ASKS AID TO KEEP ASSOCIATED CHARITIES

Marvin Campbell Addresses Meeting Discussing Fate of Organization.

That there is a most urgent need in South Bend for some organized plan of conducting charities was the keynote of a speech made by Marvin Campbell at the luncheon Saturday noon at the Y. M. C. A. when the fate of the present Associated Charities was discussed.

More than 50 were present at the meeting and, although—as had been arranged previously—no pledges were made, promises were received of the support of a large number. There is not now a sufficient fund contributed to successfully conduct the organization and it is asserted that considerable more must be given if the organization is maintained.

It was the general opinion of those present that the organization should be maintained although some effort must be made to get added support if it is conducted successfully. That the present quarters in the two story building on W. Jefferson blvd. are inadequate was the consensus of opinion and some plan will be made for their enlarging.

The fact that the room occupied by the organization is on the second floor was considered as an unfavorable condition. It was decided that some building should be secured where the organization could be located in a conspicuous place, so that it could be easily found.

"There is considerable disposition on the part of outsiders to say that the administration expense is too great," said Mr. Campbell. "We have minimized the expenditures for this department of the work and are certain that what appropriation is made for it is necessary. The fund contributed however, is so small each year that after the expense of maintaining the administrative department has been met, there is but little to be used for other purposes."

"Salary is small. It is necessary that an administrative department be maintained as through it the work is done and it is bound to be an expense. The salary received by Miss Campbell is as small as compared with that received by secretaries of other similar organizations. For 10 years Mrs. Frank Dunnahoo has acted as treasurer and during that time has worked without compensation. South Bend owes her much for her services have been most commendable."

"The organization has done much for the city through the efforts of these two and many other people. Numbers of families have been helped." Mr. Campbell then enumerated the special things done by the organization citing cases where many had been aided. In closing he made an appeal that the organization be supported more firmly.

He was chairman of the committee in charge. Pledge cards were distributed among those present which they were requested to send back to the organization at their leisure. Talks were made by each of the committee men. On the committee are: George U. Bingham, L. P. Hardy, W. O. Davies, T. E. Howard, U. G. Manning, Richard Elbel and Arthur L. Hubbard.
