

PREBLE INFANT WINS SUIT TO SET ASIDE GRANDMOTHER'S WILL

EATON, Ohio, Jan. 29.—Marjorie Lou Powble, two years old, won the decision in the suit to set aside the will of her grandmother, the late Mary C. Powble, and incidentally Marjorie benefits to the extent of \$20,000 or more as a result of the jury's verdict setting aside the will.

The jury sat almost five full days in common pleas court hearing the trial of the case and then after two hours and five minutes deliberation the verdict was reached. The jury reported the verdict at 5:05 o'clock Saturday afternoon. The trial began last Tuesday morning with Judge W. W. Teggarden, of Greenville, presiding.

In the will of Mary C. Powble, Monroe township, Marjorie, the granddaughter and only direct descendant, was cut off with nothing in the will, the estate going to distant relatives of the testatrix and her late husband. As Marjorie's next friend, her mother, Mrs. Mary Louise Powble, entered suit to set aside the will, the child's father, the testatrix's only child, having preceded his mother in death. Aside from the \$20,000 or more, estate of the grandmother just decreed her by the court jury, Marjorie is said to possess real estate in Monroe township valued at something like \$25,000. The grandmother's estate is in personal property.

Defendants to Suit

Delpha Rule and a long list of persons named in the will of the aged woman were defendants to the suit to break the will.

Attorneys H. L. Risinger and H. R. Gilmore represented Marjorie in the contest, while Attorneys V. V. Brumbaugh and P. A. Saylor defended the will.

Four women were members of the jury hearing the case. They were Mrs. William L. Ramsey, Mrs. Ada B. Rice, Mrs. Harry May and Mrs. Joseph F. Decker. The other jurors were: E. E. Morrow, Walter Deasley, Frank Beard, Albert Brubaker, Charles F. Laird, Earl Mikesell, W. C. Hoffman, George W. Cope.

Trial of the appealed McClure ditch case is scheduled for Tuesday in common pleas court. A jury will hear the case.

John A. McClure and others filed a petition in October, 1922, for location and construction of a county ditch in Jackson township. William L. McCoy and others filed a remonstrance against the construction of the ditch. The county commissioners granted the ditch, after which McCoy appealed the case to common pleas court.

County Prosecutor Ralph Sever received Saturday from A. J. Hiestand, banker, a check for \$500, which represented the forfeited bond of Earl Oldfather, on which Hiestand was surety. Oldfather, 20 years old, of near Peru, Ind., was indicted for stealing an automobile in Eaton. When he failed to appear here for arraignment on the indictment, Judge Risinger declared the bond forfeited.

For 30 acres of land in Twin township, sold Saturday on partition, Horace E. Ozias paid \$3,150. He owned two-thirds of the realty. Ozias brought the partition action against Harry McWhinney and Susan Swartzel. Ozias effected a compromise with McWhinney and thereby came into possession of two-thirds of the real estate. An interest in another 65-acre farm was transferred by McWhinney to Ozias in

City Lodges

Richmond Council, No. 1, Jr. O. U. A. M., meets tonight at 7:30 o'clock in Room 275, Colonial annex. Regular business. All members urged to be present.

The Jr. O. U. A. M. and D. of A. held community games and exercises in their lodge rooms Saturday night, Jan. 27, with a large attendance. The games were led by Brothers John Rinehart and Jefferson Crouch, who promise another and better community night Feb. 10.

Suburban

Brumfield have been visiting Mr. and Mrs. W. I. Burns in Indianapolis this week. ... Olin Clark, an art student of Paris, France, is visiting his uncle, James Clark, and family. ... Bert Carpenter is quite ill of pleurisy.

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub in gently with the finger tips.

By morning, most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.—Advertisement.

LEWISBURG INSTITUTE
SPEAKERS ANNOUNCED

LEWISBURG, Ohio, Jan. 29.—The annual farmers institute of Lewisburg, which is independent of state financial aid this year, will be held on Feb. 14 and 15. A notable array of speaking talent has been engaged, and a corn show will be held in connection with the institute.

Speakers for the institute will be Dr. E. M. Elliott, state veterinarian; A. F. Hedges, Dayton, manager of the Miami Valley Milk Producers association; B. S. Harrod of Harrod, Ohio, and Mrs. Mary Field Hendrix, of Lebanon.

Officers of the institute this year are R. P. Sulder, president; Francis M. VanAusdal, vice-president; D. G. Weaver, secretary; Earl Cotterman, treasurer; and John Warke, Mrs. John Warke, and Mrs. W. N. McNutt, executive committee.

at his home on West Main street. ... Mrs. Charles Loeb has returned from a visit with relatives in Connerville. ... Fred Storch was called to Indianapolis this week by the death of his brother, Adam E. Storch. ... Mrs. Mary Weaver continues quite ill at the home of her daughter, Mrs. Walter Waddell. Mrs. Hole of Pershing is caring for her. ... Lorin Ulerich visited his parents at Farmersville, Ohio, this week. ... Mrs. Will Judkins has been visiting her brother at Lafayette this week. ... Mr. and Mrs. Martin Funk have purchased the tenant property of John Hiser on Church street in East Cambridge for \$1,650 and will occupy it in the near future. ... Mrs. Mamie Fowler has returned to her home in Newcastle after a visit with Mr. and Mrs. Roy Clingman. ... Mr. and Mrs. Frank Seay and daughter have returned to Indianapolis after a visit with her parents, Mr. and Mrs. Horace Owens. ... Rufus Lindsay has so far recovered from his

Avoid Harmful Grit

Pepsodent cures the film and removes it without harmful scouring. Its polishing agent is softer than enamel. Never use a film combant which contains harsh grit.

The name of that tooth paste is Pepsodent, and for seven years dentists everywhere have been urging its adoption.

Fights acid, too

Pepsodent also gives manifold power to Nature's acid-fighting agents. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids, the cause of tooth decay. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise ferment and form acids.

Old-time tooth pastes reduced those agents every time one used them.

Millions use it

Careful people of some 50 nations now use Pepsodent, largely by dental advice. It is bringing a new dental era.

Learn how much you need it. Ask for this ten-day test. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

Those are benefits you cannot afford to miss. Cut out the coupon now.

GAS RANGES
Bake with Fresh Air

are universally recognized as the finest, strongest, longest-wearing gas ranges on the market. Repairs or replacements of any kind are seldom necessary. Just as an example, the oven bottom, which is the first part to wear out in the ordinary range, is made practically indestructible.

They All Bake With
Fresh Air!

No matter which style you select, no matter what price you pay, you get the same wonderful bake oven. The construction of this oven insures better, sweeter, more wholesome baking and roasting, and absolute uniformity of heat in every part of the oven. This means that you don't have to watch the baking, or keep turning it this way and be evenly browned.

Another big advantage is the additional baking capacity. In the ordinary oven, which has openings in the side linings, there is at least an inch of space at each side which cannot be utilized. In the Estate Oven, baking can be placed right up against the walls. Hence, an 18-inch Estate Oven has the baking capacity of an ordinary 20-inch oven.

Estate Gas Ranges are made in a wide variety of styles, sizes and finishes, to suit all requirements. Several models are enamelled throughout, and some of the cabinet ranges can be had with or without an oven heat control.
