COUNTRY FAIR GIVES SUGGESTION FOR TEXT

Draws Parallel Between Earthly and Spiritual Harvest—
Rev. A. B. Whitney at Baptist Church.

Suggested by the country fair of the past week, Rev. A. B. Whitney of the First Baptist church Sunday evening took for his topic "Three Great Festivals" using for his text "The harvest of the earth is ripe."

"It is good to enjoy the fruit of our labors and to note what others have done; so we have had our harvest festival; and so, in this day and land, we repeat customs centuries old and nations wide. The Rome of arms, law and dominions had its autumn festival; and the Greece of art, culture and beauty, its harvest home in the days of the Iliad; but the Hebrew festivals were prominently religious, those of the passover, pentecost and tabernacles."

"These three have an historic basis. The passover, with Egyptian exodus, pentecost, the nation's birthday at Sinai; and tabernacles, the wilderness sojourn. They have also prophetic import—the passover pointing to the sacrifice on the cross, pentecost, the coming of the Holy Spirit, and tabernacles, to the indwelling of Christ."

"There is a Christian fulfillment in personal experience, and in the same order the savior in our daily life, the spirit in our heart and the harvest home of heaven in the end with the Father, a rounded knowledge of the Trinity. It all means that the Christian life must be a fruitful one, with beginning, then ripeness, and then eternal ingathering. More than this, it defines Christian character with the threefold element of sympathy with suffering, spiritual power, and genuine gladness. The ways of God's purposes of love converge at the cross and radiate from it; but to know the power of God's grace, we must know the meaning of Christ's sacrifice for us."

"Wise are we if we make the inward festival of our lives, the true life, and find their festival spirit allied with the Christian's hope. Then, when the harvest of the earth is ripe, it shall be eternally well with us."

EXHIBITORS REMEMBER ORPHANS AND THE SICK

The orphans' home and the St. Joseph's hospital, Mishawaka, were kindly remembered by the exhibitors at the fair just closed, when on Sunday a tray load of prize vegetables, fruits, jellies, jams, cakes, etc., was sent to the former, and an immense hamper to the hospital filled to the brim with such things as will no doubt prove acceptable to the inmates of these two institutions. Messrs. Fred Zimmerman, H. C. Zimmerman, and Dick Borden looked after the delivery of articles. The suggestion to donate such exhibits as the owners felt like contributing to such a good cause, was first brought up at one of the meetings by A. E. Kuhn and was most generously acted upon by the exhibitors.

HOOK AND LADDER TRUCK HITS KAMM LIMOUSINE

Sparks from the fire works Saturday night at the north side fair display set fire to the roof of the Purdy residence at the corner of Sarah and Lawrence streets. The fire was first noticed by the building from any great damage. Only a few shingles were burned. In the run to the north side the beautiful limousine of Rudolph Kamm of this city was struck by the big hook and ladder truck of Central just on the hill. Owing to the crowded condition of traffic on N. Main st. at that point the accident was almost avoidable. The machine was damaged to the extent of a mangled fender and tail light.

DECIDE ON 1915 FAIR WILL LAST SIX DAYS

Sept. 20 to 26 Fixed at Meeting Saturday Night—Scope Will Be Enlarged—Same Committee Retained.

Mishawaka is to have its second country fair next year for which the dates were fixed at a meeting of the north side merchants late Saturday night. The fair will last six days and will be held the week of September 20-26.

Impressed by the success which attended the event of the past week no time was lost in deciding on plans for next year. There will be no formal meetings for some months as yet, but in the meantime tentative plans will be formulated at informal meetings which will be held on the north side from time to time during the winter months.

At the meeting Saturday night the feeling among the merchants was unanimous for another celebration next year, even a more generous scale. Entries will be confined to St. Joseph county, it being felt that there is sufficient enterprise among the farming community around Mishawaka and South Bend to draw even larger entries than was sent in this year. It has also been demonstrated to the committee that the farmers of this section have the exhibits to make their fair a more attractive one, and that, given plenty of time to prepare their displays in live stock and products of the farm, they will assist in making next year's fair even a greater success than the one of last week.

In the meantime efforts will be made to secure commodious grounds which will undoubtedly be required, and with this object in view the committee which had the arrangements of this year's entertainment in hand, will be continued with Ed Went as chairman.

It is already planned to make the prize list of the 1915 exhibition even of greater attractiveness than this year's, and the scope of the exhibits will be very much enlarged.

He was seriously burned below the eye and about the cheek. The wound was attended by a physician.

FEW PEN SENSATIONS AT ALLEYS LAST WEEK

North Side Country Fair Was Truly the Big Feature of Mishawaka the Past Seven Days—Teams Bowling Well.

There was very little of the sensational during the past week at the Ellsasser alleys in the bowling efforts of the various leagues. It is apparent that all the sensation deserted the south side last week for the big north side fair. However, the bowling was rolled with schedules and several teams are still holding big leads. For instance in the City league the Rubbercos have won 11 games and lost only one. It seems as if this team has attained a start which will make it difficult for any other in the league to overcome. Other teams are doing equally as well in the other leagues and the race for pennant places this season will be exceptionally strong.

The following are the schedules for this week:

CITY LEAGUE.

CENTRAL DEPARTMENT MAKES FAST RUN

Many Mishawakans and visitors at the north side fair Saturday afternoon who witnessed the exhibition run of the fire department are under the impression that the department at Central left their station when the warning whistle was blown. This, however, was not the case. The whistle was blown for the purpose of warning the police and others to clear the streets for the run and was five minutes ahead of the firemen leaving the station.

The Central made a splendid run to the corner of Grove and Main st. and made connections, having a stream of water started in 2.1. This is considered good time considering the great crowds and pouring rain when the run was made.

At the second general meeting of the Mishawaka Women's club Saturday afternoon Rev. Loren M. Edwards, pastor of the Methodist Memorial church of this city was the speaker. He used for his subject "Culture and Character." The meeting was exceptionally well attended considering the inclemency of the weather.

PREMONAS WIN GAME FROM LAPORTE SQUAD

Culp, Duffy, Lidecker and Raab Star in Sunday's Contest—Score Ends Twenty-seven to Six.

The Premona football team added another victory to their well started string, defeating Laporte Sunday afternoon on the north side grounds by the score of 27 to 6. The play was brilliant and replete with sensational passes and runs. Every member of the Mishawaka aggregation played stellar football. "Bobbie" Culp distinguished himself by his generalship, passing and running. Duffy, Lidecker, B. Raab and Paul also shone.

The game started with Mishawaka kicking to Laporte but the Premonas soon gained possession of the ball and came near scoring a couple of times in the early part of the quarter. The quarter ended with the ball in Mishawaka's hands on Laporte's 16 yard line.

The second quarter began with a fumble by Mishawaka and Laporte recovered the ball only to lose it to the next play by the same method. Duffy circled right end for the first touchdown; he failed to make goal.

Mishawaka kicked off to Laporte's 10 yard line and the ball was returned only ten yards, where the runner was tackled by Lidecker. Laporte was held for downs and kicked to Culp who gave a fine exhibition of broken field running. Culp passed to B. Raab from Laporte's 40 yard line making 20 yards. Lidecker who was now playing tackle carried the ball on a tackle around play to Laporte's 10 yard line. Duffy went around right end for a touchdown. Raab kicked goal.

The final portion of this quarter Laporte made her only play with the semblance of the possibility of a score, a long pass and a nice run netting about thirty yards. She made thirty yards but the ball was recovered by a fumble by both sides. Mishawaka carried the ball to Laporte's 10 yard line, by a series of line plunges and delayed pass. From this point Lidecker carried it over. B. Raab made the goal.

At this juncture of the game Paul began a distinguished himself with spectacular plays. He made thirty yards on a delayed pass and immediately carried it 17 more to Laporte's 5 yard line on the next play. The quarter ended here with the ball in Mishawaka's possession on fourth down with four to go.

Laporte held for downs at the beginning of the last quarter and kicked to Duffy on their own 22 yard line. He fumbled but the ball was recovered. A pass failed, B. Raab made the distance around right end. Laporte held for downs and kicked to Duffy, who made 20 yards on the next play, around left end and then made 20 more around right end. Paul carried it over. B. Raab kicked goal for the 27th and last counter of the game.

The time was too short for any more scoring but Mishawaka carried the ball almost the entire length of the field in the three minutes remaining to play.

The game closed leaving the large assembly of spectators satisfied that Mishawaka has a real football team. The lineup.

REV. ORMOND PREACHES TEMPERANCE SERMON

Temperance sermons were preached by several of the ministers Sunday in connection with the campaign now being waged throughout the country. Rev. A. C. Ormond, pastor of the First Presbyterian church, prefaced his remarks by saying that vigilance was needed to keep our example and our influence pure. No person could neglect his personal conduct and fail to suffer for it. The eye of God is upon us and sees all; so the eyes of the world see all God sees the exact truth of our conduct at the world sees only the appearance. Side stepping is dangerous to one who walks in the narrow way. In conclusion Mr. Ormond told the large congregation that the assistance might be a determining factor in the success or failure of this campaign that is now on for the betterment of the county or state.

PARK BEAUTIES TO BE GIVEN TREATMENT

Owing to Monday being a legal holiday, little business was transacted by the board of public works Monday morning. All matters requiring legal action were postponed to an adjourned meeting of the board to be held Tuesday night.

City Street Commissioner Charles W. Doolittle reported that he and Elmer D. Noy had examined the trees in Battell, Merrifield and Baker parks and recommended that the necessary treatments be given.

The cost of the work for the 15 trees at Battell park would be \$60, and Merrifield park \$35. The matter was referred to Commissioner Doolittle.

City Supt. Kline of the water and electric department, made a report in regard to the matter of readjustment of rates charged to the Lake Shore and Grand Trunk railways for crossing lights. Final action was deferred another week.
