The Pennsylvania railway track is the north boundary line of the fourth precinct. Precinct five extends from the north side of the railroad to the corporation line. The sixth precinct extends from Bruce street, north side, to the corporation line.

Democrats and Republicans of Preble county held the last mass meetings of the campaign here Saturday. The Democrats held their meeting in the afternoon in their headquarters. The Republican meeting was held at night in the opera house. The attendance at both meetings was big and enthusiastic.

Judge Warren Gard, Democratic candidate for congress from this district, addressed the Democratic meeting, as also did Judge Kreitzer and Mrs. Schaeffer, of Dayton, and Mr. Roache, of Hamilton.

Congressman Rev. G. Fitzgerald, Republican candidate for re-election from this district, and Congressman Stephen G. Porter, of Pennsylvania, chairman of the house foreign affairs committee, were the speakers at the Republican meeting.

With the campaign closed in the county, both sides are confident of the eve of the election that their respective tickets will be successful. Logan L. Brown, chairman of the county Democratic committee, and John M. Wehrly, chairman of the county Republican committee, have stated they are pleased with the situation and the outlook. Each believes his party will be victorious.

PREBLE FARM BUREAU AIDS LIVESTOCK FIRMS

(Special to the Palladium)
EATON, Ohio, Nov. 6.—An appropriation of \$400 from the county treasury to assist in the establishment of producers' livestock commission companies at Buffalo, Cleveland and Pittsburgh, and later at Cincinnati, was made by the Preble county farm bureau directors at their regular monthly meeting in the courthouse Saturday afternoon. The directors also considered the annual dues collection and membership campaign and heard a report from Herbert Brown of Gratis, director of the Miami Valley Milk Producers co-operative association, on the affairs of that organization.

Great satisfaction was expressed with the results obtained through co-operative livestock shipment of local association, Darke county, producers having shipped for some time, while a Preble county co-operative shipping association has shipped enough to demonstrate its value, according to its patrons. The latter co-operative has headquarters at Eldorado and ships principally from the north end of Preble county.

A business amounting to a third of a million dollars was reported by the milk producers' co-operative association director. Territory around Springfield and Dayton and smaller western Ohio cities, has been organized, the production of 16,000 cows has been contracted for, he stated.

USE SULPHUR TO HEAL YOUR SKIN

Broken Out Skin and Itching Eczema Helped Over Night.

For unsightly skin, eruptions, rash or blots on face, neck, arms or body, you do not have to wait for relief from torture or embarrassment, declares a noted skin specialist. Apply a little Mentho-Sulphur and improvement shows next day.

Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation. The moment you apply it healing begins. Only those who have had unsightly skin troubles can know the delight this Mentho-Sulphur brings. Even fiery, itching eczema is dried right up.

Get a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream—Advertisement.

GIRLS PLUNGE TO DEATH WHEN FLAMES SWEEP FACTORY.

In spite of the quick, heroic work of firemen two girls were killed and seven others fatally injured by jumping from the window of a four story celluloid factory in New York city, when trapped by flames which started on the second floor. This is the second terrible holocaust within the last ten days in the greater cities. Certain unions are much concerned over the alleged lax factory inspection. Photo shows the burning building and the ladders by which firemen made sensational rescues.

Instant Quaker Oats
Cooks to perfection in
3 to 5 minutes

Now Quaker Oats offer two great advantages over any other oats you can buy. First, a matchless flavor. They are flaked only, so their flavor has won the world.

And now a quick-cooking style, perfected by our experts. It cooks in 3 to 5 minutes. It is the quick-cooking oats in the world.

Made of the same queen grains, but the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Your grocer has both styles. If you want Instant Quaker look for "Instant" on the label. You will get the quickest-cooking oats in the world.

FRIENDS ENJOY WORK OF SENDING CLOTHING

The following has been submitted: "The Friends' Service Committee of Richmond recently issued a call for clothing to be sent for the relief of the Near East. They asked for warm articles, good for six months' wear. The response was generous and the multitude of garments contributed required many hands to arrange, assort, repair and pack. South Eighth Street Friends took care of their own collection and were the first to make shipment. Last week a group of some 20 women from North A Street, West Richmond, and East Main Street Friends met at North A Street meeting house to look after the supplies of clothing which had been brought there from various sources. Some of the different committees had been working separately before this time repairing. However, there were still patches and buttons to be put on; rents to stitch and breaks to mend, so earnestly and willingly these worthy women worked for a whole day preparing and packing. Most of the clothing sent was in excellent condition. There were numerous suits for men and women, abundance of warm underwear, cloaks, coats and one-piece dresses.

"It was a pleasure indeed, to place in with the worn clothing, which had been so carefully repaired, a large contribution of new garments for children, woolen petticoats with waists, 120 of them, made by the Monday club of the West Richmond Friends. Others had donated similar articles, several suits of new underwear and many new pairs of hose. A partial list of donors is as follows: The North A Street Friends, West Richmond Friends, East Main Street Friends, Salem Friends, New Garden Township, Mrs. Hansel's Sunday school class of the Presbyterian church, besides a number of individuals and churches in the city and neighboring towns.

Many Persons Respond

It is not possible to enumerate all who responded to the call for clothing. While packing the boxes, some one called attention to the name printed upon the boxes, "George Fox." What could be more appropriate? The founder of the Society of Friends would understand and approve the spirit which prompted the work. He would also want credit accorded the merchant in our city who so kindly donated the containers. Twenty boxes of clothing and two bags of shoes were filled and sent with the view of their reaching the field by February, when the coldest weather begins. The work of the Friends' Service Committee has caused the name to signify the relationship they desire to sustain toward a suffering world, friends of humanity.

The feeling of cordiality between the different branches of Friends has been materially increased since they have engaged together in a common service of love. Strange that work for peoples far away must be the means of emphasizing denominationalism. Side by side, mending, packing, each with a like purpose, meant warmth of fellowship, hearts aglow with love that binds, love that knows no barrier. Appreciation is herein expressed for all who made the shipment a success and to the men and women of North A street Friends, who so graciously provided for the comfort and enjoyment of all who assisted in the good work. In behalf of the committees.

GLOBE TROTTER TO HEAD WORLD-WIDE Y. W. C. A. PROGRAM

Mrs. Arthur Curtiss James.

The leading woman globe trotter in this country is to head a nationwide campaign for world-wide Y. W. C. A. work. Mrs. Arthur Curtiss James of New York, who has crossed the ocean twenty times and recently returned from a cruise around the world with her husband in their yacht, has seen demonstrated the work of the Y. W. C. A. in many lands. This has induced her to take the chairmanship of the campaign for money to assure a foreign program.

A Sure Way To End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.—Advertisement.

GREENVILLE, Ohio, Nov. 6.—S. R. Hiatt has filed answer to the suit filed in common pleas court by Dan Brown for \$20,000 damages for criminal assault and malicious libel.

Hiatt admits that the libel charged by Brown was published in the Tribune on Sept. 30, 1922, over his signature, but says it was published in answer to criminal and malicious and libelous articles published in the Advocate by Brown previous to that time.

The dedication services of the new Christian church will be held Sunday, Nov. 26, at Versailles. Elaborate preparations are being made to make the day a great one in the history of the church.
