## MUCH GOOD DONE IN THE PAST YEAR

Children's Dispensary Has Made Place For Itself Among the Needy and is Deserving of Liberal Donations.

That much work has been accomplished by the Children's Dispensary association during the past year was shown by the report of Miss Olive Bailey, the dispensary nurse, at a meeting of the association held in the Chamber of Commerce quarters Wednesday afternoon. Figures proving that the number of cases has more than doubled and amount of milk distributed has more than tripled, were presented by Miss Bailey who has been engaged continually among the needy who have come to the attention of the association.

Miss Bailey reported that Sept. 1, 1912, to Sept. 1, 1913, 90 new cases were taken up by the association and that during the same period from 1913 until Sept. 1, 1914, 226 new cases were cared for. During July and August of 1913, 544 quarts of milk were bought by the organization, while during the same period of this year 1,647 quarts were purchased and distributed. During September, 19 new cases were reported, 10 of these being among Hungarian families.

Plans are being made for a campaign to raise funds to continue the work of the association during the winter, as it is felt that it will be needed. A meeting of the finance committee is expected to be held soon when definite plans will be laid for the campaign. Officers for the coming year will be elected at the meeting of the association in November. Miss Bailey was given a month's vacation by the association because of the heavy work she has been doing during the summer. The association has been unable to secure an assistant for the nurse and she has been compelled to attend to all cases alone. Mrs. E. G. Ketting, president of the association, presided at the Wednesday meeting.

## PARTY'S RECORD SHOWS RESULTS

Dan Pyle Speaks at Granger and Praises Accomplishments of National and State Administrations.

Citing the accomplishments of Pres't Wilson, Sec'y Bryan and the last state legislature as a basis for confidence and faith in the principles of the democratic party, Dan Pyle opened the democratic campaign in St. Joseph county Wednesday at Granger with a multitude of convincing facts as proof for the successful administration of affairs during the past two years. Although the night was disagreeable on account of the rain there was a good attendance. Several candidates for state and county officers from South Bend accompanied Mr. Pyle and participated in the initial meeting of the fall campaign.

In his speech Mr. Pyle took up the work accomplished by the Wilson administration during the past two years. The tariff bill, the income tax, the currency and banking laws, further limitation of trusts and big corporations, the handling of the delicate Mexican situation, and numerous problems which have confronted the administration were taken up by Mr. Pyle, who showed the successful results of the administration. He declared that Pres't Wilson prevented a money stringency in the United States when the European war threatened to bring about a panic through his new currency laws and his methods of coping with the situation in a masterful manner.

Sen. Benjamin F. Shively, candidate for reelection to office and Congressman Henry A. Barnhart, also a nominee for reelection from the 13th district were endorsed by Mr. Pyle who gave illustrations of the good they have accomplished in the national legislative body. In referring to the situation in Indiana Mr. Pyle declared that the democratic party has been unjustly attacked, asserting that the last legislature accomplished much for the welfare of the citizens, citing the public utilities act and a number of other works done by the body which have proved beneficial. The speaker said that it was admitted that the present state administration had expended a great deal of money during the time it has been in office, but that this was necessary and for economic purposes which shows, and will show profitable results. He urged the election of a democratic assembly and faith in the democratic party. He recognized the independent branch of the party by stating that these men should help the regular party clean itself of the things they find objectionable.

Every vote was urged by Mr. Pyle to give some expression upon the constitutional convention and centennial celebration issues which will be before the voters at the coming election. He laid stress upon this point, stating that the voters should vote one way or the other upon the question.

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2½ ounces Pinex (50 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. ## You Smoke a "Better" Tobacco—Why Not Smoke The Best?

THE tobacco you now smoke you consider "better tobacco than you ever smoked before." Naturally, you kept trying until you found a "better" one.

But it stands to reason that since there is a difference in tobaccos, you may be missing still greater pleasure in a still better smoke—in the BEST smoke, in fact.

Tuxedo is the best smoke because no better tobacco leaf grows, and no process of treating tobacco leaf equals the original "Tuxedo Process."

## Tuxedo

The Perfect Tobacco for Pipe and Cigarette

We know that Tuxedo is made of the BEST tobacco—rich, mellow, perfectly aged Kentucky Burley. None better can be bought, because none better is grown.

It is treated by the famous original "Tuxedo Process" for removing the sting and bite of the natural vegetable oils.

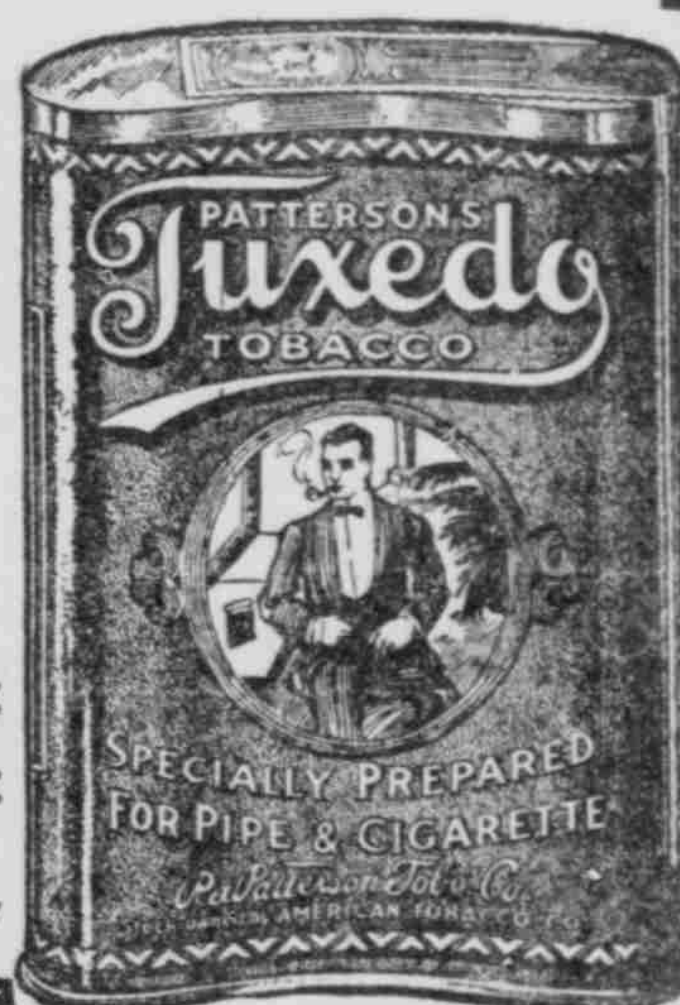

Tuxedo was born in 1904. Its first imitator appeared two years later. Since then a host of imitations have sprung up.

No other tobacco can give the unique pleasure of Tuxedo because no other maker has yet been able to equal the Tuxedo quality.
