

See that the next cough remedy you buy is wrapped like this.

A GOOD NAME

EVERY one desires to establish for himself a good name, but it takes time to win the confidence of your fellow men. Truth and perseverance are the alternate rungs on the ladder of success, and he who reaches the top must make no false step.

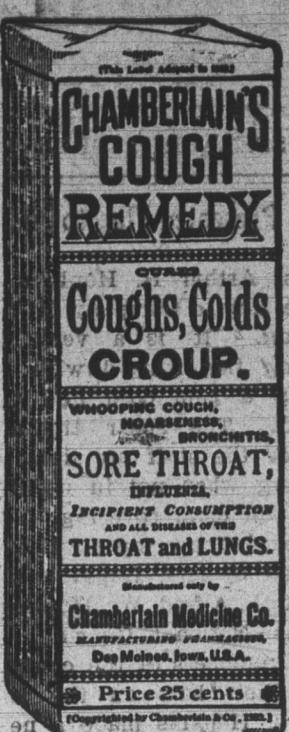

There are hundreds of cough medicines with all sorts of names, each claiming to be the best, but the test of time will prove whether or not they have established the right to be called the best.

Chamberlain's Cough Remedy has had thirty-five years of sale and use, and has cured coughs and colds under all conditions, in all countries and climates, and the verdict today is that it has no equal.

Careful selection of the drugs, intelligent and skillful compounding, the entire absence of opium, chloroform, or any other harmful ingredient, and the absolute purity of every article that goes into its composition, has built up and sustained its good name.

These are the things you should remember, and the next time you want a cough medicine, it is worth while to see that you get Chamberlain's and secure the virtues which a good name implies.

Every dealer who sells a bottle of Chamberlain's Cough Remedy guarantees it to give satisfaction or he will refund the money.

Farm Gumption:

Have you saved a little money this year? Invest some of it in the old farm; do something to make the place better. You could have no better bank than your own farm. Every dollar thus invested will come back with tenfold interest.

If a farmer wishes to find out the amount of corn he has on the ear, multiply the length of crib in feet, and divide by two and one-fourth. The easy way to divide by two and one-fourth is to multiply by four and divide by nine.

A neighbor who is visiting in the city since corn-husking is over, writes home about taking chances on a six-cylinder motor car, and last summer he objected to his wife buying a gasoline stove because he was afraid to have the pesky thing around.

It is very annoying to telephone subscribers to find during the very busy hours in the evening when they want to use the phone, that some couple are sparkling over the wire, or somebody else is holding a long conversation. Some people use the telephone almost any time for almost anything.—December Farm Journal.

Fun at Royal Center.

Winamac Democrat:

Royal Center people had an exciting mix-up between the boozers and the anti-boozers last Saturday over the possession of a wagon load of beer which the marshal had previously confiscated as contraband goods. The temperance people stood massed around the beer, which had been unloaded from a dray to the gutter by the owner of the dray, George Lemasters, a temperance man, who objected to his mules drawing a wagonload of "booze." Headed by Marshal Wellington Gaby, the temperance people wished to get axes and destroy the cases of beer, but the friends of Wesley Huffman, who has charge of the beer, threatened to start trouble, if the beer was molested. Royal Center is a "dry" town, and the feeling between the liberal element and the temperance people is very bitter. A riot was only prevented by counsel of Attorney James Fry and other heads.

The beer was consigned to A. J. Conn, a former saloon keeper, who keeps a restaurant.

After the two factions had faced each other for some time and almost come to blows, Huffman got a friend to hitch up his horses and the beer was removed to his home. His mother refused to let him store it in the cellar, so it was piled inside the fence.

Geo. Myers, an old time trapper and fisher, of Elwood, caught a fine specimen of the stork species, the only one ever seen alive there, and will send it to President Roosevelt.

One of the greatest novelties of the season is cloth for evening wear.

Michigan City's water supply is bad, according to a report just made by H. E. Barnard, chemist to the state board of health, and J. H. Brewster, water chemist in the state laboratory.

The fastest run ever made by a Baltimore & Ohio train for long distance was accomplished last week when a train carrying J. P. Green, first vice-president of the Pennsylvania and a director of the Baltimore & Ohio, was hauled from Chicago Junction to Pittsburgh, 147 miles in 150 minutes. For the distance this is held by motive power officials to be a speed record.

ANOTHER BIG FOOTBALL GAME

Rensselaer City Team is to Play Lowell Here Wednesday, Dec. 2. Lowell Will Bring Rooters Along.

Wednesday, Dec. 2, will be the 8th anniversary of the great football contest between Pat O'Dea's South Benders and the old guard that for many seasons kept the local goal line from being crossed by the enemy. It was the Monday after Thanksgiving, but it was the 2d of December. And strangely enough the 8th anniversary of that contest has been selected as the date for the game between the present Rensselaer city team and the Lowell Athletic Club.

For several years Rensselaer has organized a team annually for the express purpose of playing Lowell a game and Rensselaer has always either won or tied until this year when Bruce Hardy took a crowd of huskies to Lowell and got them flimmed to the tune of 15 to 4. Lowell gave our boys a fine reception, showed them a splendid time and didn't rub it in because they won the game, but they were mighty greatly tickled, for they were mighty greatly tickled, for though they had been striving year after year to get a team that would beat Lowell, even in their defeat so much, either, on account of the fact that the two towns have always maintained such friendly relations and if some one had to beat us we would sooner have it Lowell than any one else. Of the game the Lowell Tribune says in part:

Until Sunday Lowell has, on four different occasions, left the field the vanquished, while the bloody red and somber black of Rensselaer has been flaunted to the breeze, the victor. But Lowell's long sought

Beveridge Calls Bible Best All Round Book.

When in search of good matter turn to the bible.

When in need of hard, material advice on hard material subjects, turn to the bible.

When in search of exciting tales of battle, of love, of tales of the goodness of humanity, always turn to the bible. It contains all this and much more, according to United States Senator Albert J. Beveridge, of Indiana, who spoke on "The Bible as Good Reading" before the Chicago Sunday evening club last Sunday.

Every seat in the auditorium and on the stage was occupied when the evening services began.

No stories published in the magazines of today have such gripping interest as the stories in the bible," declared Senator Beveridge. "Purposely as a volume of entertainment I have often wondered that the bible is not more widely read. Like other gifts of God, it is so common that we fail to appreciate it."

Married at Methodist Parsonage.

Rev. H. L. Kildig performed a marriage ceremony at the parsonage Thanksgiving day, the principals being Mr. George Culp, of Monon and Miss Olive M. Osborne, daughter of Mr. and Mrs. John L. Osborne, of north of town.

Not While Taft is President.

Major Wheeler, a Union veteran and editor of the Lake County Star, has this to say of the proposition to pension ex-Confederate soldiers by the government:

"Many of the ex-Confederate soldiers in the South are signing a petition which will be presented to congress later on asking that they be pensioned the same as the Union soldiers, and give as reason that they have now been peaceable citizens under the stars and stripes for 43 years. They are supposed to need the pensions, but it would be funny for a government to pension men who fought four years to ruin the country, and then get paid for it by the nation."

Manual Training.

Manual training is gaining favor more and more in the public schools of Indiana. Gary, the working man's town, is well equipped for this, and is planning new improvements. Eighty-five cities and towns of Indiana have manual training in some form. Thirty-five have domestic science and are equipped for cooking. This is certainly taking a great step in favor of the working class, who have so often raised the objection that the High School course is not practical enough.

Depository Proposals January 4th

The law that provides for the deposit of public funds, also provides that depositories must be selected new every two years. The first selection of these depositories was made last December, and the next, according to law, must be made on Jan. 4, 1909, and thereafter every two years. County funds, city, town, township and school corporation funds must be provided with depositories on that day, and notice of the meeting to receive proposals must be given in newspapers at least 20 days before the 4th day of January. The notices should therefore, be published in the Republican not later than Dec. 11th. If trustees and others who are required to see that this notice is given will send us the names of the president and secretary of the advisory board and the place where the proposals will be accepted, we will see that the advertising is properly done.

Weak Kidneys Make Weak Bodies.

KIDNEY DISEASES CAUSE HALF THE COMMON ACHES AND ILLS OF RENNSSELAER PEOPLE.

As one weak link weakens a chain so weak kidneys weaken the whole body and hasten the final breaking down.

Overwork, strains, colds and other causes injure the kidneys, and when their activity is lessened the whole body suffers from the excess of uric poison circulated in the blood.

Aches and pains and languor and urinary ills come, and there is an ever-increasing tendency towards diabetes and fatal Bright's disease. There is no real help for the sufferer except kidney help.

Doan's Kidney Pills act directly on the kidneys and cure every kidney ill.

C. L. Westbrook, Broadway, Muncie, Ind., says: "Doan's Kidney Pills did me a great deal of good and I am glad to recommend them. My back was very lame and sharp pains would often dart across my loins. I could not rest well at night and had but little strength or energy. I noticed that the secretions from my kidneys were disordered and seeing Doan's Kidney Pills advertised for such complaints, I procured a box and began their use. They benefited me greatly and I have not been troubled in any way by my kidneys since."

Plenty more proof like this from Rensselaer people. Call at B. F. Fendig's drug store and ask what customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Beginning next month all employees of the Pennsylvania railroad company will be paid in cash. Circulars have been sent out to all employees explaining the new system of paying in cash and final arrangements for affecting the change were made at Philadelphia last week. It is also reported that the Baltimore & Ohio will abandon its present plan of giving checks instead of cash. The officials claim that the expenses are much heavier than under the cash system.

Don't forget the Christian church bazaar, the 4th and 5th of December.

NOTICE FOR PROPOSALS FOR DEPOSIT OF PUBLIC FUNDS.

Notice is hereby given that the Carpenter township Board of Finance of Jasper county, Indiana, will during the hours of 10 o'clock a. m. and 2 o'clock p. m. on the 4th day of January, 1909, at the trustees office in the town of Remington, county of Jasper and State of Indiana, receive written proposals from banks and trust companies, subject to examination by the State of Indiana or by the United States, and having their place of business in this State, for the receipt of a maximum amount of public funds on deposit, as provided for in an act of the General Assembly of Indiana, entitled "An act concerning public funds, their deposit and safe keeping and the collection of interest thereon; creating Boards of Finance and defining their powers, duties and procedure, prescribing punishment for violations, prescribing when said act shall take effect, and repealing laws in conflict," approved March 9, 1907, and being Chapter 222 of the Acts of 1907, page 391. Said funds to be deposited consist of public funds of Carpenter township, Jasper county, Indiana, proposals, personal and surety company bonds must be executed according to official forms prepared under the provisions of the above statute. Personal or surety company bond, or collateral bonds as security, must accompany proposals.
