Dick and George Foulks were in Rensselaer today and called at the Republican office. Dick has not seen any democrats out his way that have strained any ligaments getting into town to contribute to the democratic campaign fund yet, and George says the Milroy democrats are feeling that they don't want to help a party that promises nothing better than 20 cent corn and 15 cent oats. George is the republican committeeman in Milroy and has issued a call for the republicans to meet at Center school house on Next Wednesday, Oct. 14th, and nominate a trustee and an assessor. Every republican in Milroy should get out, register his vote and then support the ticket. Elmer Babcock writes to have his Republican sent to him in Chicago instead of Hammond, where he previously received it. He says: "Chicago is clearing up; they are going to have smokeless railroads. It will now be up to New York to have a scandalous four hundred." Elmer is apt to become very unpopular with New York's elite social set, if he don't watch out.

Judge Hanley, Court Stenographer Sigler, and Attorneys Frank Foltz and Abraham Halleck went to Kentland this morning, where court convenes today. After a four weeks' session there they will return to Jasper county and open court here again on Nov. 9th. Fall weather in this section of Indiana is almost always delightful, and thus far October has been a most beautiful month. Frost and a little ice at night and a bright day following. If we wanted to find fault we could say that we needed some rain, but that would not do much good now, except to replenish the wells, which are running low. And corn is drying so nicely that perhaps it is better without much rain. Occasionally there is a little upset, but usually we have ideal weather here from Sept. 1st to Thanksgiving and after that there is little telling what we will have served to us in the weather line.

The J. Warren Davis Stock Co., concluded their engagement here last Saturday night, presenting very successfully the play, "Heart of Tennessee." The company is a very excellent one and deserved better business than they received here.

Rensselaer is to have still another grocery store. Alfred Lowman, who has been in business at Whiting for the past two years, has rented the room where the postoffice now is and will occupy it as a grocery store, soon after the postoffice is moved.

JOHN EGER'S.

His company was at Joliet, Ill., last Saturday night and will be at LaPorte tonight. The crowd that will witness our popular fellow townsman in "The Wolf" at Lafayette on Nov. 10th, continues to increase and more than 125 cars have been engaged through B. F. Fendig, and this number will be greatly increased by the date of the play. Mr. Phillips is so much pleased with the fact that his friends here are planning to see him that he will make a personal effort to have a special train convey the party both ways, which will be much better than going down on the milk train.

DANCE THURSDAY EVENING, OCTOBER 15th, AT WARNER'S HALL.

L. H. Chapman, of Newland, has raised about 400 bushels of very fine potatoes this year. He brought us a sample the other day and they are fine, large and smooth potatoes. And the prices are also good.

Attorney G. A. Williams addressed a good crowd of voters at Fair Oaks last Saturday evening, and talked to them about the record of Judge Taft and the forgotten hobbies of Bryan. He also talked to them on state and local issues and plead with them to vote straight when the candidates from bottom to top are as excellent as the republican party has nominated this year. George is a good speaker and never fails to get and hold the interest of his audience.

Russell Harmon has been taking quite an interest in "Curly" Thomson, since he made the fine balloon ascension at Francesville recently, and he has been talking with Deggering, the owner of the Monticello balloon, about bringing his balloon over here next Saturday and having Thomson make an ascension here. If arrangements can be made, it would probably help to bring a large crowd here that day, as the Crown Point football game will attract a great many. It will take about \$50 to pull off the event.

### Look Out for Game Warden.

Don't go gunning for rabbits until Nov. 10th, and when you do, keep your resident license in your pocket.

The appended caution is published at the request of Z. T. Sweeney, state game commissioner:

Section 601 of the present game law makes it a penalty to shoot, destroy or possess any wild squirrel between November 1st of any year and the following July 1st. It says nothing about the time from July 1st to November 1st. Section 608 makes it unlawful to hunt any kind of game, except wild ducks and other water fowl, from October 1st to November 10th. Both of these sections are in force today. The open season for squirrels is clearly limited to the time between July 1st and October 1st. The only closed season for rabbits is from October 1st to November 10th.

The object of this closed season is to keep the violators out of the fields that hunters who observe the law may have a fair chance at the quails November 10th. The game laws are being better enforced and more respected every year.

Hunters should be careful not to go into the fields without their resident licenses, as some are paying heavy penalties for this violation.

I am putting in a number of extra deputies for October with instructions to arrest all violators of every kind.

Very truly,  
Z. T. SWEENEY,  
Commissioner.
