J. D. Babcock was not so scared of the strike but that he shipped two car loads of big steers to the Chicago Stockyards, last evening.

This morning's papers gave the first 75 names drawn for the Rosebud land. Not only is no Jasper county man in the list, but not one from any place in Indiana.

Out west Jordan way they missed most of our big rain of Wednesday evening, but they got a good soaking Thursday noon from a shower which just sprinkled a little here.

Word has been received here that Company M had elected First Sergeant Zern Wright as Second Lieutenant to succeed True Woodworth promoted to First Lieutenant.

Another detachment of strike breakers, left here this morning for Chicago, under the leadership of Paul Matthias of Nelson Morris & Co. The privates in this detachment were, Ray Hopkins, Clyde McGee, Bob Overton, Harry Watson and Gail Michaels.

Still another Rensselaer man got his name in the box for the Rosebud land drawing. It was Perry Gwin, son of J. C. Gwin, of our city, and he registered at Yankton also, and thus Billy Woodworth was not the only Rensselaer man to succeed in registering at Yankton, after all.

Dorset Brooke is preparing to go to Lamar, Colo., to make his home. His sister, who has lived with him, will live with other sisters near Brook, Newton Co. His brother, C. A. Brooke, who went west for his health is now at Lamar and able to earn \$2 every day, at the carpenter's trade.

Once more the monotony was broken in the clerk's office at the court house yesterday, by the filing of two new cases in court. One is Catherine Mosier vs Matilda Springer and others, the other Jacob Younglas vs Mary C. Teter and others. Both are quieting title cases. They were the first cases filed for ten days.

The cat in the meal tub in regard to the proposed rural mail route south-west and south-east of Rensselaer, seems to have been discovered for sure, this time. The cause of its hanging fire so long seems to be that it conflicts more or less with another proposed route from McCoyburg. Both, it seems covers some of the same territory, and one or the other will probably have to change its route some, or be abandoned. And perhaps both will be changed to some extent. One of the Remington routes also butts into the same territory, at one or two places.

L. Thornton and others. It is hoped it will be a great boon to Miss Thomas.

The Spooner family and Gus Phillips did not arrive from Iowa on the 10:55 a. m. train today, as expected, but instead came a telegram stating that Miss Cecil Spooner was sick, and therefore they could not come. STOMACH DOSING WILL NOT CURE.

Only way to Cure Catarrh is by Breathing Hyomei.

Ask any physician if catarrh is a blood disease and he will tell you that it is a diseased condition of the mucous membrane and that it cannot be cured by blood purifiers, pills, tablets, or other forms of stomach dosing. The only sensible way of curing catarrh is by using Hyomei.

Breathed for a few minutes, four or five times a day, through a hard rubber inhaler that is so small that it can be carried in the vest pocket, Hyomei will absolutely destroy all catarrhal germs and cure the disease. Catarrh can never exist where Hyomei is used. It has a two fold action, destroying the disease germs in the air passages and lungs, and soothing and healing the inflamed mucous membrane.

B. F. Fendig, one of the most reliable firms in Rensselaer is giving his personal guarantee with every package of Hyomei he sells that it will effect a cure or he will return the money. He has had scores of reports of remarkable cures of both acute and chronic cases of catarrh by Hyomei.

No other treatment has the endorsement of so many reputable people in all walks of life, as this scientific yet common sense cure for catarrh.

The complete Hyomei outfit costs \$1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50 cents.
