ALL the Road and Bridge Tax and ONE-HALF of all other taxes make the FIRST INSTALLMENT and must be paid on or before the FIRST MONDAY IN MAY, 1909. ONE-HALF of all taxes, except Road and Bridges, constitute the SECOND INSTALLMENT, and must be paid on or before the FIRST MONDAY IN NOVEMBER, 1909. Failure to pay the First Installment when due makes both installments delinquent and attaches a penalty of 10 per cent to the full amount.

The Conditions Prevailing are such that the Treasurer Can Not make and hold Receipts for Anyone. PLEASE DO NOT ASK IT.

PROVISIONS OF LAW RELATING TO TAXATION.

"The owner of property on the first day of March of any year shall be liable for the taxes of that year. The purchaser on the first day of March shall be considered the owner on that day."

Purchasers of PERSONAL PROPERTY as well as Real Estate should remember that "TAXES FOLLOW PROPERTY when the taxes thereon remain unpaid."

"COUNTY ORDERS in favor of persons owing delinquent taxes can not be paid without settlement of taxes."

"It is the duty of the TAX PAYER to state definitely on what property he desires to pay taxes, in whose name assessed, and in what township or town it was assessed. THE TREASURER WILL NOT BE RESPONSIBLE for the penalties and charges resulting from taxpayer's omission to so state."

The Tax Duplicate for any year is made with reference to property on the first day of March of that year and remains unchanged for the year as to the showing of property, and in whose name assessed and taxed. Transfers after the first day of March of any year will never appear upon the Duplicate of that year's taxes.

Those who pay taxes of property in trust, and whose taxes are complicated, such as undivided estates, etc., should pay early enough to avoid the rush of the last days, as it requires time to make the divisions and separate receipts.

Road Receipts Must be Presented in Payment of First Installment.

The Annual Sale of Delinquent Lands and Lots will take place on the SECOND MONDAY OF FEBRUARY, 1909.

JESSE D. ALLMAN, Treasurer of Jasper County, Indiana.

GOOD COUGH MEDICINE FOR CHILDREN.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children and it has always given good satisfaction." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For Sale by B. F. Fendig.

The eighteen-months-old daughter of Mr. and Mrs. Samuel Steffen, who reside near Bluffton, met her death by falling on a piece of broken glass and cutting her jugular vein.

Every case of backache, weak back, bladder inflammation and rheumatic pains is dangerous if neglected, for such troubles are nearly always due to weak kidneys. Take DeWitt's Kidney and Bladder Pills. Prosperity at Monticello.

The Monticello Herald last week contained the following short paragraph:

"There is not at present a ground floor business room in town that can be rented for love nor money."

The item is important for two reasons. The first to support our contention that all towns that have freed themselves of saloons are more prosperous than during the saloon regime. The second to show what that town has accomplished since the factory was secured there.

Before a successful remonstrance was circulated Monticello had 7 saloons and there were a great many people who contended that there would always be 7 vacant business rooms after they were forced to retire. But Monticello like Rensselaer has outgrown such foolish notions and almost every man is willing to concede that Rensselaer is a better town for all legitimate lines of business than it was before the saloons were forced to abdicate. One man said one day recently that he only found one difficulty with the absence of saloons and that was that it was now almost impossible to hire a washer woman, the reason being that most of the women's husbands were now able to support them. The saloons have been out of Rensselaer a little more than two years, and since they went out many who at

first regretted to see them go have changed their minds and are glad of it. This change of mind not only includes totalitarians who would not sign a remonstrance for business reasons, but also moderate and immoderate drinkers who realize that they are personally better off. Abraham Leopold owned a business building that was occupied by a saloon and he regretted to lose a good tenant, but since the saloons went out he has built seven new cottages and has them all rented to good tenants, and his business rooms are now all occupied, and Mr. Leopold thinks Rensselaer better off without saloons, and looking at it from a selfish standpoint, he is glad they are no more. Recently a man paid him a bill that he had owed him for nine years. The man was a patron of the saloons and when they were here they got all of his money, but he was honest and when the saloons were gone he set about at hard work and he not only paid this outlawed bill, but he has given other evidences of rehabilitation.

Monticello has been rid of the saloons only a little over a year, and it is a better town than ever before, and every legitimate merchant will pronounce it so.

And Monticello is growing for another reason. Its citizens were not content to rest on their oars, and a little over a year ago they held a lot sale and secured money and located a factory. This factory now has

a weekly pay roll of \$500. And so well pleased are the business men and citizens of that town that they are after another factory or two right now.

Monticello has some natural advantages over Rensselaer. The magnificent Tippecanoe river is the principal advantage. But it is not so well situated as a trade center. It comes into competition with Delphi and Logansport, while there is no town as large as Rensselaer within 45 miles of it.

Rensselaer should not wait longer. Now is the time to hustle. Help start things right and help to keep them growing.

Rensselaer should double its population within five years if it uses all the energy that its citizens possess.
