Opening Bill

TO-NIGHT "Knobs O'Tennessee"

This is a beautiful story of the Southland, beautifully told. It deals with those quaint and rugged people who live in the picturesque foothills of the mountains of Tennessee. It shows them in their endeavors to do with, as they please, that which the Almighty has entrusted to their hands. This sometimes brings them in conflict with the law of the land, and they willingly send forth their sons to fight in their country's cause, they band together and resist to the death, the representatives of the law who would say how they would use what God has given them. There is a delightful heart story running throughout the action of the play, which clearly demonstrates, when the "city lady" falls in love with the son of the mountains, that "God's noblemen are found everywhere."

There is an abundance of comedy and lively situations, furnished by the servants of the family, an Irishman, a Negro, and a Swede.

Specialties between all the acts.

Mrs. Patrick Campbell.

The visit of Mrs. Patrick Campbell, the greatest of English speaking actresses to the City of Chicago is the most notable event of the local dramatic season. Her appearance at the Garrick Theatre is without question important theatrically and socially, for Mrs. Campbell is not only one of the greatest actresses of the world ranking with Bernhardt and Duse, but she is quite a figure socially in London also. Her engaging personality, her marvelous though strange beauty, her extreme naturalness and dignified repose compels the deepest interest and unfailing attention in her every movement; in fact it is quite impossible not to be interested in her, for a peculiar fascination rivets all eyes to her from the first instant of her appearance upon the scene and until she again disappears.

For her appearance in Chicago Mrs. Campbell will present the following repertoire: Monday Jan. 6th, Tuesday, Jan. 7th and Wednesday, Jan. 8th, "The Second Mrs. Tanqueray"; Thursday, the 9th, Friday the 10th and Saturday the 11th, matinee and evening, "The Notorious Mrs. Ebbsmith"; Monday Jan. 13th and Tuesday, Jan. 14th, "Kedda Cabler"; Wednesday Jan. 15th, "The Second Mrs. Tanqueray"; Thursday Jan. 16th and Friday, Jan. 17th, "Magda"; Saturday matinee, Jan. 18th, "The Second Mrs. Tanqueray"; and Saturday evening, Jan. 18th, "The Notorious Mrs. Ebbsmith." These are the four greatest successes of her career, to which she is limiting her present American tour. Each role is a recognized masterpiece.

The prices for this engagement will range from 50 cents to \$2.00.

New Gasoline Engine.

I have secured the agency for the best gasoline engine that ever was manufactured. It is a self-igniting engine and embodies in its perfect mechanism many principles before considered impossible in a gas engine. It works as well in rain and snow as in perfect weather, and never gets out of fix. I will have one of these engines here to demonstrate shortly and want every farmer to see it work. Watch for the date.

We take orders for rubber stamps. You can get anything you want on them.

"The Stay's the Thing."

In corset comfort, style and wear, a superior article is always in demand. Spirella conforms to all movements of the body. It is the most comfortable, unbreakable stay yet produced. It being sufficiently strong gives all the support that is consistent with hygiene and good health. The rigid unyielding corset which supports the body in an armorlike fashion is never healthful. What every lady needs in a corset, is a garment to fit her form perfectly, and give her grace and style which nature intended she should. Call, let Mrs. G. W. Goff take your measure and send direct to the factory.

When to Go Home.

From the Bluffton, Ind., Banner: "When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself fat, your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bac old go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by B. F. Fendig.

GET IT AT THE LITTLE GEM

The majority of people haven't any idea of the importance of our candy department.

It, like the others in our store, is in charge of an expert, a specialist.

Deliciousness is not the only appealing feature of the "Little Gem" Candies. Purity is rigidly adhered to in every stage of their manufacture. That's why discriminating lovers of sweets prefer them to other kinds.

Take our cream chocolates at 30c the pound. The crisp coating on the outside and the soft mellow and piquant flavor of the inside make a combination that will beckon on the most backward palate.

There is a great variety of other candies here also, and we are confident that each grade is superior to any other sold at 20 cts. the pound more.

Our fine line of fancy boxes will have to be seen to be appreciated.

We fill them with our fresh hand-made Chocolates while you wait.
