## George W. Payne.

George W. Payne, son of James H. and Mary E. Payne, was born in Barkley township, Jasper county, Ind., Dec. 22, 1875, and died in Rensselaer, Oct. 24, 1908, at the age of 32 years, 10 months and 2 days.

Most of his life was spent in this community until about 8 years ago. The last eight were largely spent at Hammond. About two years ago his sickness began with an attack of the grip. On June 4th of last year, he went to Colorado, and remained there about four months, only to find that the change in climate was unavailing, and returned here to Rensselaer. During the past summer he made a short trip to a sanatorium in Michigan, hoping for better results, but soon found that the climate there was not favorable to his recovering. He then returned to Rensselaer and has resided here ever since.

On June 13, 1908, he was baptised and received into membership in the M. E. church. Since that time he has given many indications of Christian assurance and comfort. He seemed to be especially helped and comforted through prayer with him in the home.

Besides his father and mother, he leaves two brothers and two sisters, Charles and Lewis Payne, and Mrs. Ada Marion, of Rensselaer, and Mrs. Bertha McNany, of Hammond, one sister having died at three years of age.

Mr. Payne was a member of the order of the Knights of the Macca-bees of the World, Tent No. 42, Ham-mond, Ind., and that order was duly represented here.

"How swift the torrent rolls  
That bears us to the sea,  
The tide that hurries thoughtless  
souls  
To vast eternity."

Don't let the efforts of democratic papers frighten you or divert your attention to the one greatest duty in this election, and that is to vote the straight republican ticket.

Republicans should not scratch their ticket unless they see that the other fellow is a better man than the one they are turning down. From top to bottom the republicans have nomi-nated thoroughly competent and thoroughly honest men.

## Monnett Memorial Dedicated.

The twenty-third anniversary of the Chicago Training School was ob- served in Chicago Oct. 16th, by a re- ception given to the friends of the school and by the dedication of the Mary Delmar Kinnear Monnett Memorial building which has recently been com- pleted and occupied as a dormitory building for students.

for girls which she has founded in Rensselaer.

At the close of the evening's ce- lebration it was announced that on Thanksgiving Day ground would be broken for a chapel building for the Training School, to be the gift of that generous benefactor of the school, Mr. N. W. Harris. Many

MARY DELMAR KENNEAR MEMORIAL BUILDING.

The dedication ceremony was con- ducted by Dr. W. E. Tilroe, of Mc- Cabe Memorial Church in Ren- selaer, Ind. Dr. Kindig spoke of the interest of her home church in the beautiful gift which Miss Cordelia P. Monnett, formerly of Rensselaer, is making to the school in memory of her mother, also for the school

friends were present to rejoice with the faculty and students in the pros- perity and widening possibilities of the institution.

The attendance of students is at present nearly two hundred, while there are about sixty or more in the extension department for self sup- porting women.

### Oakwood to be Here Saturday.

The Rensselaer high school is to tackle another hard proposition next Saturday, when the Oakwood high school from West Lafayette will be their opponents at Riverside field. Oakwood is always strong for the reason that they have the advantage of watching Purdue train, and they have always put up a good quality of ball against the black and red. This year they are said to be especial- ly good, and last Saturday they hand- ed it to Logansport high to the tune of 26 to 0. But the Rensselaer boys are also in good shape and are play- ing Championship ball, and Coach Parker and Prof. Bradshaw and Dean are giving the boys hard practice, and they are in perfect condition. If the weather is good a great crowd of rooters will probably see the game, which promises to be one of the best of the season.

### Walker Township Appeal.

There is at present but one voting precinct in Walker township, but there are enough voters there to create a second precinct and thus save the vot- ers of the north end long drives to reach the poles, but the other precinct can not be established until 200 votes have been polled. This can be ac- complished if all voters get out and attend this election.

Don't let bad weather keep you away; no matter what your politics are turn out and vote and the result will be another voting precinct at all future elections in that township.

The department urges that persons be more careful in addressing mail matter, in case you are visiting have your mail addressed "in care of" etc., thereby effecting im- mediate delivery and saving your letters from the dead letter office.

Before any persons decides to vote against James E. Watson and the republican county option proposition, they should line up and read from top to bottom one of the big pot- ers that take brewers have had posted here in Rensselaer. The sincere temper- ance man can not afford to let the brewers run the state of Indiana, and their effort to do it should have a speedy and positive rebuff. And tem- perance people know that county option means the destruction of many saloons and they will surely help to do it. A vote for Watson will aid in the good work.
