## Salvage Wheat Brought Here.

Persons residing near the depot or having occasion to visit that neighborhood, and more or less people living all over town, may have noticed a very disagreeable smell during the past few days. The odor arises from a box car, which was loaded with soured wheat, which was bought as salvage from the recently destroyed Armour elevators in Chicago.

Frank Hill is the purchaser and this is the third or fourth car load he has bought. He uses it in feeding hogs and steers and it has almost as good fattening qualities as good new wheat. Some of this wheat was sunk in the Chicago river in barges that were partly consumed by the flames and it was some time before the wheat was brought to the surface of the river. It is still damp and very musty and the odor is far from pleasant. Mr. Hill has sold some of it to other feeders, getting \$10 a ton for it.

## Fire Again, But Just Outside Hanging Grove Township.

Mrs. M. A. Rishling's farm was visited by a fire about 3 p. m. Sunday. A buggy shed and crib combined and a hen house were totally destroyed, together with 1,000 feet of oak lumber that had been stored away. Mrs. Rishling has insurance on all of the buildings except the ones that burned, so her loss is complete. The exact origin of the fire is unknown, but it is quite certain it started by sparks from the cook stove, as Mrs. Rishling recalls the fact that just a few minutes before she noticed a smoke in the barn yard, that she had stirred the fire quite vigorously. She was alone at the time but called her son Hoy, who was on the scene in just 5 minutes after he got the message.

Fire was also set out on the Thompson ranch Sunday, west of McCoy'sburg, supposedly by a Monon train, and burned over a large area of pasture land.

Unless we have a drenching rain soon fires will occur quite often.

## Monnett Memorial to be Dedicated.

The Mary Delamar Kinnear Monnett Memorial Building will be dedicated Friday evening of this week, the exercises that accompany the dedication taking place at Monnett Hall, 4948 Indiana Ave., Chicago, where the other building of the Chicago Training School for City, Home and Foreign Missions are located. This building was erected with money given to the Training School by Miss Cordelia P. Monnett, formerly of Rensselaer, and the building is a memorial to her mother, whose name it bears. Through the courtesy of the Board of Managers of the School the Republican has been tendered an invitation to attend the dedication.

## Parr Rally to be Friday.

The republican rally and speaking at Parr will be Friday instead of Saturday of this week as incorrectly stated in the Daily Republican of Monday and the Semi-Weekly Republican of Tuesday.

Republicans and others are urged to visit Parr on Friday and hear the issues discussed. Logan Wood has provided a large tent, which will have ample seating capacity, and it will be worth any voter's while to visit Parr both afternoon and night. Judge Simon P. Thompson will speak at 2:30 in the afternoon and Attorney George A. Williams will speak at 7:30 in the evening.

## Rev. Ferguson Has a Wedding.

Rev. B. F. Ferguson performed a marriage ceremony at his office in the Murray block Monday afternoon at about 3 o'clock, the contracting parties being Mr. Alfred Mansfield Rice, of Mt. Ayr, and Miss Rosa Anna Karr, who resided in this county. The groom was 31 years of age and the bride was 23. They will reside in Mt. Ayr for the present, and probably move to a farm next spring, the groom being a farmer by occupation.

## LAME BACK.

This ailment is usually caused by rheumatism of the muscles of the small of the back, and is quickly cured by applying Chamberlain's Liniment two or three times a day and massaging the parts at each application. For sale by B. F. Fendig.

## Fruit Show at Purdue.

Arrangements have been completed for the Second Annual Fruit Show, to be held at Purdue University, during the week of the Farmers' Short Course, Jan. 11-16, 1909. Great interest was shown by the fruit growers of the state in the first annual show held last year. The exhibition this winter will be held under the joint auspices of the Indiana Horticultural society and the Horticultural department of the university. It is planned to make the fruit show bigger and better than ever. The society is providing a generous premium list over \$300 in cash prizes being already assured. Everyone interested in the growing of fruit is urged to enter this contest, practically the only condition being that all fruit shown must be grown by the exhibitor. For premium list and further information apply to

C. G. WOODBURY,  
Experiment Station,  
Lafayette, Ind.

## Crumpacker Here Oct. 20th.

The next republican speech for Rensselaer will be Tuesday evening of next week, Oct. 20th, at which time Hon. E. D. Crumpacker, congressman from this district will be the speaker. Mr. Crumpacker is always a logical and entertaining speaker and knows more about the business of the government probably than any other man in Indiana, for the reason that he has been so much a part of it since he has first elected to congress twelve years ago.

A further announcement of this meeting will be made later in the week, and it is hoped that every republican and many others will come out to hear Congressman Crumpacker.

## Republican Speaking at Parr.

Logan Wood has arranged for a large tent for the big republican meeting at Parr next Saturday afternoon and night. Judge Thompson will speak in the afternoon and Attorney G. A. Williams at night. The afternoon meeting will be at 2:30; the evening meeting at 7:30. It is hoped that a large crowd will turn out for each meeting.

## Republican Speaking.

Republican speaking has been arranged for as follows:  
Oct. 16—Judge S. P. Thompson, at Parr, during the afternoon; Attorney G. A. Williams at Parr at night.  
Oct. 17, afternoon—W. A. Ball, of Muncie, and Henry M. Dowling, of Indianapolis, will hold a big meeting at Wheatfield. The Rensselaer Watson Octette will sing several lively campaign songs. Turn out, republicans, and make this a big meeting.  
Chairman Leopold has appointed Attorney Chas. M. Sands, of this city, to look after the speaking dates in the out of town townships and he is giving it diligent attention.

## FOR CHAPPED HANDS.

Chapped skin whether on the hands or face may be cured in one night by applying Chamberlain's Salve. It is also unequalled for sore nipples, burns and scalds. For sale by B. F. Fendig.

E. G. Hill, of Richmond, had added another to his list of achievements as a florist, a cablegram announcing that the "Rhea Reid" rose, one of his best specimens, has been awarded the grand prize by the International Rose Show, held at Paris.

## BLOCKADED.

EVERY HOUSEHOLD IN RENSSELAER SHOULD KNOW HOW TO RESIST IT.

The back aches because the kidneys are blocked.

Help the kidneys with their work. The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

Ernest Norton, living in the southern part of Goodland, Ind., says: "I used Doan's Kidney Pills and they proved of great benefit to me. I suffered from backache and severe pains across my loins, was unable to rest at night and felt tired and worn out during the day. My kidneys were disordered and at times the passages of the secretions were frequent. After using Doan's Kidney Pills I was relieved of my backache and pains, the kidney secretions were regulated and I received new strength and ambition. Doan's Kidney Pills did me a great deal of good and I have not had any kidney trouble since using them."

Plenty more proof like this from Rensselaer people. Call at B. F. Fendig's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Jones for shooting squirrels out of season and Jones thought he would shoot a game warden in season. He and Fleming engaged in a pistol duel, and both sustained pistol wounds.

## WHY COLDS ARE DANGEROUS.

Because you have contracted ordinary colds and recovered from them without treatment of any kind, do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh have their origin in a common cold. Consumption is not caused by a cold but the cold prepares the system for the reception and development of the germs that would not otherwise have found lodgment. It is the same with all infectious diseases. Diphtheria, scarlet fever, measles and whooping cough, are much more likely to be contracted when the child has a cold. You will see from this that more real danger lurks in a cold than in any other of the common ailments. The easiest and quickest way to cure a cold is to take Chamberlain's Cough Remedy. The many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by B. F. Fendig.
