

REV. TROUTMAN SENDS BEST WISHES FOR PE-RU-NA

Rev. George A. E. Troutman, Mt.
Washington, Mo., writes,

"My Wife and I Are Strong
Believers in Pe-ru-na."

Catarrah and La Grippe.
Rev. Geo. A. E. Troutman, Mt.
Washington, Mo., writes: "My wife
and I are strong believers in Peruna."

Walnut Hills, Cincinnati, Ohio, writes:
"For several years I have been troubled
with a peculiar spasmodic affection of
the throat. It would seize me suddenly
and for a few minutes I would be un-
able to speak audibly, and my breath
would be greatly interfered with. I
would be obliged to gasp for breath."
"I finally concluded that it was some
catarrhal affection which probably ex-
cited the spasm. It interfered with my
vocation as a preacher, attacking me
occasionally in the pulpit."
"I had heard so much about Peruna
as a catarrh remedy that I determined
to try it. After taking two bottles, my
trouble has disappeared. I feel sure
that Peruna has greatly benefited me."
Rev. P. E. Swanson, Swedish
Baptist Pastor, Box 228, Grantsburg,
Wis., writes that from the use of
Peruna he is perfectly well, entirely
cured of chronic diarrhoea and catarrh.

Peruna in Tablet Form.
For two years Dr. Hartman and his
assistants have incessantly labored to
create Peruna in tablet form, and their
strenuous labors have just been crowned
with success. People who object to
liquid medicines can now secure Peruna
Tablets, which represent the medicinal
ingredients of Peruna. Each tablet is
equivalent to one average dose of
Peruna.

I was cured of a bad case of catarrh when
nothing else that I tried had any effect.
My wife was cured from a severe case
of la grippe, and we feel that the least
we can do is to gratefully acknowledge
the merit of Peruna.
"My wife joins me in sending best
wishes for your success."

The Handy Doctor in Your Vest Pocket

IT'S a thin, round-cornered little
Enamel Box—
When carried in your vest pocket
it means Health-Insurance.

It contains Six Candy Tablets of pleasant
taste, as pleasant as Chocolate.
Each tablet is a working dose of Cas-
carets, which acts like Exercise on the
Bowels and Liver.

It will not purge, sicken, nor upset the
stomach.

Because it is not a "Bile-driver," like
Salts, Sodium, Calomel, Jalap, Senna, nor
Aperient Waters.

Neither is it like Castor Oil, Glycerine,
or other Oily Laxatives that simply lubricate
the Intestines for transit of the food stopped
up in them at that particular time.

The chief cause of Constipation and
Indigestion is a weakness of the Muscles
that contract the Intestines and Bowels.

Cascarets are practically to the Bowel
Muscles what a Massage and Cold Bath
are to the Athletic Muscles.

They stimulate the Bowel Muscles to
contract, expand, and squeeze the Digestive
Juices out of food eaten.

They don't help the Bowels and Liver in
such a way as to make them lean upon
similar assistance for the future.

This is why, with Cascarets, the dose
may be lessened each succeeding time
instead of increased, as it must be with all
other Cathartics and Laxatives.

Cascarets act like exercise.

If carried in your vest pocket, (or carried
in My Lady's Purse,) and eaten just when
you suspect you need one, you will never
know a sick day from the ordinary lull of life.

Because these lulls begin in the Bowels,
and pave the way for all other diseases.

"Vest Pocket" box 10 cents.

Be sure you get the genuine, made only
by the Sterling Remedy Company, and never
sold in bulk. Every tablet stamped "CCC."

WORK OF CONGRESS

The recent issue of bonds by the Sec-
retary of the Treasury was the occasion of
an animated debate in the Senate Mon-
day. The discussion was precipitated by
an inquiry by Senator Culberson and was
participated in by Senators Aldrich, Till-
man and Bailey. It resulted in an agree-
ment to postpone further controversy un-
til a statement can be received from Sec-
retary Cortelyou. Mr. Tillman's resolu-
tions directing the Finance Committee to
inquire into the operations of the Treas-
ury Department was referred, with his
consent, to that committee. The unfin-
ished business in the form of a bill to
codify the criminal laws of the United
States was placed before the Senate and
the reading of the bill was begun. Vig-
orous defense of State's rights in dealing
with violations of civil rights or with spe-
cial State elections where troops have
been called into service served to enliven
the debate in the House in connection
with the bill to codify the penal laws of
the United States. A number of Democ-
rats, mostly from the Southern States,
strenuously sought by amendment to re-
serve to the States themselves the dis-
cretion as to the qualifications of voters,
and of persons to serve on juries, and to
limit the power of federal judges on cer-
tain cases; but every attempt failed.

The recent federal bond issue was
again the subject for discussion in the
Senate Tuesday, being brought forward
for a resolution offered by Senator Cul-
berson, calling on the secretary for addi-
tional information concerning the reasons
that induced him to award bonds to na-
tional banks instead of to individuals
who offered a higher price. Mr. Aldrich
insisted that the resolution should not be
adopted until after Secretary Cortelyou's
reply to a resolution formerly adopted by
the Senate was received, but promised to
aid in securing additional information.
Mr. Culberson's resolution went over un-
der the rules. Senator Tillman offered a
resolution embodying a new series of in-
quiries concerning the financial situation.
The amount of the fine and the length of
the term of imprisonment to be meted out
to officers and directors of corporations
for violating the law with respect to
money contributions for political purposes
furnished material for debate in the
House in connection with the considera-
tion of the penal code bill. All amend-
ments to increase the penalty were voted
down. Earlier in the day there was a
sharp debate over the section prohibiting
the enticing of artificers and workmen
from government arsenals or armories by
private employers, and all attempts to
amend the provision so as to make it ap-
plicable only in time of war or public
emergency were voted down. When ad-
journment was taken eighty-six sections
of the 342 had been disposed of.

The Senate did not receive a reply
Wednesday from the Secretary of the
Treasury to its resolution calling for in-
formation concerning the financial situa-
tion, and in its absence Senator Aldrich
assented to the passage of Senator Cul-
berson's resolution on this same subject.
A joint resolution reducing from \$24-
000,000 to \$11,000,000 the war indem-
nity of the United States from China was
passed. The remainder of the session
was devoted to the discussion of the
penal code bill. The committee on re-
vision of the laws in the House finally
consented to allow amendments to the
bill codifying the penal laws of the United
States, and as a result the measure
was changed in some important particu-
lars. When the House adjourned there
were pending a number of important
amendments.

The Senate calendar was cleared of
nearly every bill upon it Thursday, and
the bill to revise the criminal laws of the
United States was taken up and discussed
until adjournment. A complete change
of front was exhibited by the majority in
the House of Representatives in the con-
sideration of the bill to codify and revise
the penal laws of the United States. The
pacific spirit displayed by the committee
on revision of laws, toward the close of
Wednesday's session, when it appeared as
though the several amendments strength-
ening certain provisions of the bill regard-
ing corruption in the appointment of per-
sons to public offices would be adopted,
vanished, and instead every inch of
ground was fought over to keep amend-
ments out of the bill. When adjourn-
ment was taken only six additional pages
had been disposed of and but one or two
verbal amendments by the committee had
been inserted.

The Senate was not in session Friday.
After passing a large number of pension
bills the House at 1:25 p. m. adjourned
until Monday. The penal code bill was
not taken up.

NATIONAL CAPITAL NOTES.

A free art bill was introduced in the
House by Mr. Burton of Ohio. It was
referred to the committee on ways and
means.

Representative Mann of Chicago in-
troduced a bill permitting railroads to
give free transportation to officials and
employees of other lines.

The Senate committee on buildings and
grounds recommended the purchase, at a
cost of \$9,000,000, of the ground between
Pennsylvania avenue and the Mall, ex-
tending from the capitol to the treasury
building, and the erection thereon of
buildings for the State Department, the
Department of Justice and the Depart-
ment of Commerce and Labor.

Senator Tillman is swamped daily with
letters from all parts of the country
praising him for his efforts in behalf of
prohibition.

Senator Owen of Oklahoma introduced
a bill providing for the taxing of de-
posits in national banks to raise a fund to
guarantee all depositors.

The joint resolution extending to Jan.
21, 1910, the time allowed militia com-
panies of the various States to conform
their organization to that prescribed for
the regular army, was passed by the
House and goes to the President for his
signature.

AWFUL EFFECT OF ECZEMA.

Covered with Yellow Sores—Grew

Cuticura Drove Sores Away.
"Our little girl, one year and a half
old, was taken with eczema or that
was what the doctor called it. We took
her to three doctors, but by this time
she was nothing but a yellow, green-
ish sore. One morning we discovered
a little yellow pimple on one of her
eyes. Doctor No. 3 said that we had
better take her to some eye specialist,
since it was an ulcer. So we went to
Oswego to doctor No. 4, and he said the
eyesight was gone. We were nearly
discouraged, but I thought we would
try the Cuticura Treatment, so I pur-
chased a set of Cuticura Remedies,
which cost me \$1, and in three days
our daughter, who had been sick about
eight months, showed great improve-
ment, and in one week all sores had
disappeared. Of course it could not
restore the eyesight, but if we had
used Cuticura in time I am confident
that it would have saved the eye. Mrs.
Frank Abbott, R. F. D. No. 9, Fulton,
Oswego Co., N. Y., Aug. 17, 1906."

mucous surfaces. Hall's Catarrh Cure is not
a quack medicine. It was prescribed by one

Baseless Fear.

"Say," whispered the wide-eyed man,
who had sworn off only two days before,
clutching the other by the arm, "is there
a to-y-legged animal with web feet and
a bill like a duck's?"
"Yes, sir," said the attendant at the
museum of natural history. "It is called
the ornithorhynchus. There's a specimen
in that glass case back there."
"Thanks," rejoined the man, immen-
sely relieved. "When I saw it a minute
ago I thought I had 'em again!"—Chi-
cago Tribune.

Bernard P. Woods, of Jackson street,

and heavy lifting weakened my kid-
neys. I was tired every morning and
my limbs stiff and sore. Dizzy spells
and headaches were frequent, and the kid-
ney secretions much disordered. This con-
tinued for fifteen years and until I be-
gan using Doan's
Kidney Pills. Then I improved steady-
ly until cured, and naturally, I recom-
mend them strongly."

Why Boys Play Hooky.

A child plays truant either because
the school has too little interest for
him or else because the parent cannot
properly control him. Probably in
most cases both circumstances affect
his conduct. If the subjects taught and
the teachers themselves were in all re-
spects what they should be and if the
parents had full control of their chil-
dren, there would be little heard of
truancy or its effects. There are three
causes of truancy, therefore, which de-
serve attention—a narrow curriculum
which fails to meet the needs or inter-
ests of all the pupils; inefficient teach-
ers who by reason of a lack of skill,
tact and sympathy fail to reach some
of the pupils; weak or indifferent par-
ents who fail in their duty of keeping
their children in school.—Charities and
the Commons.

A Texas Shooting Wonder.

The World's Records for wing shoot-
ing with a rifle were "smashed to sin-
ders" in San Antonio, Texas, recently
by Adolph Topperwein, a native of the
Lone Star State. He shot for ten con-
secutive days at 2-4 inch wooden
blocks thrown in the air at a distance
of 20 feet from him, missing only 4 out
of the first 50,000 and but 9 out of
72,500. During his shooting he made
runs of 14,540, 13,500, 13,292 and 13,219
hits without missing. In doing this
wonderful shooting he used only two
22 caliber rifles—Winchester repeaters.
His ammunition was of the
smokeless powder variety made by the
Winchester people and famed for its
accuracy and cleanliness.

Flattering Comparison.

"Isn't he a cute little darling?" said
the fond mother, proudly exhibiting the

"Yes," answered her bachelor brother.
"He's funnier than one of those mechani-
cal toys. You don't have to wind him
up."
