

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. This theory was fed that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the good he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Piero's Golden Medical Discovery. It is an un-failing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Are Doctors Any Good?
Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently, trust him fully. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you. Ask your doctor. No alcohol in this cough medicine. J. C. Ayer Co., Lowell, Mass.

If we did not believe doctors endorsed Ayer's Pills for constipation, biliousness, sickness, headache, we would not offer them to you. Ask your own doctor about this.

In buying a cough medicine, don't be afraid to get Chamberlain's Cough Remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

"The Farmer's Daughter," a rural comedy of more than usual merit will be the attraction at the Ellis Theatre on Friday evening, August 6th. The play tells a pretty story of New England, and carries a deep and reverent moral lesson. It tells of the efforts of a beautiful young woman to right the wrong imposed upon her by a heartless man, and the trend of the story shows the outcast wandering among the bleak hills of social ostracism. "The Farmer's Daughter" is named as the successor of "The Old Homestead" and "Way Down East," and such it is, if popular approval counts for anything. It introduces two extremely clever and funny characters: "Hy" and "Thankful" are two farm hands whose love affairs run anything but smooth, "Hy" is bashful while "Thankful" is over-bold. "Thankful's" effort to force "Hy" to propose are said to give rise to some extremely ludicrous situations, and give the audience plenty of cause for the exercise of their risibles.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by all dealers.
