Chas. Robinson has returned from his trip to South Dakota and after a short visit with his mother, Mrs. G. M. Robinson, and other relatives here, he left this morning for his home near Battle Ground. He was at Dallas, S. Dak., and has about decided to move there the coming spring. He did not happen to run across many of the Jasper county contingent in South Dakota, but saw Roy Stephenson, who is breaking on a passenger train out there.

The difficulty between the Methodist congregation at Burnettsville, the conference and the pastor has been adjusted. The pastor has taken possession of the parsonage. He has filled all of his appointments but one since coming from conference. It seems the congregation objected to Rev. Kenrick because he was just a newly ordained minister and it was his first charge. He is a Wolcott boy who has made a determined effort to prepare for the ministry, and there is a good reason to believe that he will make a success.—Monticello Journal.

Now is the very best time to buy Xmas goods in fancy work, at Mrs. Goff's, as she expects to close out her fancy work between now and Xmas, all except embroidery threads and stamping, which she will continue

with her corset business. She has the most complete line of stamping patterns in the city and is continually buying new. She also has a fine line of pillow cords, pillow tops and center pieces with work started and free instruction given. Also pillow case linen, belts and pine cushion forms. After a year's study in the corseter's art and her week's instruction at Madeline, Pa., under some of the very best eastern corsetiers and instructors, Mrs. Goff now feels she is in a position to give entire satisfaction to her patrons.

His leg has healed up very nicely but is still quite sore and will probably be a little shorter than the other one.

What Do They Cure?

The above question is often asked concerning Dr. Piero's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces as the nasal, passages, throat, bronchial tubes, stomach, bowels, and bladder, curing a large per cent. of catarrhal cases whether they directly affect the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous, diarrhoea, bladder, uterus or other pelvic organs). Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only—it is a powerful yet gentle medicine, giving tonic and nervous power. For weak women over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient of these medicines.

The words of praise begin on the several ingredients entering into Doctor Piero's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any concoction or mixture.

Dr. Piero's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

M. L. Hemphill went to Hebron this morning to install one of his horse stocks. He was accompanied by Thos. Burns, who likes Hebron almost as well as Rensselaer.

Capt. J. A. Burnham and little granddaughter, Kathryn Morlen, went to Morocco this morning for a short visit with his sister, Mrs. A. D. Swain.

W. J. Warren came down from Chicago yesterday for a short visit with the families of Chas. Kessinger and Mark Reed. He is now a conductor on the Northwestern Elevated in Chicago.

Chas. Gurtner and wife, of Wabash, arrived this morning for a visit with their nephew and niece, Mr. and Mrs. Chris. Morganegg, who live on the Gangloff farm in Barkley township.

Alfred Lowman, who will occupy the building where the postoffice now is after Nov. 1st, was here yesterday evening. He will conduct a butcher shop and meat market combined after the plan of the city grocery and meat market stores.

The Rensselaer teachers have decided to use Thursday and Friday, Nov. 5th and 6th, for visiting days, and the schools will be closed here on those days. Most of the teachers will visit the Indianapolis schools, gathering new ideas and comparing methods of instructing the "young idea."

The annual session of the Jasper county Sunday School Association will be held in Rensselaer, Thursday, Oct. 22, Rev. E. W. Halpenny, secretary of the Indiana State Sunday School Association will be present. He will be assisted by the local talent of the county. Every Sunday school worker of the county should attend the meeting.

Mr. and Mrs. W. L. Yates left this morning for a visit of some length at Lafayette, Hoopeson, Rossville and Danville. They will spend a few days with John Purcuple and family at Lafayette and will then remain for an indefinite time in Illinois. Mrs. Yates has been feeling very poorly lately and the trip is made with the hope that it will prove beneficial to her.

Uncle Joe Sharp was a caller at the Republican office this morning. He had a long seige of sickness and for several months was not able to leave his house. He had a bilious that caused a diseased condition of the bone at the first joint of the great toe and a long time was required to heal it up, but now he is getting along very nicely. His many old friends are glad to see him able to be out again.

Rev. C. W. Postill, of Fowler, was over to see his farm near Surrey yesterday, and spent part of the day in town visiting his many old friends. He states that the Methodist denomination at Fowler are getting ready to erect him a fine parsonage, which they expect to have finished by the time cold weather sets in. They also have strong hopes of building a new Methodist church in that place at a cost of about \$15,000.

I. N. Best and William Kight are both making plans to erect buildings on the scene of the recent fire at Roselawn. Kight will erect a frame building and occupy it as a saloon. It will be on the location of his former saloon. Mr. Best has bought the lot where the hotel formerly was and will erect a large building for a livery and hitch barn. Both parties have been in Hammond to purchase the lumber.

John Renicker will hold a public sale on October 20th, preparatory to moving to a farm he recently purchased near North Manchester. John is one of our best farmers and we regret to have him leave Jasper county. Francis M. Hayes, also of Barkley township, will hold a sale the day after Mr. Renicker's. He sold his farm over a year ago to his son, Will, who will occupy it, and Mr. Hayes will move to Marion, where he has a son and daughter living.

Mrs. Meyer, mother of former postmaster F. B. Meyer, is in very bad condition now and her death is only a matter of a short time. She is being cared for by Mrs. Frank B. Meyer and Mrs. Dickinson. About two weeks ago Mrs. Meyer sustained the dislocation of her left hip and this would be sufficient of itself to keep her bedfast for a long time, but coupled with it is a severe case of kidney trouble. Her advanced age is much against any chance for her recovery.

Jesse A. Snyder returned last evening from Indianapolis where he was operated on for appendicitis. He, of course, is still very weak and will not be able to do any work for two or three weeks yet, but the operation was a very successful one and will probably restore him to perfect health. Only about six months ago Jesse weighed 193 pounds and now he weighs only 158, and is correspondingly reduced in health. The specialist that operated on him found a very bad case of the disease and had the operation been much longer delayed it would probably have cost his life.

Mr. James Cooper died on Wednesday morning at his home on Pearl street, at the age of 82, after a long and gradual decline. Deceased was an old inhabitant of this locality, having for many years owned and tilled a farm in Gilman township, moving to this town some ten years ago. The funeral took place yesterday afternoon at one o'clock from the M. E. church, Rev. Tammill preaching the funeral sermon. He was assisted by Rev. Lynn Bates and John Sebring. Interment followed in the Independence cemetery—Medaryville Advertiser.

S. E. Yeoman, the nursery agent, was one of a great many people in Rensselaer that raised a fine crop of Keefer pears this year. He had two trees and gathered something like six bushels from them. He brought a sack of them to the Republican office, the largest and smoothest ones we have seen this year. Many are reporting that these pears are ripening much quicker this year than they usually do, and that they are not going to keep nearly so long as they have during previous years. On some occasions they are laid away and will be well until Christmas, but it is said that they will not keep nearly as long this year.

A. W. Cleveland has been back here for a day or two from a trip to northern Wisconsin and to the eastern part of this state. He will leave again this afternoon for Bedford, O., which is a suburb of Cleveland, and near which place he will take up his home on the old home farm. He has a maiden sister and a bachelor brother living there, where they have resided since 1847. She is 85 and he is 80 years of age, and they are both nearing life's end and Mr. Cleveland will go there to remain with them during the balance of their lives. Physically Mr. Cleveland is feeling quite well now, but he is very lonesome since the death of his wife, and he finds leaving Rensselaer, where he has lived for so many years, a hard matter. He will take away with him the best wishes of all of his old acquaintances, and all hope that he will be able to come back and visit Rensselaer again.
