A. A. Boyer, of Dwight, Ill., came yesterday to call on his Barkley township farm tenant, Ephraim Hughes.

Mr. and Mrs. John Ullery, of Brook, took the early train here this morning for Washington, D. C., where he is employed in the census office.

The Beta Phi Sigma Club will give a dance at the armory Thanksgiving night, which promises to be a very pleasant affair. Invitations were sent out to all the college students and it is probable the dance will be participated in by about 50 couples. Pretty programs done in gift have been printed by the Republican for the hop.

Uncle Bill N. Jones will leave tonight for Bellewood, Neb., where he will spend the winter with his son and daughter and occupy his time spreading Jones Protective Paint and the glory thereof. Uncle Bill would have been started west before this time save for several contracts he had here to paint roofs, and after he once got started at work it seemed like he could not get away from additional jobs. Everything going well he will be with us again next summer.

## "The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. **Pure, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery.** It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

About thirty members of P. W. Clarke's Sunday school class which consists of young married men surprised him at his home Monday evening, appearing unannounced and bringing with them a good supply of oysters. A very pleasant evening was passed.

J. N. Tanner, who has worked as a blacksmith in Rensselaer for several years prior to five years ago, arrived here yesterday and will remain for a few days. He has a little deal on that may result in his return to Jasper county and his old acquaintances will welcome him back. His present home is Bucklin, Kans., where he is engaged in the blacksmithing business. He bought a farm when he first went to Kansas, paying only a little over \$600 for it. He sold the farm a year ago for \$3,200 and the same farm sold this year for \$6,400.

Speaker of the House of Representatives "Uncle" Joe Cannon, will aid in the fight for tariff revision. This will disappoint some people who claimed that he was irrevocably a stand pater. While the rest of the country has been cussing "Uncle" Joe he was handsomely endorsed in his own district. The republican party pledged a tariff revision and the republican party will make such change in schedules as the people themselves demand. This party has never deceived the people and it had no thought of deceiving them when it pledged tariff revision in its platform. "Uncle" Joe probably has his faults, but so have his critics and so has Sam Gompers, who made such a miserable failure of his effort to array the laboring men against Mr. Cannon. They knew their friend in Danville, and they would sooner trust to "Uncle" Joe than to the prejudice of Gompers. The friends of the people and the friends of the tariff will revise it.

Bert Sparling and mother, Mrs. Mary Sparling and Mrs. Harve Miller returned Monday evening from a visit of three weeks at Greensburg and Coats, Kans.

Prof. Bradshaw heard from McKinley high school of Chicago this morning, and they will be here all right tomorrow for their game with the Rensselaer high school. Our boys are feeling in good shape and their victory last Saturday over Hammond has made them anxious to conclude the season by defeating one of the strong Chicago teams. If the weather is good there will doubtless be a great crowd out to see the game.

It has been more or less rainy since Sunday night, with occasional indications that it was going to clear up; and then more clouds and rain. The precipitation has not been very great for a three day's rain, but it has done a great deal of good. If it would clear up until after Thanksgiving now, and then give us another ripping good rain we would be ready for winter and the way the wind whistles we are apt to have some cold weather almost any time now.

The Republican recently mentioned the disappearance of Frank Sigman from his home near Parr, in connection with the death of his little three years old son. It seems that Sigman is the party who shortly before his disappearance took a check from the mail box of Thos. McGowan and after raising it from \$2.50 to \$12.50 endorsed the name of Mr. McGowan on the back of it and after buying a pair of shoes cashed the check at the 99-Cent Racket Store. Mrs. Mae Parcells waited on him. A detective was brought here and soon found out that Sigman was the guilty party. He claimed that he had bought the shoes at Parr, but when taken there he admitted that he was guilty, and secured money and settled up with the Racket Store clerk. It is said that George W. Infield interceded in Sigman's behalf and asked that his arrest be deferred a few days in order that he might make preparations for the care of his family, and Sigman at once "dug out." There are three distinct charges against him, robbing a mail box, raising a check and forging the name of the payee on the back thereof. Should Sigman be apprehended he would hardly escape a penitentiary sentence.

## The Doctor's First Question

"How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows what a long list of distressing complaints result from constipation. He knows that headaches, bilious attacks, indigestion, impure blood, and general debility are often promptly relieved by a good liver pill. We wish you would talk with your own doctor about this subject. Ask him at the same time if he approves of Ayer's Pills. Do as he says. J.C. Ayer Co., Lowell, Mass.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being only a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for a list of testimonials.
