are her husband, one son and one daughter.

VIRTUALLY

ed speculation as to the distance a machine might be flown on its side, a position in which the plane had little or nothing to do with keeping it in the air. Lieut. Maughan believed this art might be developed and demonstrated by a flight across Selfridge field, a distance of about a mile, that under certain conditions a plane might be flown in that position for a much greater distance than usually is required in making turns.

Bearing on Future
It appeared that the speed of the powerful motor was sufficient to pull the machine through the air and at the same time hold it aloft. The feat undoubtedly will have an important bearing on future wing design, it was said.

So surprised were pilots and aero officials who witnessed Maughan's flights that "doubting Thomases" appeared and even Brig. Gen. William Mitchell, assistant head of the army air service, wanted to satisfy himself that the performance was not aided by some unobserved feature of design. Gen. Mitchell took the speedy craft into the air and returned with the announcement that no "trick flying" had figured in the flights, which were electrically timed by army officers from McCook field.

The plane, built by the Curtiss corporation, mounts a 400-horsepower Curtiss engine and is similar in design to the machines that finished in the first four places in the Pulitzer trophy race.

The performance convinced service observers, they declared, that development of aircraft was still far from its peak and that there was virtually no limit to the speed that might be attained.

The government tests are to be continued for several days.

NO REASON EXISTS FOR BUS LINES SAYS T. H. I. & E. MANAGER

That there is "no business excuse" for putting in buses in any part of the city to supplement the street car service was the assertion of G. K. Jefferies, manager of the T. H. I. and E., Monday evening. Mr. Jefferies made the statement shortly after council had tabled the ordinance providing a franchise for the Richmond Motor transit company.

Several weeks ago, Jefferies with other representatives of the concern, had received complaints about the local service from city officials. He promised to investigate the possibilities of an auxiliary bus service, at that time.

It had been proposed to locate bus lines in the north part of town, past Reid Memorial hospital, on the Liberty pike and in the southeast part of town, on Sixteenth street.

Reports of the municipal league, which had been attended by several members of the council were received by the council. Two members of the council, Joseph Walteman and Albert Ford, took an outstanding part in the deliberations of the league.

Walteman introduced a proposal to make city offices subject to civil service. This proposal was incorporated in the recommendations for future legislation made by the league.

That the treatment of charity patients at the hospital was all it should be and that reports to the contrary were "unfounded in fact" was the report made to the city council by the committee which had been appointed to investigate the matter. The report recommended that all complaints of this nature hereafter be in writing and be signed.

That's the only way to do business, anyway, I move the report be adopted," said Councilman Harry Starke. The motion was carried.

Appropriation Adopted.
Immediately after the report on hospital conditions, a \$4,000 appropriation was adopted from the general fund, the money to go to the hospital. This appropriation had been held up when the budget was adopted, pending the outcome of the investigation.

Transfer of the workmen's compensation fund to the general fund of the city was effected by action of the council. This money had been kept separately but was thrown into the general fund on the recommendation of the state board of accountants.

An appropriation of \$800 to pay costs in connection with the appeal of the Land Dilks case was passed.

To Pay Off Indebtedness
An appropriation of \$8,000 for the purpose of paying off some of the light plants indebtedness was passed by the council. This \$8,000 with \$7,000 already accumulated in the sinking fund, will pay off a \$15,000 installment on the indebtedness before it is due.

D. C. Hess, superintendent of the plant explained to council that the transfer of the \$8,000 from the general fund of the plant to the sinking fund was made because the amount had been taken from the fund to invest in Liberty bonds. These bonds are paying a higher rate of interest than the debt and for the reason, it was thought best to take money from the general fund rather than dispose of the bonds to pay the debt.

New Strength for Women

Relieves Constipation and Stomach Trouble; Clears the Complexion Tones up the System.

Most women are troubled more or less with constipation and indigestion, dizziness, sick headaches, nervousness and sleeplessness at times, if they only knew the value of Teepee Herb Tonic how many hours of suffering and misery they could save themselves. If you are not the woman that you once were or want to be, join the army of Richmond women that are losing their care-worn look and taking a new view of life. Every day more and more people are learning that nothing can take the place of roots and herbs when nature needs assistance. Teepee Tonic is sold at Quigley's drug stores, \$1 a bottle, 6 bottles \$5.—Advertisement.

KRUEGER IS ELECTED PRESIDENT OF HI-Y

George Krueger was elected president of the HI-Y club at its meeting in the Y. M. C. A. Monday night. Phillip Keesler made vice-president; Roy Hawekotte, secretary and Allen Stamper, treasurer.

The constitution will be drawn up next week and it was decided to hold meetings on each Monday evening, starting at 7 o'clock.

Shannon Neff and Harold Little, of the high school faculty, were elected advisory members of the club.

Graduates of the high school, who were members of the club, will be made associate members, on their request. Those desiring to join the club are urged to do so at once, for the enrollment is limited. HI-Y club pins will be worn this year by each member.

Wayne Boy And Girl Club Work Recognized

Recognition of Wayne county's boy and girl club work is seen in the opinion, volunteered by Assistant State Club Leader, F. M. Shanklin, in a letter to County Agent J. L. Dolan, that Wayne county is entitled to one of the free trips to the International Live-stock Exposition, offered by a Chicago company. Mr. Shanklin asks for a nomination of the Wayne county club members who has been most active in club affairs.

The Wayne county representative will be selected by a committee, said Mr. Dolan, and the committee will take into consideration not only the excellence of the pig exhibits in the show ring, but also the member's activities in county club work, as well.

Multiplies Itself in Lather

250 Times

We asked 1,000 men what they most wanted in a shaving cream. Then we worked 18 months, making up and testing 130 formulas, to completely meet their desires.

We who did it have spent our lifetime in soap study. Some of our creations are world famous. One of them—Palmolive—is the leading toilet soap in existence.

So we claim you owe to yourself and us this pleasant test we offer.

Five reasons

Here are five reasons why you should compare this shaving cream with yours.

It multiplies itself in lather 250 times.

It softens the beard in one minute.

It maintains its creamy fullness for ten minutes on the face.

The bubbles are enduring. They support the hairs for cutting while weaker bubbles break.

The after effects leave you happy, with skin smoothed and pores cleaned by the palm and olive oils.

You are possibly content. But remember we tried 130 times to improve on all other creams. Give us a trial—see if we've excelled. Cut out the coupon now.
